Economic Council's Top Goal: Volkswagen Plant For Michigan

By MICHAEL GRACEY

Associated Press Writer

DETROIT (AP) — Convincing Volkswagen to open a car factory in Michigan should be a prime goal of state officials, says a blue ribbon panel trying to bolster Michigan's sagging economy.

The Michigan Economic Ac-

tion Council said Wednesday a VW plant in Michigan would result in "thousands of jobs for the state."

"We want to leave no stone unturned to make sure that Volkswagen will come to Michigan," said W. Michael Blumenthal, council chairman.

Blumenthal, president of

Bendix Corp., said persuading VW "requires a sustained effort of all people in this state in order to show them (VW) that this is a good environment to work in and to maximize the chances that they will locate here."

The Volkswagen recommen-

dation is one of 20 short-term

recommendations proposed unanimously by the 20-member panel of Michigan's top business, education and labor leaders. A list of long-term suggestions is to be released early next year.

Other recommendations include a call for the governor and legislative leaders to name

by Sept. 28 "a senior executive" to ensure the implementation of as many as possible of the panel's requests.

Blumenthal said he was confident appointment of the executive would not become a political issue. He added that the council would not recommend a person to fill the job.

Other recommendations included in the report were calls for:

—Greater use of available federal public works funds;

—Continued state effort toward easing auto industry emissions standards;

—Elimination of the excise tax on trucks;

—Boosting recreation and tourism in Michigan;

—Restructuring utility rates;

—Opposition to railroad abandonment.

Blumenthal indicated that revival of the auto industry, which is trying to climb out of its worst slump since World War II, is a key concern of the panel.

"Only through higher sales can employment be stimulated," he said.

The report suggests state and auto industry leaders "impress upon the U.S. Congress the urgent need for a moratorium until 1980 on further changes in automotive emissions standards beyond those in effect for 1975."

The report says maintaining present standards will allow the

GIVING FIRST REPORT: W. Michael Blumenthal, chairman of Michigan Economic Action Council, gestures during Wednesday news conference at Wayne State University. Group made public its first report, and stated that its recommendations would create "substantial number" of new jobs in Michigan. Blumenthal is chairman of Bendix Corp., which has a plant south of St. Joseph. (AP Wirephoto)

Safer State Travel Seen

DEARBORN, Mich. (AP) —

Michigan could have the safest Labor Day weekend in 16 years if recent highway driving trends continue, according to the Automobile Club of Michigan.

"Traffic fatalities in Michigan are down nearly 9 per cent for the first seven months of this year compared to the same period of 1974, and 33 per cent below 1973," said James Moffat, general manager of the auto club.

During the three-day July 4 weekend, Moffat said, the best safety record in the last decade was set.

"If motorists drive over the 78-hour Labor Day holiday the same way they have all year, especially during July 4, then Michigan should be one of the nation's safest states for travel this holiday," he said.

Twenty-five persons died on Michigan roads last Labor Day weekend and 33 persons were killed in 1973. The last time fewer than 34 persons were killed during the holiday weekend was in 1969, when 19 persons were killed.

The auto club also said state campgrounds are expected to be jammed this weekend and campers without reservations will have a hard time finding an empty site at Lower Michigan state parks.

The club said campers who want a state park campsite after Saturday morning should check Upper Peninsula sites, where 10 of 19 parks should have space.

Only six of 53 Lower Peninsula state parks are expected to have vacancies by Saturday, the auto club said. Those camps are Pontiac Lake, Island Lake, Sterling, Aloha, Osage and Young.

Private campgrounds and state and national forest units throughout the state are expected to accommodate the overflow from state parks during the three-day Labor Day weekend, the club said.

Labor Day Travel Is Expensive

DEARBORN, Mich. (AP) — Michigan motorists will pay the highest average price for regular gasoline ever over the Labor Day weekend, according to a survey by the Automobile Club of Michigan.

Regular gasoline along the state's major highways is being sold for an average of 62.3 cents per gallon, the survey showed. The price was one-tenth of a cent higher than the previous record set July 8.

A separate survey of Detroit area stations showed regular fuel priced at 60.9 cent a gallon, three-tenths of a cent above the record set last week.

HUTZINGER, NO. 7 IRON, AND TROPHY

Golfer Bags Salmon With Trusty 7 Iron

GRAND RAPIDS, Mich. (AP) — The Michigan Department of Natural Resources says a golfer definitely was out of bounds when he collected a 29-pound salmon with his trusty No. 7 iron. Arnold Hutzinger of Grand Rapids said he clubbed the chinook salmon Tuesday after spotting it while golfing at the L.E. Kaufman Golf Course. Two companions blocked the salmon's advance up Buck Creek, a salmon spawning stream, with their clubs while Hutzinger said he slipped into the creek behind the fish. "We were so startled and we never really thought I'd get him," Hutzinger said after finishing his round with a 46 for the final nine. "It never dawned on me there were rules. The whole thing was so crazy." But John Trimmerberger, district fisheries supervisor for the DNR, was not amused. "You can't take a fish that way. Some can be speared but none can be taken by hand or with clubs, any kind of club. Depending on the judge, a person caught for doing this could be fined up to \$100 and get 90 days in jail," Trimmerberger said. He added the DNR is investigating the incident.

Oregon Hepatitis Cases Rise; 5,000 Cafe Patrons Warned

PORTLAND, Ore. (AP) — The number of confirmed or suspected cases of infectious hepatitis among employees and

patrons of two Portland restaurants climbed from 22 to 41 today, and authorities continued inoculations in an effort to

prevent a possible epidemic. Meanwhile, health officials and the operators of both restaurants denied charges that the outbreak was covered up.

Multnomah County health officials said Wednesday that as many as 5,000 persons who patronized the Hungry Horse and Oliver's Posh London Pub between July 10, when the spread of the illness apparently started, until Aug. 22 when the restaurants voluntarily closed

Detroit's Trip Proves Expensive

A Detroit, Theodore Royal, was ordered to pay fine and costs of \$31 in Berrien Fifth District court Wednesday for transporting liquor without paying the state tax.

Royal was accused of transporting 40 bottles of gin, vodka, whiskey, rum, scotch and cognac in Benton township Aug. 17.

State police of the Benton Harbor post, who had stopped Royal for a traffic violation, reported the liquor had been purchased in Chicago.

Royal won't even get the booze back. Valued at \$410 retail in Illinois, it is confiscated and — after an appeal period — will be turned over to the Michigan Liquor Control Commission for tax stamping and resale, said Sgt. Jerry Hyland of the Benton Harbor post.

DETROIT (AP) — An attorney for James Hoffa's foster son, Charles O'Brien, says a report police dogs uncovered the scent of the missing ex-Teamsters boss in a car O'Brien used the day Hoffa disappeared is not a "meaningful development."

"I find it difficult to believe it's of any real significance," said James Burdick.

"If that's the case, why haven't they arrested Mr. O'Brien?" asked Burdick.

"That's really stretching things. How reliable can dogs be? What indication is there that Hoffa was in the car that day?" he asked, referring to July 30, the day Hoffa disappeared.

The Detroit Free Press reported in a copyrighted story in today's editions that tests by experts using trained dogs have led federal officials to believe

that Hoffa had recently been in the back seat and trunk of a car owned by Joseph Giacalone, 29, son of reputed Mafia figure Anthony "Tony Jack" Giacalone.

The car was borrowed by O'Brien on July 30, the day Hoffa disappeared, according to O'Brien and Joseph Giacalone.

O'Brien has been a central figure in the investigation and was subpoenaed Tuesday to appear before a federal grand jury

in Detroit Sept. 3. About 70 other persons also have been called to testify.

(Anthony) Giacalone and Mr. Hoffa have long been intimate. Any connection between the Giacalone car and Mr. Hoffa would not be untoward," Burdick said.

"The Justice Department doesn't release significant information,"

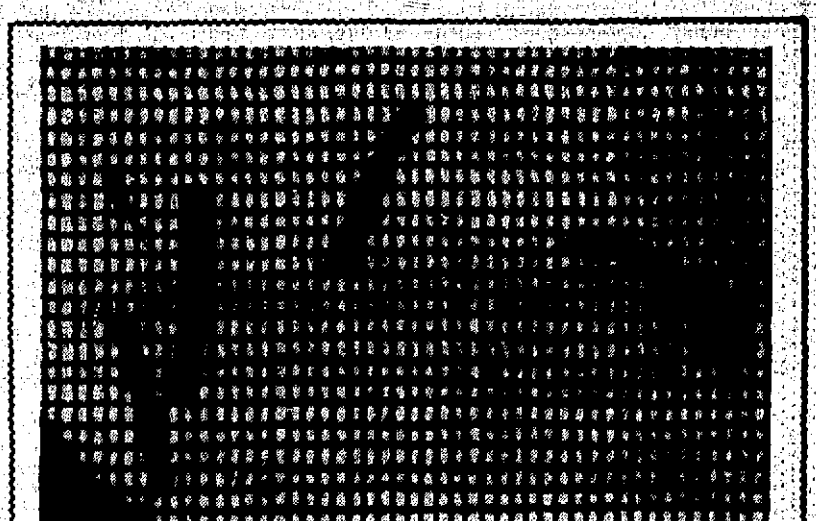

Neither O'Brien nor Giacalone could be reached for comment.

An FBI spokesman told The Associated Press Wednesday the agency could not comment on the report of evidence turned up by the tracking dogs.

"The grand jury is coming up. The FBI has used tracking dogs in other cases," the spokesman said.

FBI agents confiscated the younger Giacalone's 1975 Mercury on Aug. 9 to test a state on

MILLIPEDES WIGGLE ACROSS SCREEN DOOR

Hoosier Town Battles Leggy Insect Invader

FLOYDS KNOBS, Ind. (AP) — Millions of millipedes have invaded Floyds Knobs, crunching underfoot and forcing residents into an almost military defense of their homes. The many-footed insects appeared two months ago, crawling out of the wooded hills that gave this Indiana community of 375 its name. It got so bad that one resident, Thomas Pickett, said he could look up from his dinner table and see them on the ceiling.

There have been no injuries or damage. The insects feed on decaying matter such as dead leaves and bark and neither bite nor sting. The worst infestation has been around a dozen homes nestled at the foot of the hills. Residents have dug trenches around the homes, filling the ditches with turpentine, oil and kerosene. The mixture doesn't kill the millipedes, but it keeps them from trespassing.

Ray Seibert, Floyd County farm extension agent, said insecticide spray is effective,

"but of course you kill them and the next day the replacements arrive." Dr. John Keithley, head of the insect division of Chicago's Field Museum of Natural History, said the millipedes probably are searching for moisture and food. Keithley said they survived a mild winter, and the hot and dry summer apparently drew them out of their natural habitats beneath logs and forest litter. They will probably die of starvation during the winter, he added.

The insects, up to an inch long, come out at night, when the ground and the air is cool. "They move on mounds, in groups, and just millions of them," Pickett said. "They cover the highways, just millions of them." "One night my neighbor's pickup truck just spun on the roadway because he couldn't get any traction because of them," he added. "I'm just glad now I've got aluminum siding on my house. It's just too sick for them. I put another coat of paint on the bed post, too, so they can't crawl up there."

When it left to me to decide whether we should have government without newspapers or newspapers without government, I should not hesitate to prefer the latter. — Thomas Jefferson.

Squealing On Shoplifters One Way To Cut Prices

Despite a policy of prosecuting offenders by many stores, and sharply improved detection systems, shoplifting continues to tax both the merchant and the consumer. Last year, according to estimates by the U.S. Department of Commerce, thieves stole \$4.8 billion worth of merchandise from the nation's stores. That is equivalent to an average of 2 percent of their total sales.

Shoplifting has increased more than 70 percent in the last five years, the department estimates. That growth record makes it one of the more costly

crimes. In addition to the theft losses, merchants spend another \$2 billion each year on closed-circuit monitors, guards and other protective devices.

Merchandise theft represents added costs to the consumer and lost sales to the merchant. It may require \$50 in new sales to replace the profit lost when a \$1 item is stolen in a store with a closed profit margin.

So, if you suspect someone is shoplifting, quietly tell the nearest clerk. If enough people do so, we'll all save money — except the shoplifters.

One Reason Some Kids Dislike Going To School

Not many children look forward to the end of summer vacations and the reopening of classrooms with pleasure, but for some the beginning of school holds special terror. They are the students among many thousands for whom the classroom has become a jungle of crime, intimidation and threat by fellow students.

School crime is one of those areas of criminal activity which shows only the tip of the iceberg to the public. It isn't that most schools attempt to play down criminal activities within their walls, although some do. But even when administrators take steps to deal

with it, frequently it is not a well publicized event.

A few months ago before hearings held by the State Juvenile Delinquency Subcommittee, it was revealed that a survey of 516 public elementary and secondary school districts across the United States found 69,000 teachers were attacked by students during the 1972-1973 school year, and 100 students were murdered.

That explains why some people have come to look upon schools as dangerous institutions.

Who Owns Official Records In Private Form?

There is no question that if the Secretary of Agriculture pens a memorandum to the Secretary of the Treasury that in Agriculture's judgment subsidy payments should not be fully reportable for tax purposes the document belongs to the government.

However dubious Agriculture's opinion may be, it is an expression by a member of the government on a public policy matter and as such belongs in the public domain.

Watergate has spawned a controversy over who owns the tapes and documents compiled at the White House concerning the greatest political misdeed since Alexander Hamilton accepted the challenge of Aaron Burr, a crack pistol shot, to duel.

Prior to Nixon's feud with the two Congressional Watergate committees, nobody gave a thought to a retired President, general or statesman earning a tidy sum through publishing his memoirs. Though his recollections would be valueless except as his tenure in office made them possible, such authorship never came under question. Some Democrats howled when a complaisant Congress gave Eisenhower the tax break of a capital gain rather than taxation on normal income for the half-million-dollar royalty derived from his "Crusade In Europe," but did not challenge the

publication propriety itself.

Last year Congress thought it resolved the Watergate materials dispute by its Presidential Recordings and Materials Act. The statute asserts possession and control in the government but leaves outright ownership up in the air.

In a subsequent suit between Nixon and the government to construe the statute, Judge Charles R. Richey of the District of Columbia federal district court split the question even further.

He ruled that materials compiled in the Executive Office are subject to scrutiny under the Freedom of Information Act, that those put together in the White House office are not.

The difference in his view is the Executive Office being the Presidential working domain whereas the White House office is the same as private sanctuary found in any home.

Nonetheless, he went on to say that the materials, wherever assembled, belong to the government.

A few days ago Nixon concluded a deal with David Frost, the British television entrepreneur, to tape his version of the Watergate affair for serialized broadcasting at a royalty expected to produce several hundred thousands of dollars. CBS and NBC discussed and rejected similar deals as potentially overheated potatoes.

Except as the Justice Department might be able to upset the Nixon-Frost contract, the anomaly is presented of Judge Richey's decision forcing Nixon to hand over his personal diary written, throughout his Presidency, but through drawing on his memory, publishing the identical story for a profit.

The historian and biographer, Arthur Schlesinger, Jr., never noted for his adoration of any President except John F. Kennedy, correctly feels there are too many holes left uncovered.

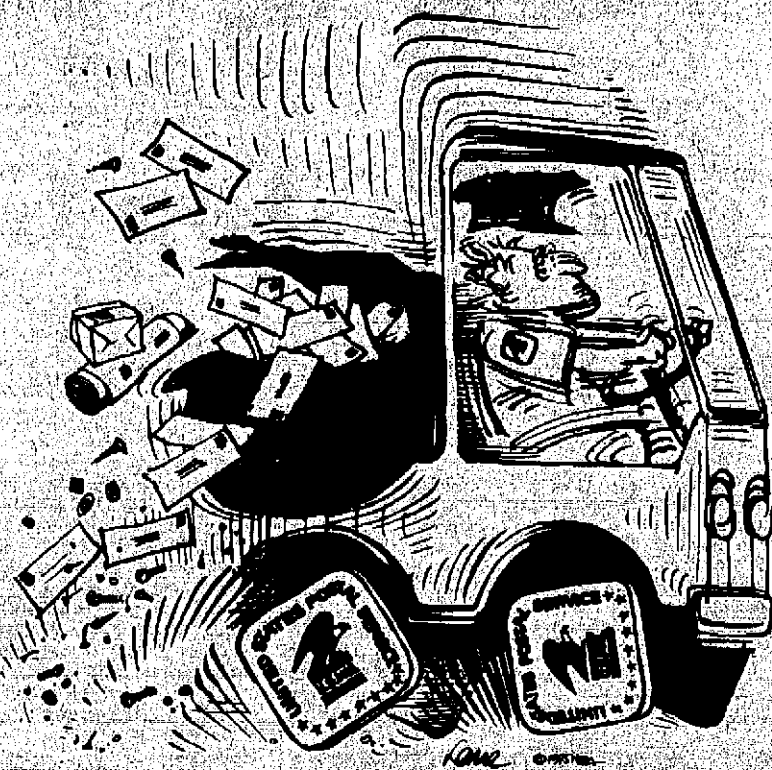

Keeping a Presidential diary is not essential to the public business, but cloaking it in public ownership can discourage the ultimate disclosure of information valuable to future Administrations and historians.

Schlesinger would concede title to the diarist but require its information to be available to the public at no charge.

The President or his heirs could sell the physical material as a collector's item, but the contents would not be exclusive to him or his descendants.

The report drawn from official endeavors should be treated differently than if Liz Taylor decided to write a book on "My Life With Richard Burton."

'Neither Snow, Nor Rain, Nor . . .

EDITOR'S MAILBAG

AGAINST BUILDING NEW SCHOOL

Editor,

Outgoing board superintendent, J. Cairn, of R.V. school, is urging passage of a \$4,475,000 school construction bond issue, scheduled to be on the ballot of Sept. 8. Do we really need another school? Are they figuring on a population increase? That we most certainly don't need. Building a school for 600 more youngsters, at a price of \$4 1/2 million, when inflation is mounting instead of decreasing, and with labor and material sky-high and out of hand, what are we thinking of? Why not fix up New Troy and Three Oaks schools for that \$11 1/2 million? It would be good for 25 years to come, according to the article of Aug. 14 in the New Buffalo Times. Do we have to think 50 years ahead? We are not that hard-up for space. I don't think there are children around to fill four schools. Most likely New Troy and Three Oaks schools would be abandoned if the new school would be built. Vandals would break all the windows and doors in the building and it would be a headache to all taxpayers. Spending taxpayers' money, like it is out of style, is no solution for inflation. Instead, let's do the best we can,

with what we have. We can get along. What's more important is good teaching.

The way things are going, all around us, demanding more and more all the time, strikes to no end and prices up and up, inflation will be with us for a long long time.

Voters, anyway you vote, be sure to vote!

Mrs. Ed Pearson
Box 7
Harbert.

VO-ED DIRECTOR EXPRESSES APPRECIATION

Editor,

I would like to express my appreciation to the businessmen in this area for their support and cooperation in the Vocational Educational Education Program operating in the local schools.

Community support is essential for good school programs. As a Vocational Administrator, I have learned to appreciate the need for advisors from our communities. These advisors help us deliver the programs which will fill the needs of students and provide the community with well trained manpower.

One program which requires more support than most of the others is the Building Construc-

tion Program. With the many different areas of technical competence required to build a quality home, we must rely on the experience and know-how of a great number of local people. These people give freely and enthusiastically of their time and efforts. Each member of our committee is willing to help because they believe in our young people and feel the program will make the students better citizens. It is this dedication and support I wish to thank them for publicly.

For some of our advisors the support is more than time and effort. In 1970 the Peoples Savings Association offered to support the beginning of the building construction program in St. Joseph by providing interest free monies for a construction loan. Because of their initiative, over one hundred seventy young people in the schools I work for have been able to have the experience of building a home. Now, other financial institutions are willing to add the program with interest free capital. The Bank of Three Oaks provided money for two projects, one in Three Oaks and one in New Buffalo. This year Farmers and Merchants National Bank will supply the funds for the home being built in Bridgman.

These businesses are willing to invest in our young people because they care. So in behalf of the students and the schools, I would like to wholeheartedly say "thank you" to these businesses and the many others who help each year.

William L. Weirick
Shared-Time Director
Vocational Education

Alioto Calls For Anti-Strike Law

NEW YORK (AP) — San Francisco Mayor Joseph Alioto has called for passage of a California state law that would prohibit strikes by uniformed services such as police and firemen.

Emerging from a meeting Wednesday with New York City's Mayor Abraham D. Beame, Alioto defended his invoking of emergency powers to end a strike by police and firemen in his city.

Ray Cromley

U.S. Wasting N-Plant Waste

WASHINGTON — Looking down the pike, perhaps the most serious environmental problem facing this nation — and the world — is disposal of radioactive waste. As more reactors are built and more electric power produced, the amount of this dangerous material which must be stored for thousands of years staggers the imagination.

One would think that rational men would be putting a major effort into imaginative proposals for detoxifying the waste, reducing the amount to be handled or in finding controlled uses for the material.

The effort, however, has so far been trivial. The attitude in the executive circles which make the decisions is to dispose of the waste, and the problem by hiding, forgetting that over the long haul, this is an impossibility, unless we ship the stuff to the moon and dump it, which would be a crime in itself.

There are, however, practical avenues open for solving the problem.

It has now become theoretically possible with the proper use of lasers, to separate one isotope from another relatively cheaply. It should be possible, therefore, with some research, to develop simple, economical ways to separate the dangerous radioactive material in the waste of nuclear power plants from the vastly larger body of material with which it is mixed, thereby reducing the amount of matter which must be safely and expensively stored by 90 to 95 per cent or more. This step alone could make the waste manageable.

But the search for solutions should not end there. Radioactive isotopes have a wide range of established uses in industry, medicine, agriculture and research. It would be well worthwhile to spend an extraordinary amount of time and effort — involving some of this country's top scientific brains —

on finding large-scale uses for particular radioactive isotopes in nuclear waste. The waste might be disposed of at a profit, or at a minimal loss.

There are other possibilities which promise partial solutions. Experiments should be conducted on ways to destroy a major portion of the radioactivity by converting some of the isotopes into other non-radioactive types, perhaps by bombardment with some sub-atomic particle.

Nuclear energy is not the only field in which closed minds stand in the way of solutions, of course. After several years looking into the problems that the government faces in policing and controlling pollution, I am convinced that, in the end, this nuisance will be effectively reduced only when we find practical and possibly profitable uses for a sizeable share of the pollutants. Otherwise control will become too costly in its effects on our economy and thereby on our lives.

This is not to abandon our efforts at bringing pollution within tolerable limits. It is rather to find another, more practical and effective road.

The same approach would apply equally in the energy field. The big savings in the coming five to 10 years will come not from increased production but from using energy more efficiently. In some manner then, there should be rewards for those industrial and private consumers who develop or adopt more efficient ways of using energy and a strong effort made to ease the red tape and other obstacles which stand in the way of innovation. It is ridiculous, for example, to penalize a company, as has been done, for spending considerable sums on new techniques or for antipollution devices by arbitrarily raising tax rates, based on the increased capital value of the plant.

Jeffrey Hart

Spain's Left May Wait In Vain

Ever since the victory of the Nationalist forces in Spain in 1939, the Left has been eager to reverse the battlefield verdict; and, with Gen. Franco's near-fatal attack of plebiscite last summer, the breathing began to be hard in anticipation. When Franco dies, a lurch in the Left is widely hoped for, even creative chaos, and of course Santiago Carillo, the Communist leader, is waiting in the wings and giving press interviews in Paris. The great moment, apparently, is at hand.

My own estimate is that the liberals and the Left are once again going to be greatly disappointed over Spain. The Communist Party will not be legalized, and Sr. Carillo will probably grow old in France. The transition to the post-Franco era will be relatively smooth. Mild reforms will be instituted, but if these lead to turmoil the response will come from the Right rather than from the Left.

The internal situation in Spain differs fundamentally from that of pre-coup Portugal. As the shrewd old Caudillo has certainly long recognized, modern Western dictatorships have flourished on two shoals. Either they have been destroyed by foreign conquest, or they have been undercut by foreign adventures. This is true of the French Second Empire which was destroyed at Sedan, of Nazi Germany, Fascist Italy, and Salazarist Portugal.

France's neutrality in World War II allowed him to avoid the fate of Hitler and Mussolini. He also avoided colonial wars as the Portuguese effort in Mozambique and Angola. The Spanish military therefore have avoided the frustrations that radicalized many of their Portuguese counterparts.

The structure of the Spanish army also differs in important ways from that of the Portuguese army. Because of their extensive colonial commitments, the Portuguese depended on conscripts — and, as the

U.S. learned in Vietnam, you cannot wage a long and inconclusive war with conscript forces. Portuguese discontent finally reached the level of younger regimental officers. The Spanish army, in contrast, is largely controlled by hard-liners from the Civil War period. The junior officers come mainly from army families, either officers or non-coms, and they have a strong sense of loyalty to stability. The Spanish army is not opposed to reform, and would prefer to avoid political involvement. As long as the civil government is reasonably stable and effective, the army can be counted upon to interfere. But if things get out of control, it certainly would not stand aside.

The great drop-out in the Spanish political equation is the Catholic Church. In recent years, the Spanish Church has drawn away from the regime; but it has no real roots in other power centers, and it has been immobilized by conservative liberal splits. Vatican II was supposed to open the Church to the modern world, but its practical effect has been to withdraw the Church from Spanish politics almost entirely. In the years following World War II, the Church provided a rallying point for the great anti-Communist Christian Democratic parties of Germany and Italy; but this phase is over, and in Spain the Church will be largely a spectator in the transition to the post-Franco era.

In Trouble Again

LONG BEACH, Calif. (AP) — A Coast Guard ship which was stranded 10 days last March in an Antarctic ice jam has run into trouble again.

Officials said Wednesday the icebreaker Glacier snapped a propeller in deep ice off Point Barrow, Alaska, and is leaking fuel.

mander of Benton Harbor state police post, and Ben J. Mammia, director of transportation for Benton Harbor schools, watch youngsters get off bus. Mammia also is national chairman of School Bus Safety week, Sept. 2-8.

SJ School Opening To See Fewer Teachers, Students

By RALPH LUTS
Staff Writer

St. Joseph public schools next Wednesday will open their doors with about 15 fewer teachers and some 117 fewer students than a year ago, Schools Supt. Milton Aldrich said.

Aldrich said St. Joseph school system's enrollment has dropped by well over 800 students over the past four years. He added that while 330 seniors were graduated last June, only about 250 youngsters

are expected to enter kindergarten this fall.

Aldrich noted it's apparent that young couples today are not having children in numbers that met record school enrollments during post World War II years.

The superintendent said the student enrollment this fall will be 1,550, as far as is known, now. The enrollment last year was 1,667.

Aldrich said the faculty will number somewhere around 155, compared to about 170 last year.

The St. Joseph district last March notified 51 low seniority teachers that up to 19 layoffs would come from their ranks. The notification came after defeat of a 1.91 mill operating tax which would have raised \$22,800.

Aldrich, who became superintendent last December, said layoffs would not have occurred if the millage had passed.

Pupil-teacher ratios have been reassessed and the number of students per teacher has been increased where ratios were found to be low, Aldrich said. This means fewer teachers are needed, and declining enrollment also means less teachers are needed, he explained.

Of the 51 teachers, 36 had been recalled as of this week. Eight have moved out of the district or found other jobs — leaving seven still on the layoff list.

Among the seven, Aldrich said one, Mrs. Cynthia McCann is expected to be recalled to teach English at Milton Junior High.

The list was whittled to seven earlier this week when the board of education recalled Elsie Kulanek and Philip Nelson, both elementary teachers; and Jill Knapp and Gregory Clark, both junior high teachers. Their hiring brought to 36 the number recalled.

A method of recalling teachers from the list of 51 was formed on a point-system formula, approved by the board of education and St. Joseph Education association.

Recalls, however, can't reverse the declining trend, as some jobs are not filled when

the job-holders leave the district. Only increases in student enrollments can reverse the trend, Aldrich noted.

The formula for recalling teachers has resulted in several instances of confusion, with resultant teacher grievances.

The board this week denied grievances, filed through the St. Joseph Education association, by Mrs. Gretchen Whitton and Mrs. McCann.

The board earlier rescinded a recall of Clark and recalled Mrs. Whitton who had filed an earlier grievance, claiming she had seniority over Clark. Mrs. Whitton's latest grievance was because she is assigned to teach at Upton junior high school, instead of her former post at Milton junior high, which she weeks, Aldrich said.

Newly-recalled Clark has been assigned to teach a ninth grade class. He formerly taught art.

Aldrich said Mrs. McCann's grievance is over the order of recall, on the list. It's not known whether the pending recall of Mrs. McCann will resolve this.

LMC Gets State Grant For \$7,513

Lake Michigan college has accepted a \$7,513 grant approved by the state board of education for the purchase of equipment for ongoing occupational programs. LMC trustees have agreed to match the \$7,513 with an equal amount from a \$1 million bond issue, approved earlier.

SJHS '75 Yearbooks Available

The 1975 Mazenabue yearbook for St. Joseph high school will be distributed tomorrow from 7:30 p.m. to 10 p.m. in the high school cafeteria, according to Ken Shelley, assistant editor. The Mazenabue will again be available for pickup after school starts Wednesday, Sept. 3, in the publications room.

School Buses Will Roll, So Watch For Children

School buses may be one of the safest means of travel, but the potential is ever-present for serious injury accidents while transporting 1 million Michigan children 125 million miles each school year, according to Automobile Club of Michigan.

"Approximately 40 percent of the state's 2.5 million students in grades kindergarten through 12 ride buses to class," said Arthur C. Gibson, Auto club safety and traffic engineering department manager.

Through our School's Open Drive Carefully campaign each fall, Auto Club emphasizes the importance of motorists being on the alert for these school children," Gibson continued.

In the 1974-75 school year, eight youngsters lost their lives in bus-related mishaps, the highest total in three years.

Another 181 school-age pedestrians (5 to 14 years old) were killed last year — many of them while walking to and from school.

"A good number of the deaths occurred because students were unaware of the dangers of crossing streets to and from school. That means it's the responsibility of motorists, including school bus drivers, to be extra alert for the 180,000 students starting kindergarten in Michigan this September," Gibson said.

Gibson recalled one tragic incident in which a youngster was killed as he stepped in front of a school bus to pick up a fallen book and was struck by the bus.

Auto Club suggests parents teach children these rules on riding the bus or walking to school.

— Walk only on the sidewalk. If there is none, walk facing traffic, on the shoulder of the road.

— Watch for turning cars and

never cross between parked vehicles.

— Leave home in plenty of time to arrive at the bus stop and stay well off the roadway while waiting to be picked up.

— Remain seated while the bus is moving and keep hands and arms inside at all times.

— After leaving the bus, walk at least 10 steps ahead of it

before crossing the road, waiting for the driver to signal it is safe. Never cross at the back of the bus.

Motorists should always to remember to:

— Be extra alert when seeing a bus in the distance. Children running for a bus sometimes forget to look before crossing streets.

— Stop at least 10 feet in front or in back of a bus when it is picking up or dropping off children on any road without barriers or dividers between lanes. This is state law.

And most important — drive in school zones or near occupied bus stops as though your own child's life depends on it, because it does.

FOREIGN FRUIT: Pumpkin squash on Harold Freier's farm, 1270 Nickerson road, Sodus township, seems strange to Troung Tan Thanh (left), 23, and Ngo Tien, 22, South Vietnamese refugees. They were sponsored by Freier with aid of Saron Lutheran church, St. Joseph, to settle in Twin Cities area with Freier. Thanh was mechanic in South Vietnamese navy and Tien, a mechanic in South Vietnamese air force, before invading North Vietnamese forced them to flee to Saigon and then on to Philippines and Guam before they were settled temporarily by U.S. at Ft. Chaffee, Ark. Freier, a teacher at Wood elementary school near Bangor, said two men are helping with chores on his farm until they can find jobs in Twin Cities area. (Staff photo)

Ex-BH Tot Dies After Porch Fall

JACKSON — The 7½-year-old son of a former Benton Harbor couple died Wednesday evening in Foote Memorial hospital, Jackson, of injuries suffered in a fall off a porch at home.

The dead boy is William Edward Dunn, son of Francis and Naima Dunn, of 137 West Morrell street, Jackson. The Dunes formerly lived at 406 South Fair avenue, Benton Harbor. William was born Feb. 5, 1973, in Benton Harbor.

Surviving besides the parents are the maternal grandmother, Mrs. Hester Bridwell, Terre Haute, Ind., and paternal grandparents, Mr. and Mrs. Charles Rose, Benton Harbor.

Funeral services will be held at 2 p.m. Tuesday in Frost funeral home, Benton Harbor, where friends may call beginning Saturday. Burial will be in Crystal Springs cemetery.

WILLIAM E. DUNN

Lake Temperature

The temperature of Lake Michigan at shoreline today is 70 degrees.

Berrien Hills Membership Nixes Expansion Program

Members of Berrien Hills Country Club last night rejected an expansion and remodeling proposal whose main feature was erection of four indoor tennis courts.

Louis Schultz, president of the Fairplain club, announced that the vote was 109 to 60 against the proposal.

The signed vote took place after a nine-hour meeting at which the proposal, prepared by a

special committee, was explained.

Estimated cost was in excess of \$500,000. Building fund assessments of each regular member would have been increased from \$10 to \$20 per month to amortize the cost, committeemen said.

Users of the tennis courts would have had to pay around \$2 or \$3 an hour per player, the committee estimated.

Other parts of the proposal included increasing the size of the dining room, adding a service bar, adding a band shell and office area, increasing the size of locker rooms, building an exercise room, adding to the kitchen, and building a new receiving dock.

President Schultz explained the proposal had been designed to make the club "useful to the members for 12 months a year, not just part of the year."

Seek Easements For Sewer Link

The Berrien county board of public works (BPW) Wednesday authorized condemnation proceedings to obtain easements over three parcels of land for a sewer line link that will tie the Hickory Creek Interceptor to the Twin Cities sewage disposal plant.

The board at the same time officially awarded the construction contract for the line, but BPW Director Robert Barnes said the easements are necessary first before the construction can start. The contract went to Woodruff & Sons of Michigan City, on a low bid of \$999,415.

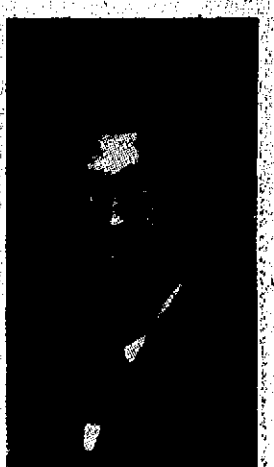

Barnes said the properties for which the BPW still needs easements are a section on the

tip of Radio Island owned by Pribe Enterprises, Inc.; a parcel north of Napier avenue near Miller lane, owned by George and Francis Kesterke; and property owned by the Penn Central railroad. All the parcels are in St. Joseph city.

Barnes noted the new line which will complete the system will basically follow the City of St. Joseph's Interceptor and I & M power lines from where Hickory Creek meets the St. Joseph river, and then along the river on the old railroad right-of-way to the Twin Cities sewage disposal plant on Radio Island.

The project calls for construction of a lift station and 1.8 miles of pipeline from the south city limits of St. Joseph, where

the Hickory Creek Interceptor ends, to the disposal plant. Sewage is currently transferred from the Hickory Creek line into a St. Joseph city main, which is already near capacity. Barnes estimated the total cost for the project would be about \$900,000.

WMU GRADUATE: Columbus Wilder, Jr., son of Mr. and Mrs. Columbus Wilder, Sr., Benton Harbor, was graduated from Western Michigan university Aug. 22 with a bachelor of business administration degree. Wilder and his wife, Ruby, have two children. He has been on an educational leave from Whirlpool.

Milton Students Will Report On Wednesday

St. Joseph Milton junior high school students will report to school Wednesday, Sept. 3, at 7:45 a.m., for the first day of classes, Principal Patrick Ryan announced.

Upon arriving at the school, students should report to the girls' gym for their homeroom assignment, according to Ryan, and from there will report to homerooms and will receive instructions for the remainder of the day. School will be in session the entire day and the hot lunch program will be in operation.

BH Deputy School Chief Hospitalized

Robert W. Payne, deputy superintendent for administrative services of Benton Harbor schools, was reported in "good" condition today at Mercy hospital where he is under treatment for a kidney stone. He was admitted to the hospital Tuesday after being stricken suddenly.

KIWANIS CHIEF

BOYNE FALLS, Mich. (AP) — Josco County Circuit Judge Alan C. Miller has been elected 1975-76 governor-elect of the Michigan Kiwanis Clubs. He was named at a weekend convention representing the 304 Kiwanis clubs and 3,000 members in Michigan.

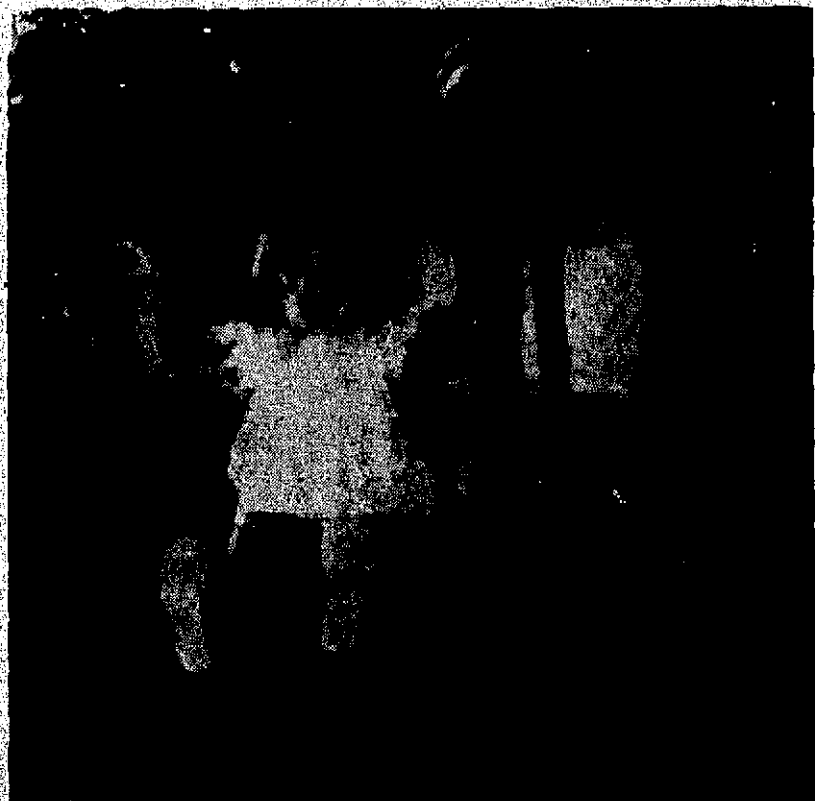

PWP Provides Single Parent Time With Children

HUNT EGGS: Kelly Lezak, daughter of Mrs. Pat Lezak, and Robbie Krumske, son of Mrs. Roni Krumske, hunt Easter eggs, which is an annual event sponsored by PWP Chapter 151. The group was established to further members' common welfare and the well-being of their children.

FAMILY ACTIVITIES: Miniature golf, softball games and cookouts are planned for children of members of Parents Without Partners Chapter 151. Attending one of the PWP cookouts are Mrs. Bettie King and her daughter, Kelly.

ENJOYS SLIDE: Brundee Krumske, daughter of Mrs. Roni Krumske, is helped down the slide by PWP member, Harry First. Chapter 151 is one of 800 PWP chapters throughout the United States and Canada. The organization gives children the opportunity to be around parents of both sexes.

ADULT ACTIVITIES: PWP also offers activities geared to the adults as well as children. Up-coming activities planned include a roller skating party, dances and home and card parties in addition to regular business and board meetings. Trying on their skates are, from left, Mrs. Helen Leonard and Mrs. Adela Schultz. (Staff photos)

NATIONAL LEVEL: Kim Schultz, left, and Konrad Schultz were winners in the children's exhibit competition at the 1975 international PWP convention held in Washington, D.C. Other youth winners were Nancy Hubbard and Marie Orth. Mrs. Dorothy Gilbert, right, is international vice president of research and education.

Parents Without Partners is looking for new members, single fathers as well as mothers who with their children would like to eat brunch on the beach, go for a bike hike, play miniature golf or have a cookout.

Don Plyman, PWP president, says these are only a few of the activities planned for September by PWP Chapter 151.

According to the preamble to its constitution, its "primary endeavor is to bring our children to healthy maturity, with the full sense of being loved and accepted as persons, and with the same prospects for normal adulthood as children who mature with their two parents together."

Plyman says, "To the man with custody of his children, PWP offers support in his efforts of bringing his children up without a daily female contact, after all, his problems are equal to the mother with custody."

"To the father who only sees his children at regular intervals, PWP offers a variety of ways for him to share his limited time with his children. Many of these fathers soon run out of interesting things to do with their kids and PWP offers an opportunity for him to try many different activities."

"PWP gives its children excellent opportunities to be around parents of both sexes and also the chance to relate to peers of their own growing up in a 'single-parent' household," Plyman says.

Family get-togethers are held for special holidays such as Christmas, Thanksgiving, Mother's Day and Father's Day. Other family activities will include miniature golf, Easter egg hunt, cookouts and softball games.

PWP was established to further members common welfare and the well being of their children through the exchange of ideas, mutual understanding, help and companionship.

Meetings and discussions are held where members share problems of raising children alone and compare solutions.

Various activities are being planned for the parents, too. These include a dance and breakfast Sept. 20, fund raising dance at Coldwater and house and card parties.

Eligibility requirement for membership in PWP is that interested persons be a parent and single by reason of death, divorce, separation or unmarried. Custody or age of

children are not factors for eligibility.

The national Parents Without Partners has more than 800 chapters in the United States and Canada with approximately 100,000 members.

Officers of Chapter 151 include Plyman, president; Dick Wygant, vice president; Mrs. Margaret Wallen, secretary; Mrs. Helen Leonard,

treasurer; Mrs. Joyce Wood, program and education; Mrs. Pat Lezak and Mrs. Georgia Heimke, activities.

Also Mrs. Bettie King, director of membership; Lee Duchossois, prospective member contact; Mrs. Beverly Orth, orientation; Charles Hess, director of members service; Mrs. Ethel Hardesty, lost and found; Mrs. Betty Galesko,

chapter library; Mrs. Beverly Orth, calling committee; Mrs. Veronica Krumske, director of public information; Mrs. Shirley Conlin and Mrs. Judy Kroening, newsletter co-editors; and Mrs. Elhel Oppenhuizen, director at large.

Members of the PWP advisory board include Dr. Frederick Bell, psychologist, Riverwood Community Mental Health Center, St. Joseph, Mich.

Joseph Chabot, Watervliet; the Rev. C. William Pearson, St. Mark's Lutheran church, Benton Harbor, and all past presidents of the chapter.

Who Can Wear Contact Lenses?

NEW YORK — What contact lenses can do to help you see better while nobody sees them.

Not everybody can wear these small plastic disks that cover the cornea to correct vision, says the September issue of "Seventeen," and the best person to tell you if you can is your eye doctor.

Contacts can be soft or hard (these are not as flexible and are sometimes more difficult to adjust to). Hard lenses can be tinted if desired, and there are now two new processes to help make them more comfortable.

Soft lenses are made from a gel-like substance which conforms to the natural curve of the cornea, which is why they are easier to adjust to than the harder version. Soft lenses can keep up with rapid eye movements and won't pop out

from blinking or an unexpected jar.

Another major advantage of both soft and hard lenses over glasses is that they provide better peripheral vision, don't fog and eliminate the problem of eyeglass frames slipping.

Lens wearers have special make-up problems, and "Seventeen" offers these tips: 1. To avoid an oily film on lenses and possible eye irritation, always insert lenses before applying make-up. Remove all traces of hand lotion before handling lenses. 2. Be especially careful with hair spray; close your eyes, then leave the area fast to avoid fallout. 3. Steer clear of lash-lengthening mascaras. The tiny particles may fall off into your eyes. Waterproof mascara is your best bet.

SEEK MEMBERS: Interested parents, single by reason of death, divorce, separation or unmarried, are eligible for membership in PWP. The group is open to men as well as women. Don Plyman, PWP president, helps Doug Wood, son of Mrs. Joyce Wood, with his batting stance in preparation for a softball game. (Staff photos)

Build Shelves On Windows

Instead of hanging boxes of brilliant blooms just outside your windows, consider installing attractive shelves. Flowers in pots are easier to replace as early bloomers fade. Use two-inch fir or cedar planks for both shelves and brackets.

75-Year-Old Woman Is Rookie Catcher

By STEVE SAGER
Staff Writer

BANGOR — "I'll probably play until I'm 100."

That's what Miss Eva Valentine, 75, route 2, 24th avenue, Bangor, said following her "rookie" season this year in a Bangor women's softball league.

Miss Valentine, as a catcher, is a vital cog for her team known as the Bluejays. But even though

Miss Valentine claims she held up her end on the field, things didn't go too well for her team.

The Bluejays lost every game this year.

"I can't do it all," Miss Valentine laughed. She continued, "Actually I'm not so all for winning. I just play for the fellowship and recreation."

Even though playing in an organized league is new for Miss Valentine,

the game of softball is not.

"I've played a lot of (sandlot) softball and baseball kind of ball in my family. I had a brother who played semi-pro baseball," she said.

Miss Valentine, like many catchers in the professional ranks, falls into the category of "good field, no hit."

"I'm a good catcher," she said in rating her defensive skills. Bluntly stating her talent with a bat, she said, "I'm no power hitter, but I have promise." In a lineup consisting of teammates 30-50 years younger than she is she bats last.

Unlike the pros who play her position, Miss Valentine shyly away from nose-to-nose, shouting matches with the umpire when she disagrees with a call. She said, "I just try to get along."

Though she claims to have a bothersome left knee, she still is able to crouch behind the plate in the traditional catcher's pose. She said the remedy for her tender knee, like other ailments, is to "work it to death" until the soreness is gone.

She said, "Some people tend to take it easy on an injury, but I like to work it to death."

Many people, particularly women, tend to flinch whenever their birthday approaches after they reach 30. But not Miss Valentine, at least not for her upcoming 76th birthday in October.

"My manager and next-door neighbor, Tom Carroll said he's going to get me a catcher's mitt for my birthday," she beamed.

BLUEJAY BACKSTOP: Miss Eva Valentine, 75, prepares to glove another pitch as she has done all this past summer as catcher for her team, the Bluejays. Bluejays are member of Bangor women's softball league. This was Miss Valentine's rookie season.

ONE OF THE TEAM: Miss Eva Valentine (white cap) joins younger teammates on bench between innings. (Photos by Emil Blackey)

They're Planning Weddings

NANCY MILLER
Jack Rhodes

Mr. and Mrs. Lyle F. Miller of Jackson, formerly of St. Joseph, announce the engagement of their daughter, Nancy Lynn to Jack H. Rhodes, son of Mrs. Marie Robinson of Berrien Springs, and Jack H. Rhodes, Eau Claire.

Miss Miller is a graduate of Lakeshore high school and attended Hope college. She is employed in the business office at Lake Michigan college.

Her fiancé is a graduate of Eau Claire high school and Southwestern Michigan college. He is employed by Bowman Products, as a sales representative in the tri-county area of Berrien, Cass and Van Buren, and part of Kalamazoo.

A Nov. 21 wedding is planned.

DEBRA ANN HUSEVITA
Norbert Wendzel

WATERVLIET — Mr. and Mrs. Richard T. Hanlon, Watervliet, announce the engagement of their daughter, Miss Debra Ann Husevita, to Norbert Allen Wendzel, son of Mrs. Donald Timmons, Watervliet, and the late Fred Wendzel, Miss Husevita is also the daughter of Dittus Husevita, Cincinnati, Ohio.

Miss Husevita is a graduate of Watervliet high school and is a student at Lake Michigan college. She is employed by R.A. Karpantny, DDS, Coloma.

Her fiancé, a graduate of Watervliet high school, is employed by H.C. Balers and Sons Farms, Watervliet.

A March 27 wedding is planned.

BARBARA DIXON
Arnold Brunson

COLOMA — Mr. and Mrs. Rudy Dixon Sr., 7287 Sylvester street, Coloma, announce the engagement of their daughter, Barbara Ann, to Arnold Harold Douglas Brunson, son of Mr. and Mrs. Harold Brunson, route 1, Box 200, CR 378, Covert.

Miss Dixon is a graduate of Coloma high school and is employed in the dietary department of Memorial hospital, St. Joseph, and at Sunset drive-in theatre, Watervliet.

Her fiancé attended Covert high school and is employed as an orderly at Memorial hospital, St. Joseph. He has served in the United States Marine Corps.

A Nov. 8 wedding is planned.

DENISE KUNST
Larry Harris

WATERVLIET — Mr. and Mrs. Edmund Kunst, P.O. Box 540, Watervliet, announce the engagement of their daughter, Denise Kay, to Larry L. Harris, son of Mr. and Mrs. Hershel Harris, Hagar Shore road, Coloma.

Miss Kunst is a graduate of Watervliet high school and is employed at M. Hale company, South Haven.

Her fiancé is a graduate of Coloma high school and is employed at Rogel Lincoln Mercury - Comet, Watervliet.

The couple plans a Nov. 29 wedding.

LAURIE CLEM
Steven Schmitz

BUCHANAN — Mr. and Mrs. Charles E. Clem, 1340 Woodside drive, Buchanan, announce the engagement of their daughter, Laurie Susan, to Steven Edward Schmitz, son of Mr. and Mrs. Edward Schmitz, Fulls Road, Buchanan.

Miss Clem is a graduate of Buchanan high school and is employed by Buchanan Farmers Credit Union.

Her fiancé is a graduate of River Valley high school and is employed by the Stanley-Knight company, New Troy.

A Nov. 22 wedding is planned.

Chinese Look For Fall

NEW YORK — This fall, girls may go to school looking like China dolls one day, feminine young ladies the next.

That's the word from the September issue of "Seventeen," which predicts a big year for shapes, colors and fabrics influenced by the Far East and also for dressier, pretty, little-girl looks grown up.

From China with love comes the looks of quilting, wooden toggle closings, mandarin collars and clear colors like lacquer red and jade green. The leading quiltings are coolie coats with side slits and toggle closings and worker's jackets with flannel linings and edging.

These often have matching narrow, ankle-length pants with flannel turned-up cuffs.

Orientation goes on to dresses such as a winter white corduroy with mandarin collar and toggles, and a sleeveless condress in quilted floral flannel. Pullover shirts with crisscross necklines also have a Far-East look.

Accessories that help set the oriental mood include small pouches on silk cords worn over the shoulder at an angle, "jade" jewelry, pendants on silk ropes and flat lacquer red or black ballet slippers shown with white knee socks.

Dressed-up clothes can be for school, dates or anything. They

range from soft blouses to wear with dirndl skirts or jumpers to creamy white knit dresses and sashed or capelet-topped coats.

Brevity

Born in Missouri — Mr. and Mrs. Dwight (Brenda) Manning, Risco, Mo., announce the birth of a daughter, Angela Marie, born Aug. 18 and weighing 8 pounds, 14 ounces. Maternal grandparents are Mrs. Kathleen Tabor of Stevensville and Milton Dean of Benton Harbor. Paternal grandparents are Mr. and Mrs. Herchel Manning of Risco, formerly of Benton Harbor.

Clean Burner With Suds

If food boils over on a gas range, wipe the burner and wash the drip pan and tray with suds when the unit is cool enough to touch.

It will be easier to remove the spilled food and liquid before it hardens. The heating element on an electric range cleans itself but other parts such as the chrome ring and drip tray must be washed.

'Your Problems' By Ann Landers Headed For Self-Destruction

Dear Ann Landers: We are having terrible problems with our 18-year-old daughter. She respects your judgment and wants to listen to you. Here's the situation:

Opening lead - 9	

By Oswald & James Jacoby
We aren't going to get into a discussion about the merit or lack of merit in West's opening bid. Suffice to say that it gave former internationalist John Crawford, who has played little bridge in the last 10 years, a chance to show that his dummy play is still exceptional.
He started by playing a low diamond from dummy. He wanted to save the king-jack-10 for the future. Then at trick two he led his deuce of clubs. This play was made with a two-fold reason. First of all he wanted to maintain as much communication as possible. Secondly, he expected to lose two club tricks later, and wanted to avoid the loss of three in case there was a singleton ace in the West hand.
Here enough, there was West led to use his ace on Johnny's deuce. West shifted to a spade, but there was nothing more that the defense could do. Johnny took his ace and played clubs. His son and led back a spade to his partner's queen. Another spade put Johnny back in his hand. Just for fun Johnny led the club. Johnny cashed his last club and took a heart finesse for an overtrick.

Ask the Jacobys
A letter from Vermont reads, "We play weak two-bids. I elected to open two hearts with A-Q-J-8-6. K-Q-J-9-5-4-2-3. I was severely criticized, yet with nine high-card points and a good six-card suit my hand seems to meet all conditions for the bid.
We have to go along with the criticism. The hand meets all conditions except that it is too powerful. Our reader should have passed and planned to bid both his mate later.

Early
Therapy,
The most important therapeutic regimen for obese children is prevention, according to Robert H. Flax Jr., M.D., a University of Arkansas School of Medicine professor.
"Perhaps many of the diopathic modalities would be of greater significance if begun early in the natural history of obesity," the physician suggests.
However, obesity-prone children cannot be identified at birth and the birth weights of most are normal, he observes.
Children seem more likely to gain weight during the newborn period, the period between the fourth and fifth birthdays, and adolescence. He advises physicians to check the insulin levels of obese children "on the possibility that those with glucose intolerance could be those who will develop non-diabetic diabetes."

Within the last six months we received several phone calls. Here are some examples.
From the school principal: "Please come and get your daughter. She has been drinking and I have her here in my office."
From the mother of a boy in her class: "I found some filthy notes to my son written by your daughter. It is obvious that they have been having sexual relations. I thought you ought to know so you can speak to her."
From a department store manager: "Your daughter has been picked up for shoplifting. Please come down and let's have a talk. I don't want to call the police."
Each time we did a great deal of talking and there were promises to "do better." We feel the girl should have counseling but she is against the idea. She says nobody can tell her anything she doesn't already know.
I just can't see sitting around waiting for another phone call. It would probably be the police.

Please advise us. — Mom
Dear Mom: You say your daughter might listen to me. I hope so. The following remarks are for her.
Dear Friend: Each of the three incidents cited by your mother are symptoms of deeper problems. There are specific reasons for the behavior that resulted in those phone calls.
Although you are against counseling on grounds that nobody can tell you anything you don't already know, please trust me when I say you need to TALK to somebody — not just listen.
I urge you at least to give counseling a try. You're on a collision course of self-destruction and only you can save yourself.

Not Buying
Dear Ann Landers: I am 11 years old and I read your column all the time. I notice sometimes you print letters from people who aren't asking for advice — they just want to tell you how they feel about

ANN LANDERS

something. So here is another one of those letters. Like I said, it's not really a problem but I hate it.
When you watch TV, all of a sudden you see a commercial that says if you put a certain kind of baby powder on a baby's

behind he will love you. Then, a few minutes later another commercial says if you add a certain something to the gravy your husband will love you. The worst one is that commercial for chicken soup: "If you buy brand X your children will love you."
Why doesn't somebody tell the folks who write those things that there's more to love than talcum powder, gravy and chicken soup? Sign me — Had My Say.
Dear Had: I guess a great many TV commercials are geared to the mentality of eight-year-olds because you, at 11, aren't going for it.
Thanks for writing. I hope somebody on Madison Avenue takes the hint.
It's not always easy to recognize love, especially the first time around. Acquaint yourself with the guidelines. Read Ann Landers' booklet, "Love or Sex and How To Tell the Difference." For a copy, mail 50 cents in coin and a long, stamped, self-addressed envelope with your request to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

AUG. 29, 1975
ARIES (March 21-April 19)
Your work will suffer today from lack of concentration. Keep your mind on what you're doing or things will go amiss.
TAURUS (April 20-May 20)
You'll have to be extra careful today regarding personal resources. Above all, don't gamble or speculate.
GEMINI (May 21-June 20)
You may find yourself out front alone today championing an unpopular cause. You'd be wiser to wait for proper backing.
CANCER (June 21-July 22)
Some problems you'll be faced with today will be of your own making. It will only muddy the waters more if you try to pass the buck.
LEO (July 23-Aug. 22)
You're a bit too extravagant with your funds for your own good today when among friends. You'll be taken advantage of.
VIRGO (Aug. 23-Sept. 22)
You tend to scatter your forces thinner than you should today. Nothing too productive can result. Why so many irons?
LIBRA (Sept. 23-Oct. 22)
Don't try to bluff your way today by pretending you're knowledgeable. Best you say as little as possible.
SCORPIO (Oct. 23-Nov. 22)
You'll be tempted to poke your nose into something today that doesn't concern you. Be prepared to take the consequences.
SAGITTARIUS (Nov. 23-Dec. 21)
Normally you're rather independent and call your own shots. Today, your decisions will be overly influenced by others.
CAPRICORN (Dec. 22-Jan. 19)
If you're having work or services performed today, it's best to personally supervise each step, particularly if those on the job are new at it.
AQUARIUS (Jan. 20-Feb. 19)
If you're too possessive of loved ones today you'll create problems that could have easily been avoided.
PISCES (Feb. 20-March 20)
Don't make any major domestic decisions today without your mate being either present or at least consulted.

Your
Birthday
Aug. 29, 1975

The coming year will find you far more ambitious than you have been in the past. You'll be content unless you achieve success in two areas simultaneously.
Tones Body
And Relaxes
More women find that exercise through sports such as tennis, bowling or swimming helps them burn off frustrations.
Exercise tones the body and contributes to an overall sense of well-being.

Dr. Lester
Coleman

What is the relationship between allergy of the nose and sinus infections? It seems that I have one or the other all through the year.
Mr. E.L. Washington, D.C.
Dear Mr. L.:
There is a close relationship between the two, even though one or the other can exist independently.
A person with an allergic condition sneezes repeatedly in an effort to expel the irritating foreign substance. The nose becomes congested and there is then a watery discharge from the nose.
The appearance of the lining of the nose is readily identified with allergy.
Infections of the sinuses are caused by some germ or bacteria that invades the sinuses. Here, too, swelling of the tissues and discharge becomes prominent.
The difference between allergy and infection is that pus is formed in sinus infections, whereas in allergy there is no pus.
The relationship between allergy and sinus infections is this: The allergic nose, with a warm, watery discharge, is a perfect medium for germs to grow and flourish. The result is that sinus infections seem to occur more frequently in noses that are highly allergic.
X-rays of the sinuses, culture of the nasal secretion and smears for special eosinophilic cells help establish the diagnosis of one or both existing conditions.
I have a tendency to get ingrown toenails that really hurt. How can this be prevented?
Mr. R.R.B. La.
Dear Mr. B.:
With recurrent ingrown toenails you must, of course, know that effort must be made

50-Year Class Reunion Held

THREE OAKS — The 50th anniversary reunion of the 1925 graduating class of Three Oaks High School was held Aug. 23.
Eleven class members met for dinner at the Golden Door restaurant in New Buffalo and following dinner met for a social time at the home of Mr. and Mrs. C.J. Hooper in Three Oaks.
Attending were: Clarence Carothers, Royal Oak; Clarence Clapp, Benton Harbor; Willard Loop, Noblesville, Ind.; Mrs. Richard (Eunice Bachman) Orvis, South Bend; Miles Sandee, Walhalla, Charles Delay, Niles; Mrs. Faye (Most) Renbarger, Galesburg; Mrs. C.J. (Ruth Klute) Hooper, Hooper; Mrs. Gladys Loop, Heffernan; Mrs. Helen Adams Thomas and Lawrence Smith, all of Three Oaks. Also attending was a former teacher, Mrs. Ted Hallenga, Three Oaks.
Mrs. Helen Thomas and Mrs. Gladys Heffernan were chairmen.

Children's Troupe Adds Performances

HOLLAND — The Children's Performance Troupe of the Hope Summer Repertory Theatre, Holland, will present additional performances of their bi-centennial show, "The American Revolution," is an original script filled with story and song to celebrate and preserve "the spirit of '76."
Remaining performances are Friday, Aug. 29, at 2 p.m.; Saturday, Aug. 30, at 2 p.m.
Thursday and Friday, Sept. 4 and 5, at 4 p.m. and Saturday, Sept. 6, at 2 p.m.
Productions are held at the DeWitt Cultural Center, Holland.

Kasten Golden Event

DOUGLAS — Mr. and Mrs. Erwin Kasten Sr., Johnson's Mobile Village Blue Star Memorial Highway Douglas, observed their 50th wedding anniversary by renewing their wedding vows Aug. 24 at the First Congregational church, Saugatuck.
The Rev. Robert J. Henna performed the ceremony.
A reception was held in the church fellowship hall.
Hosting the event were their children, Mr. and Mrs. Fred (Dorothy) Jewell of Oil City, Pa., and Ruston, La., and Erwin Kasten Jr. of Saugatuck.
The Kastens were married Sept. 8, 1925, in Milwaukee, Wis. They have resided in this area for 43 years and spend the winters in Florida.
They have been members of the First Congregational church for 38 years.
The couple has nine grandchildren.

New Dance Location

The Twin City Squares square dance club will hold dances at Fairplain East school, Benton Harbor, the first and third Saturdays of each month beginning Sept. 6 at 8 p.m.
Chuck Tippet will call the square dancing and Dan and Diane Pereira will cue the round dancing.
Guests are welcome.
New club officers for the year include Mr. and Mrs. Roy (Helen) Peters, Niles, president; Mr. and Mrs. Lew (Isabel) Stryker, Benton Harbor, vice president; Mr. and Mrs. Walt (Marie) Stefan, St. Joseph, secretary and treasurer; and Mr. and Mrs. Pat (Louise) Larriere, Benton Harbor, program chairman.

Start Right With Make-Up

Proper use of eye make-up dramatizes this important facial feature.
Start right. Cover discolorations or dark circles with a cover-stick in your own skin tone and then stroke on color.

Legion Dinner Sunday

BUCHANAN — Ralph Buchanan Post 51 of the America Legion, the Women's Auxiliary, and Sons of the Legion, will celebrate the 55th anniversary of the organization of the legion at a dinner and party Sunday, Aug. 31, in the post home.
The post was organized in Buchanan in 1919.
The cooperative dinner will be served at 12:30 p.m., and live music for dancing will be furnished for dancing in the clubroom from 6 to 8 p.m.
Marvin Davis is chairman of the day's activities.

Parents Learning To Help Children

SAN RAFAEL, Calif. (AP) — Because their children were having learning problems, the parents went back to school to learn how to help them.
The results after six months have been startlingly good, and all persons concerned with the language program of the Easter Seal Society are applauding the benefits of the pilot program and eager to see it go forward.
The children involved are mentally retarded. The objective of the program is to help them learn to talk — to use new words, learn new concepts, improve their images of themselves.
The program had its inception with Joanne Meyer and Elaine Imwinkelried, speech pathologists at the Easter Society for crippled children and adults. They had been working with the youngsters and recognized that two half-hour sessions a week were simply not enough to give children the skills they needed.
"Without constant reinforcement and carryover in the home, our skills were limited and the child's full potential not realized," said Miss Meyer, "so we put together a program to train the parents to be therapists themselves." All is done on a voluntary basis.

Power Of Concentration Gets An Assist

By VICTORIA GRAHAM
Associated Press Writer

Some women are wiring themselves to biofeedback machines and learning to relax their muscles, relieve their fears and reduce the time and pain of childbirth.

"I think childbirth is a perfect and down-to-earth application

for biofeedback," says Dr. Robert H. Gregg. Gregg uses biofeedback in his Southern California practice and says it sometimes can change labor from a traumatic ordeal to a pleasant experience.

Biofeedback is a process in which people get constant signals, or feedback, on body

functions such as blood pressure and muscle tension. They then can attempt to control those functions by concentration.

In childbirth, Gregg says, biofeedback training can help some women relax, thereby easing their labor.

Gregg is a clinical professor of obstetrics and gynecology at Loma Linda University near Los Angeles.

He reported his findings on biofeedback and childbirth to a meeting of the American College of Obstetricians and Gynecologists in Boston.

Biofeedback has been used to help control hypertension, migraine headaches and low back pain, but Gregg says he believes he is the first to apply it to childbirth.

In a preliminary study, Gregg compared 30 pregnant women who were trained in biofeedback with 30 similar women who received no training. In each group, 20 of the women previously had given birth.

He reported that the biofeed-

back-trained women had a significantly shorter, smoother labor and used fewer pain killers and tranquilizers than women without training.

One of the women, Frederika Somerville, of Glendora, Calif., said she had been "deathly afraid" of labor in having her first child but found: "Biofeedback helped me overcome my fear of the unknown."

"When I first became pregnant, I was thrilled," said Mrs. Somerville, 28, a truck driver's wife. "Then, I thought, 'Oh, damn, this kid has got to come out, and I worked myself into a tizzy. I have high blood pressure, and I'm the world's biggest chicken.'"

"I thought if this biofeedback works, I will do it. I wired up to it every day and when I saw I was becoming nervous, I would think of soothing things — an ocean voyage when I was young."

It brought a feeling of total relaxation and my blood pressure went down," she said. "I found I could control my fears about childbirth."

Using a biofeedback monitor, Mrs. Somerville had her first baby, Jason, last July 21 after five hours of labor. She had no painkillers, only a tranquilizer at the end.

"It was like ocean waves," she said.

The women trained with portable, purse-sized biofeedback monitors. They attached electrodes to their fingers and arms to measure electrical conductivity of the skin and skeletal muscle tension. Both tension and conductivity increase with nervousness and make labor difficult.

With the biofeedback monitor, the women could both see and hear when they were tense. The object was to relax and reduce the sounds by thinking of soothing things: flowers, waterfalls, blank walls, whatever.

The biofeedback mothers attended classes and practiced at home with the monitor twice a day for at least 30 minutes. They trained for four to six weeks.

THE MACHINE: "Women are wiring themselves to bio-feedback machines, learning to relax, relieve their fears, and reduce pain of childbirth," says Los Angeles Dr. Robert Gregg as he demonstrates machine to patient, Mrs. Cathy Turney. (AP Wirephoto)

TWO MAE WESTS: Mae West, visiting on the set of Universal's movie "Midway" at Los Angeles, autographs lifejacket worn by actor Kevin Dobson, and affectionately known as a "Mae West" by sailors and stars in World War II. Dobson plays Ensign George Gay in movie. Gay's life was saved by a similar jacket when he was shot down by Japanese during World War II. (AP Wirephoto)

Mideast Pact Gap Narrowing

By BARRY SCHWEID
Associated Press Writer
JERUSALEM (AP) — Most of the new Israeli-Egyptian agreement is settled, a senior American official reports, and the pact may be initiated by the two governments Sunday or Monday.

Secretary of State Henry A. Kissinger returned to Jerusalem from Alexandria on Wednesday night for more talks with Prime Minister Yitzhak Rabin and the rest of the Israeli negotiating team. The American official said a few clauses "of at least symbolic significance" remained.

"We are continuing to move forward," Kissinger told reporters after a two-hour meeting with the Israelis Wednesday night. "The number of issues that remain are relatively small. There are problems of details of some significance."

U.S. sources said one point

still to be settled is the precise number of American-managed electronic surveillance posts to be stationed around the Gidi and Mitla mountain passes to give warning of military operations once Israel has pulled back to a new defense line.

Israel originally sought about six posts, but has now limited its demand to two or three. In addition, the Israelis and Americans would operate a post on the Egyptian side of the Gidi pass while the Egyptians and Americans would man one on the Israeli side.

Israel is insisting on the presence of the Americans to avert a recurrence of Egypt's expulsion of the United Nations buffer force in the Sinai Desert just before the 1967 Arab-Israeli war. Under the new agreement, the U.S. staff would be removed only if both Israel and Egypt approved.

Subject to congressional approval, the posts would be manned by a total of about 100 American technicians armed with sidearms, U.S. sources said. They would be recruited from private industry and from former employees of the Central Intelligence Agency and the National Security Agency, the sources said.

Israeli Defense Minister Shimon Peres told a meeting of the ruling Labor party "almost American involvement" would result from the new agreement. Rabin told the same meeting that Israel could defend its new defense line with the troops it now has.

The major points of the pact already worked out include Israeli withdrawal from the passes and the Abu Rudeis oil fields; return of the oilfields and the former U.N. buffer zone to Egypt and a new U.N. buffer zone made up of the other territory Israel is relinquishing.

Michigan Farm Bureau Urges Soviet Grain Sales Moratorium

LANSING, Mich. (AP) — The Michigan Farm Bureau is calling for a moratorium on grain sales to protest the release of longshoremen to load grain on ships bound for the Soviet Union.

"This is one of the most emotional concerns for farmers in many years," said Elton Smith, Michigan Farm Bureau president.

The bureau's board of directors, made of up 10 farmers from around the state, voted Wednesday to ask the American Farm Bureau Federation to organize a na-

tionwide moratorium on grain sales among its over two million members.

"They're incensed," Smith said of the 18-member board. "I hope the national organization goes along."

Smith charged that George Meany, AFL-CIO president, has hoodwinked consumers into thinking his union's actions are in their best interest. Smith said consumers and farmers will suffer the consequences of higher food prices if grain is not allowed to be shipped to Russia, Smith said. Others say they believe

the sales themselves will cause food costs to climb.

"Farmers will not be a pawn to a George Meany dictated economy or his consumer-deception game," Smith said. "Farmers at the request of government will produce record crops this year. Mr. Meany did nothing to help us produce this food. He has no right to single-handedly say whether it can or cannot be sold."

Last year, Michigan exported \$244 million in agricultural products.

Swainson Faces Hearing Friday On Bribery Charge

DETROIT (AP) — Michigan Supreme Court Justice John Swainson will face a preliminary hearing Friday involving federal bribery charges against him.

JUSTICE JOHN SWAINSON
Facing hearing Friday

U.S. District Court Judge Carl Rubin of Cincinnati will hear the case in Detroit. Swainson and two other defendants, Detroit ball bondsman Charles Goldfarb and former ball bondsman Harvey Wish, will file motions.

Swainson and Wish have petitioned the court to have the federal government give them details of evidence compiled by the FBI and the U.S. Organized Crime Strike Force.

Goldfarb has filed motions asking to have perjury and conspiracy charges against him dismissed, and has requested tape recordings involving him and federal informant John Whalen be suppressed.

Whalen, a convicted felon, served as a government informant in the case.

The indictment charges Wish and Goldfarb helped bribe Swainson for his help in getting the state Supreme Court to

rehear a burglary conviction against Whalen.

The federal government charges Swainson accepted a bribe of \$20,000. All three defendants have pleaded innocent.

Federal judges in Michigan asked that an out-of-state judge be assigned to the case because of personal and professional relations that Michigan judges have with Swainson.

The 40-year-old Swainson is a former state senator, lieutenant governor, governor and state circuit court judge.

WANTS HIKES SUSPENDED
WASHINGTON (AP) — Citing potential inflationary consequences, the Council On Wage and Price Stability has urged suspension of proposed fare increases by four U.S. airlines.

Two Sides Call Crowds In Portugal

By STEPHENS BROENING
Associated Press Writer
LISBON, Portugal (AP) — The Communists brought out a crowd of 30,000 in Lisbon to demonstrate in support of Premier Vasco Goncalves, but the Socialists mustered 50,000 against him in the northern city of Porto.

"This is a critical moment," Goncalves told supporters Wednesday night from a raised platform at the presidential palace in Lisbon. "The central problem is power. There is an acute struggle for power."

President Francisco de Costa Gomes, who has the authority to dismiss Goncalves, also spoke at the rally, but he failed to give the embattled premier his explicit backing.

Instead, Costa Gomes said the nation's development required participation "of all political forces indispensable for the construction of a new society." The crowd, waving hammer-and-sickle banners, responded with catcalls, boos and whistling.

Anti-Communist violence continued in the countryside.

Residential Natural Gas Shortage Looms

By BOWARD BENEDICT
Associated Press Writer
WASHINGTON (AP) — President Ford is meeting with 16 governors on ways to ease an expected natural gas shortage which could affect residential consumers and small businesses this winter for the

first time. A White House spokesman said Ford wants to discuss with the governors today how severely their states might be affected as well as possible options for alleviating the shortage. The President is expected to

call for voluntary conservation policies by the states and to consider various legislative moves the government and the states might make. The spokesman said, "There is not a great deal the President can do administratively."

Ford also may urge support for legislation to end federal regulation of wellhead prices of new natural gas supplies. Under the plan, gas now flowing into interstate commerce would be deregulated as existing contracts expire.

Under the administration-sponsored legislation, interstate pipeline operators would be free to pay much more to producers to bid new gas away from unregulated intrastate consumers, chiefly in Texas, Oklahoma, Louisiana and New Mexico.

Natural gas sold interstate is regulated at 52 cents per 1,000 cubic feet. Intrastate sales go as high as \$1.50.

The President and his advisers contend that deregulation is the best way to shift more gas to industry and homes in the upper Midwest, Northeast and Southeast where shortages are expected.

Federal Energy Administrator Frank G. Zarb also reportedly may recommend that the President seek standby authority for the Federal Power Commission to divert intrastate gas to interstate markets in any national emergency.

Gas-short states whose governors are attending are New Jersey, Pennsylvania, Ohio, Missouri, North Carolina, South Carolina, Maryland, Virginia, Iowa, Kentucky and Delaware. The governors of Texas, Oklahoma and Louisiana were invited because their states are major natural gas producers.

The governors of New York and West Virginia declined invitations because of prior commitments. Gov. Edmund G. Brown Jr. of California did not respond to his invitation.

Gov. Thomas P. Salton of Vermont and Gov. Philip Noel of Rhode Island are attending in their respective roles as chairman of the National Governors Conference energy committee and chairman of the Democratic Governors Conference.

In another energy development, Senate sources said Wednesday that Ford and Congress are trying to reach a last-minute compromise on the impending decontrol of oil prices.

The President has said he will veto a bill passed by Congress that would extend price controls for six months beyond Aug. 31, but the bill has not been sent to him yet.

One Senate source said, "Discussions are still going on. They are still hopeful of working out a compromise." It was unclear what kind of compromise might be involved. Price controls end at midnight Sunday, the current \$5.25-a-barrel ceiling on about 90 per cent of U.S.-produced oil would be lifted and the price of that oil is expected to rise to the unregulated world level of around \$12 a barrel.

Gasoline prices also would increase. Administration officials estimate the cost of a gallon of gasoline would rise 2- to 3 cents a gallon over a period of months.

Zarb, speaking Wednesday night in Louisville, Ky., indicated Ford still plans to veto the price-control extension bill and said any such extension would be a "nightmare" for the

nation. Zarb declared that the best course for the nation is to "clear a path for consumers so that they can make their own decisions."

"We can develop additional energy supplies under our own control, more oil and natural gas from the Outer Continental Shelf, Alaska and the Naval Petroleum Reserves," Zarb said.

"But there is some oil which will never be produced if we continue to impose an artificial price," he said. "Getting it out requires sophisticated, expensive technology — techniques that cost more than the oil can be sold for under controls."

He said if the controls are lifted, more oil will be produced.

The natural gas shortage was accentuated last week when a major interstate pipeline company said that for the first time it might have to start cutting back natural gas to residential consumers this winter.

An attorney for Transcontinental Gas Pipeline Co. (Transco) told an FPC hearing it anticipates a gas shortage this winter more severe than that of last winter. At that time,

numerous industries had their gas supplies reduced or shut off entirely for brief periods, but there were no curtailments to homes that depend on natural gas for heat.

Under FPC guidelines, homes and small businesses have the highest priority among gas users, and may not have their supplies interrupted until all other categories are cut off.

The House Government Operations Committee last month warned that a severe shortage of natural gas this winter "is a very real prospect."

If the predictions of the producers, shippers, distributors, users and regulators of natural gas are realized, the natural gas shortage and resulting industrial, commercial and residential curtailments begin to assume the proportions of a national emergency, the committee said in a report.

The report warns that curtailments could be 45 per cent greater than in previous years and that alternate sources of fuel most likely will not be available.

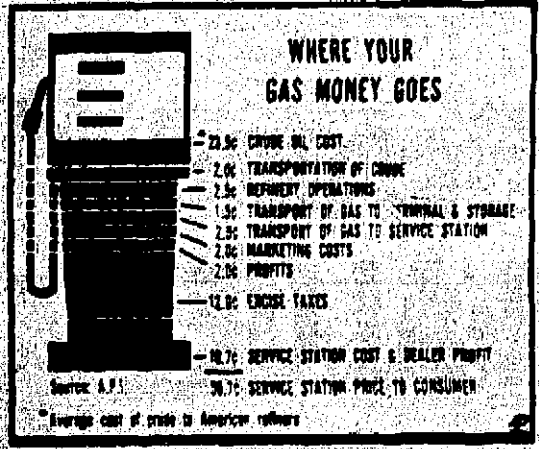

The document said that na-

CALL EXPECTED: President Ford is expected to call for voluntary conservation policies by states in his meeting with governors today in Washington on expected natural gas shortage this winter. Here he presides over meeting of Cabinet Wednesday in White House. (AP Wirephoto)

tural gas is used by 140 million Americans and more than one-half of the nation's industries, yet federal agencies have failed to prepare for the predicted shortage.

WHO GETS IT: This is how the cost of a gallon of gasoline breaks down, according to the American Petroleum Institute. Cost per gallon is the July average. (AP Wirephoto)

Two Area Road Bids Accepted

LANSING — The Michigan Department of State Highways and Transportation has accepted low bids for road improvement projects in

Berrien and Allegan counties. The Highway department received a low bid of \$87,974 to widen and pave the intersection at US-33 at Pokagon road, south of Berrien Springs. The bid was submitted by Pickett & Schreier, Inc. of Moline. Completion date is set for November.

Also received was a low bid of \$187,812 submitted by Milbocker & Sons, Allegan, to repave 2.2 miles of 108th avenue from a point one mile north of Plainwell, east. The project is expected to be completed by July, 1976.

All low bids must be approved by the State Highway commission and the State Administrative Board before contracts are awarded.

Bids for work in Allegan and Berrien were among low bids on 91 highway construction and maintenance projects accepted Aug. 30, in Lansing.

Watervliet City Mower Is Missing

WATERLIET — A riding mower-tractor, valued at \$2,300 and owned by the City of Watervliet, was stolen from a lot shed at Hays' park here early today, Watervliet police said. Officers said an employee of the Watervliet Paper mill observed a dark-colored van truck leaving the park around 1:45 a.m.

POLITICAL REFORM MEASURE

Republicans Shun Bill Signing

LANSING, Mich. (AP) — The House Republican leader refused to attend the signing of Michigan's comprehensive political reform measure Wednesday, saying the new law is laced in favor of organized labor.

House Minority Leader Dennis Cawthorne, R-Manistee, said he decided not to attend the bill-signing ceremony in Gov. William Milliken's office because it permits organized labor to funnel campaign funds between union locals.

Milliken signed the bill, the first in the nation to provide partial public funding of gubernatorial campaigns. But the governor, flanked by Democratic legislators, said he wants to eliminate "serious flaws" from the new law and put the measure into effect in January instead of waiting until April.

Milliken said waiting until April would make the law useless for the 1976 primary and general election campaigns.

Milliken also agreed with Cawthorne that the provision permitting funneling of funds should be dropped.

Milliken and Republican leaders say the transfer provision allows unions to avoid campaign spending limits and is unfair because labor traditionally supports Democrats.

"I'm not saying I'm not willing to compromise on it," said House Speaker Bobby Crim, D-Davison. "I'm saying I'm willing to have a look at it. I'm not sure that the governor and some of the Republicans really understand what that does."

No Republican lawmakers attended the bill-signing ceremony in Milliken's office. Cawthorne said he was aware of the bill signing ceremony, but decided not to attend because of his opposition to the fund transfer provision.

Senate Republican Leader Robert Davis, R-Gaylord, said he was unaware of the ceremony.

Milliken also signed into law a restructuring of the system of business taxation in Michigan. Eight business taxes will be scrapped in favor of a 2.35 percent levy on profits, payrolls, interest on investment and depreciation.

"On the political reform law, top Democrats said requirements for reporting campaign contributions over \$15 and the spending limits will keep the money transfers from being unjust."

Senate Majority Leader William Fitzgerald also said he is willing to look at amendments proposed by Milliken and foresees little problem with making the technical and corrective changes.

Republicans balked at giving the bill immediate effect, meaning Jan. 1, because of the same objections. Milliken raised.

The bill now takes effect April 1, unless enough changes are made to convince Republicans to vote with majority Democrats for the earlier date.

"I'll do everything I can to see that the bill gets immediate effect with the appropriate changes," said Davis.

Milliken urged voluntary disclosure if the bill is delayed until April.

The 2.35 per cent single business tax begins Jan. 1, replacing some \$800 million in current taxes on profits, net worth, intangible property and local inventory taxes. Milliken called it a "significant reform" which will make Michigan taxes simpler and more equitable.

"This will help stabilize state tax revenues and will promote economic expansion in Michigan by providing incentives for growth and efficiency while still recognizing the need for profitability," he said.

"This tax differs from any other tax in use in the United States," Milliken said. "Unlike familiar taxes, the single business tax is specifically designed for a modern, industrial market economy."

The eight taxes being replaced forced companies to choose between minimizing tax liability and acting efficiently, Milliken said.

The system is expected to generate jobs since it treats capital and labor inputs identically, thus encouraging investment in job-heavy industries, Milliken said.

TEAM AGAIN?: Elizabeth Taylor and Richard Burton disembark from their airplane at Ben Gurion Airport in Tel Aviv Wednesday after flying from Zurich. Taylor is in Israel to film "Abakarov," and Miss Taylor has been offered a starring role opposite her former husband. Couple announced last week that they had permanently reconciled, and Burton reportedly spoke of a possible wedding in Israel. (AP Wirephoto)

It's News TODAY

Yule Mail May Cost More

WASHINGTON (AP) — Americans can expect to pay more probably 3 cents more to mail their Christmas cards this December. The Postal Rate Commission is expected to take action today that will allow the Postal Service to raise the cost of mailing a letter from the present 10-cent rate. The Postal Service, which has been losing money at the rate of \$8 million a day under present rates, has wanted for months to raise the letter rate to 13 cents. But it hasn't been able to do so while the commission considered its request to make the last increase permanent. The commission is expected today to make permanent the 3-cent increase, to 10 cents, that has been in effect since March 1974 on a temporary basis. Postmaster General Benjamin F. Bailar announced in advance that the Postal Service would then increase rates on a temporary basis.

Cigarette Use Drops In U.S.

WASHINGTON (AP) — U.S. per capita cigarette consumption dropped slightly in 1974 to mark the first decline in five years, although the industry spent more for advertising last year than any year since 1970, the Federal Trade Commission said today. At the same time, the FTC told Congress that domestic sales were up about 1.7 per cent to 394.5 billion cigarettes last year. That was a record, surpassing the old high of 394.7 billion cigarettes sold in 1973, but indicating a slowdown in the recent trend, the FTC said. However, consumption on a per capita basis among U.S. residents and overseas military personnel 19 years of age and older was 4,110 cigarettes in 1974, compared with 4,112 in 1973 and 4,286 in 1972.

Both Sides Beef About Grades

DES MOINES, Iowa (AP) — Both consumers and cattle farmers are complaining about the price and quality of beef these days. And both may be right, says Iowa Agriculture Secretary Robert Lounsbury. "Consumers are paying the price of choice beef, but producers are being paid for good beef," Lounsbury said. "It's happening all over the country." Lounsbury, a former cattle producer, said Wednesday he has received numerous complaints that farmers are sending cattle they believe to be all choice grade to market, only to be told the majority of the beef "grades out" at good, the grade below choice.

U.S. Has Competition Again

WASHINGTON (AP) — The United States appears to be heading into a stiff international competition to sell Japan at least \$1 billion in new jet fighters. Once again, the main U.S. rival may be France. Defense officials say Japan is in the market for 100 to 125 new fighters to replace obsolescent warplanes. Four advanced U.S. planes are in the running — the highly sophisticated Air Force F15 and Navy F14, and the less costly Air Force F16 and Navy F18 light weight fighters. Pitted against them are the French Mirage F1 and the Swedish Viggen, both of which lost out earlier this year when four NATO nations picked the F16 as their basic fighter for the future. Another entrant for the Japanese competition is the MRCA, a plane developed jointly by Britain, West Germany and Italy.

New Look At Foreign Policy

WASHINGTON (AP) — A broad look at U.S. foreign policy will be taken by the Senate Foreign Relations Committee. Chairman John J. Sparkman announced today. He said, "as many as 20 non-partisan educational hearings" will be held to spell out the policy options available in the next decade. "The topics to be examined will include such broad issues as the nation's self-image, whether we should be a policeman or civilian in the world, whether we should be a merchant, philanthropist, or both," he said. Sparkman's statement said "the timing is most appropriate as the country enters its third century and passes from the post-World War II and Vietnam eras looking for new ideas and alternatives."

Counties Get Disaster Status

WASHINGTON (AP) — Cheboygan and Presque Isle counties have been declared agricultural disaster areas, entitling farmers to those areas to federal emergency loan assistance, a Michigan Congressman says. The two counties had heavy rainfall in May and June 1974, followed by a summer drought and an early fall frost. Farmers in both counties reported loss of milk production and a low supply of silage for beef cattle. The emergency loan program is available to farmers who suffer losses in areas designated by the secretary of agriculture. Officials said applications for loan assistance should be filed with the local county office of the Farmers Home Administration. The designation brings to 48 the number of Michigan counties declared agricultural disaster areas because of last year's weather conditions. The announcement of the federal move was made by Rep. Phillip Ruppe, R-Mich.

THE PECULIAR costume of the colonial backwoodsman, which attracted even more attention than their marksmanship, its pattern was borrowed from the Indians, consisting of a hunting shirt of linsey-woolsey. The shirt had a double cape and was fringed along the edges and seams and upon its breast was the motto "Liberty or Death." Around the waist it was secured by a belt in which were thrust a tomahawk and a skinning knife. Some men wore buckskin breeches, others preferred buckskin leggings and an Indian breechcloth. Officers were distinguished by the crimson sashes worn over their shoulders.

Police Hunt 'Fetishist' Murderer

MIAMI (AP) — A "Jack-the-Ripper" is responsible for at least 2 of 12 recent slayings of young women in the Miami area, and detectives theorize he may have left a trail of up to 30 bodies in five states. Police say they have no firm links but similar slayings have occurred in California, Washington, Oregon, Utah and Idaho. Investigators speculate that the killer is a loner, a drifter and a sexual deviate. In several of the Miami deaths and in most of the Western slayings the victims were white, under 30, had similar features and were drowned or strangled, officials said Wednesday.

Each had long hair and pierced ears, was sexually molested and was dumped either down an embankment or in creeks or canals. In most cases, the bodies were nude except for a single item, such as a necklace. None of the clothing or jewelry has been recovered, leading police to speculate that the killer may be a fetishist.

NEW COMMANDER
TOOELE, Utah (AP) — A new commander, Col. James F. McCluskey, takes over at Tooele Army Depot Friday.

It's NYC In '76 For Democrats

By DON McLEOD
AP Political Writer
WASHINGTON (AP) — The Democrats have decided to take their 1976 presidential nominating convention to New York, which needs the money, and the Republicans are looking toward Kansas City, which sits significantly in the heart of "Middle America."

The Democrats made their choice Wednesday after New York officials and labor chiefs pleaded that the financially troubled city needs the economic boost of a big convention and they promised there would be no labor complications.

The site selection committee, faced with some intraparty discord in California and a solid loyalist front in New York, agreed to accept the cramped quarters of Madison Square Garden over the spacious facilities of Los Angeles convention center.

The Republicans make their decision next month, and party sources say Kansas City has the inside track although Cleveland and Miami Beach are still in the running.

Mayor Abraham D. Beame told the Democratic committee their convention belongs in New York City and reminded them that "the people of New York are on the front lines of meeting the economic challenge."

The New Yorkers pointed out that their financial problems have forced layoffs of city employees, some of whom might be put back to work in the event of a convention boom.

Neal Walsh, New York's commissioner of public events, said the convention will be worth \$200 million to the city economy over the next year and

half. One of the big problems with Los Angeles was Gov. Edmund G. Brown Jr., who alienated convention planners by criticizing them for seeking fancy facilities. Brown suggested delegates sleep in church basements if they ran short of hotel rooms.

After the vote, Brown said in California he was disappointed. I think Los Angeles would have been by far the better place.

Although the roomy Los Angeles convention center would have provided better meeting facilities, it would have required bus transportation over the area's complicated freeways to and from hotels. Beame said New York had abundant hotel space, most within walking distance of the Garden.

The main problem with the Garden is that some delegates and alternates will be seated on elevated extensions, running up into the stands rather than down on the convention floor.

A Kansas City convention for the Republicans would be held in the sports arena with related functions in neighboring buildings.

The Republican site committee has initiated a model contract with Kansas City representatives, the only one reached so far, although this is not a formal commitment. Similar pacts are being discussed with Cleveland and Miami Beach, which hosted both parties in 1972.

Party officials said Kansas City now appeared to have the edge because of inadequate facilities in Cleveland, which would mean having to lodge some delegates as far away as Akron.

The Democratic convention starts July 12. The Republicans will meet either Aug. 16 or 23.

One Held, Another Freed At Hearing

One man was bound over to Benton Circuit court on armed robbery charges yesterday and a co-defendant was freed because the robbery victims stated he was not one of the holdup men.

Following a preliminary examination in Benton Fifth District court Harrison C. Holten, 28, of 251 Cornelia street, Benton township, was bound over to Circuit court on charges of armed robbery against Brenda Pierce and Lonnell George.

However, according to Asst. Prosecutor Quentin Fischer, the victims testified that William P. Archer, 22, of 1886 Superior, Benton Harbor, was not one of the two men who robbed them in Benton township Aug. 14. Archer was released and Holten remained jailed in lieu of \$5,000 bail.

Also in court yesterday another person was bound over to Circuit court, three demanded preliminary examinations and 14 were sentenced.

Bound over to Circuit court was Orla E. Harris, 30, of 871 East Britain, Benton Harbor. He is charged with breaking and entering Benton Harbor high school Aug. 15. He remained jailed in lieu of \$5,000 bail.

Descending examinations were:

David W. Blippen, 16, of 789 Sheridan road, St. Joseph, charged with receiving and concealing stolen property, a tractor Aug. 21 in St. Joseph township. He did not post \$5,000 bail.

Bernestine Howard, 23, of Chicago avenue, and Jessie James Davis, 27, of 1814 Bloomer lane, both of Benton township, on charges of larceny of several items from a building, Benton township. Jewel Reed store, Aug. 27. Neither posted bonds, which were set at \$1,000.

Sentenced were:

Harold Shue, 34, of 344 Jones, Dowagiac, \$175 for impaired driving Aug. 23 in Watervliet township.

Donald D. Wyoff, 26, of 1214 Superior, Benton Harbor, 23 days in jail for disorderly person, window peeping, Dec. 18 in Benton township.

Dennis Thompson, 22, of Chicago, 12 days in jail and \$500, or 45 days in jail total, for possession of marijuana Aug. 15 in Benton township.

Bartling A. Jensen, 26, of Detroit, three days in jail and \$50, or 15 days in jail total, for driving while license suspended Aug. 20 in New Buffalo township.

Sentenced for the following violations were:

Use of marijuana — George E. Pulliam, 18, of 345 Burton street and Douglas E. Haley, 17, of 300 South Crystal, both of Benton township, and Gregory Mahto, 18, of 751 Dune, Benton Harbor, \$50 each; Carl R. Sebastian, 17, of 325 Empire, Benton Harbor, \$100 and one year probation.

Driving while intoxicated — James J. Canama, 19, of Evergreen Park, Ill., and James Boston, Jr., 44, of Chicago, \$200 each; Larry Joe Bone, 22, of 7306 Hillendale, Benton township, and Leroy F. Moss, 44, of Columbia, \$150 and six months probation each; James R. Syler, 22, of Westville, Ind., \$175; Henry T. Yandenberg, 22, of 1120 Becka road, Columbia, \$150.

Fire Chars Bedroom In Benton

Benton township through put out a fire yesterday about 9 p.m. at the apartment of Mrs. Helen Adams, 1006 Britain avenue.

Firefighters reported the fire started from a heated electric fan apparently coming in contact with a bed. Fire damage was confined to the bedroom with smoke and water damage to the rest of the dwelling. No one was injured.

Dowagiac Teachers Ratify 2-Year Master Contract

DOWAGIAC — Members of the Dowagiac Education association yesterday ratified a new two-year master teaching contract with the Dowagiac school board, according to Ronald Walsworth, DEA president.

The contract calls for a 1.2 per cent pay hike for teachers with bachelor's degrees, and 2.2 per cent hike for teachers with master's degrees, the first year. The salary schedule is open for negotiation next year under the contract.

Under the new contract, various fringe benefits were also improved and are locked in for the next two years for the system's 180 teachers.

According to figures supplied by Sept. Lionel Stacey, under the new contract which was also ratified by the school board Monday night, a starting teacher with a bachelor's degree will receive \$8,700 on up to \$10,002 after five years. A teacher with a bachelor's degree plus 20 hours toward a master's degree, will start at \$9,800 on up to \$13,624 after 15 years. A teacher with a master's degree will receive \$9,400 the first year on up to \$14,288 after 14 years.

Last year the pay scale for a bachelor's degree ranged from \$6,000 to \$12,726 after 15 years, and the master's degree teacher was \$9,200 to \$13,964 after 14 years. Last year, the contract had no intermediate step scale for bachelor degree teachers who had earned hours toward their master's.

According to Stacey, contract figures represent base salary only. The school board also pays an additional 5 per cent annually toward each teacher's retirement fund.

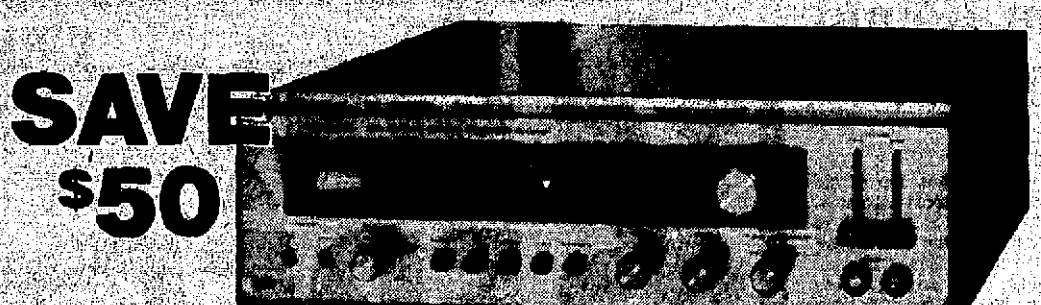

The two-year contract also increased hospitalization benefits to full-family coverage; retirement bonus from \$1,000 to \$1,250; and increased pay for extra duty performed by teachers, such as coaches. As an example, Stacey said Dowagiac's varsity football and basketball coaches will receive \$1,000 each extra, \$200 more than last year. Stacey said the extra duty pay hikes were the first in four years at Dowagiac.

How the teachers' union voted on the contract was not available today. But Stacey said he was told there were no more than three votes against accepting the contract.

U.S. Eyes Hoffa Ties In \$4 Million Race Track Loan

BALTIMORE (AP) — Teamsters Union pension fund officials knew of a Hoffa-family connection with a West Virginia race track when they approved a \$4 million loan to the track in 1968, the Baltimore Sun has reported.

Allen Dorfman, a fund consultant, told pension fund directors during a meeting on the loan that the daughter and son-in-law of then-Teamsters President James R. Hoffa held a 20 per cent interest in the track, the Sun reported, citing what it

called reliable sources. At the time the loan was made — Aug. 28, 1968 — Hoffa was still president of the union, although he was serving a 15-year prison sentence on charges of defrauding the pension fund and jury tampering. Hoffa

disappeared July 30. The loan by the Teamsters Union Central States Pension Fund is now the subject of an investigation by the U.S. attorney's office in Chicago. Federal prosecutors have subpoenaed records of the pension fund.

The Sun's report disputed claims to the contrary by Irvin Kovens, the former majority stockholder of the track and a political fundraiser for Gov. Marvin Mandel. The report would also weaken efforts to prove a conspiracy to defraud

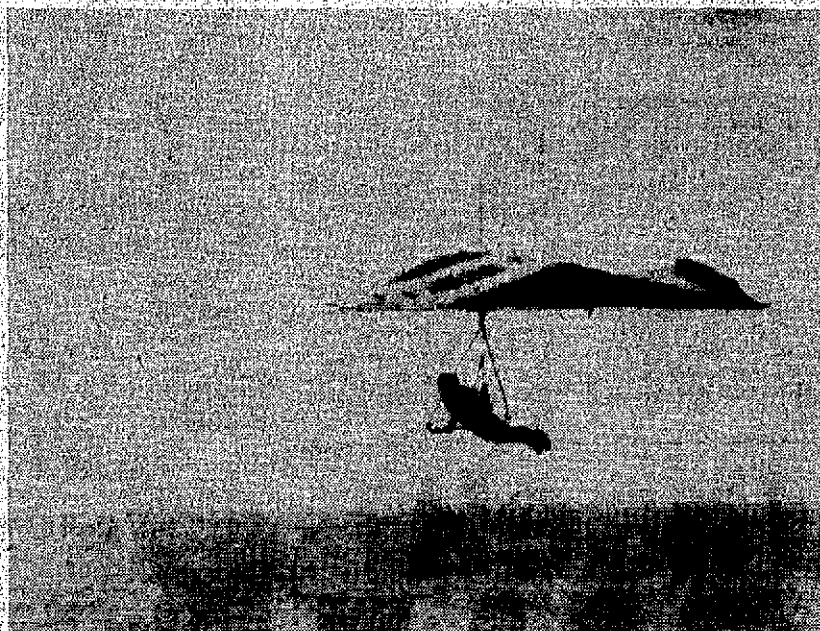

the pension fund, according to the Sun's sources. In 1971, Kovens and Robert and Barbara Crancer — Hoffa's son-in-law and daughter — reaped large profits from relatively small investments when the track was sold to the owners

of Wheeling-Dunbar, according to records maintained by the Securities and Exchange Commission. According to the records, the Crancers made a profit before taxes of \$1.3 million on an investment of \$60,000. Kovens

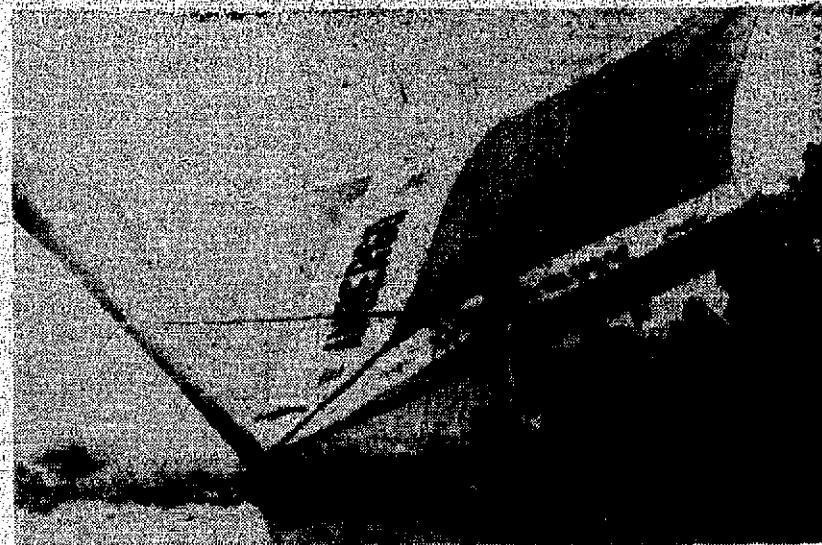

made \$3.8 million on the deal. The pension fund has been subject of almost a decade of federal investigations. Calvin Kovens, Irvin's brother, was convicted along with Hoffa of pension fund fraud and served almost a year in prison.

TAKEOFF: "First leap is always the hardest," according to hang glider pilot Jim Rhodes of Lincoln township. Danger of hang gliding, according to Rhodes, is gliding at the wrong time, when winds are turbulent or gusty. High winds, he said, could overturn 37 pound craft or send it sailing in uncontrollable dive or in wrong direction. (Staff photos by Harry Smith)

OVER LAKE: Pilot Rhodes turns glider back toward beach as he soars over lake. Craft soared approximately quarter of a mile before landing on beach. It's controlled by shifting body weight, Rhodes said.

PILOT AND GLIDER: Jim Rhodes, son of Mrs. Donna Sackett, 4390 San Martine street, Lincoln township, displays gear for flight off bluff in St. Joseph. Rhodes, 18, is 1975 graduate of Lakeshore high school and plans to attend Lake Michigan college this fall. Glider, costing approximately \$500, has lightweight aluminum frame and dacron sail. Rhodes has soared from Lookout mountain in Tennessee and Warren Dunes state park. Warren Dunes area is Mecca for midwestern participants in fast growing sport.

AIRBORNE: Pilot and glider soar off 140 foot bluff off Lake Shore drive, a quarter of a mile north of Hilltop road, St. Joseph. Nineteen foot glider sails with benefit of onshore winds which create "lift" when they hit bluff. Glider soars over beach using same principle seagulls use to hover over shore looking for fish, Rhodes said.

Generals Win Round With Isabel Peron

By ALFONSO CHARDY
Associated Press Writer

BUENOS AIRES, Argentina (AP) — Generals opposed to military participation in President Isabel Peron's government forced her to accept the resignation of the army chief and prevented her from maneuvering them into retirement.

After 24 hours of tension, rumors of an impending military coup and intensive negotiations, Mrs. Peron accepted the resignation of Gen. Alberto Numa Laplane on Wednesday night and named Gen. Jorge Rafael Videla, the head of the joint chiefs of staff, to replace

him. Videla, 58, was one of the generals who forced Laplane to quit. He also is reported to have initiated the investigation that linked Mrs. Peron's former chief adviser, Jose Lopez Rega, to the right-wing assassination squads that have been active in recent months.

The president reportedly hoped to force the dissident generals into retirement by replacing Laplane with an officer junior to them. But with all army units on full alert and the generals meeting at a nearby army base, she abandoned her plan and agreed to Videla.

Detroit Gets New Busing Plan Deadline

DETROIT (AP) — The Detroit School Board has been ordered to submit a revised student integration plan to a federal judge by Sept. 19, raising the possibility of a limited school busing program by January.

U.S. District Court Judge Robert DeMasco set the Sept. 19 deadline Wednesday, ignoring a school board request to submit the plan a month later.

Although DeMasco did not say when or if he would put the plan into effect, he told the

board he wanted it no later than Sept. 19, because a later date "may delay implementation beyond January 1978."

On Aug. 16, after extended hearings on school board and NAACP plans to bus Detroit school children to achieve Supreme Court ordered integration, DeMasco ordered the board to draw up a new, more limited proposal.

Wednesday's order established a deadline for that proposal.

DeMasco had originally

hoped to implement the integration plans this fall.

School superintendent Arthur Jefferson said Wednesday beginning a busing plan in January rather than this fall would "give us the time needed for smoother implementation" of the court order.

Also on Aug. 16, DeMasco refused to order massive busing to integrate city schools, and instead focused on upgrading the city's education system, including limited busing. His failure to order busing brought

an appeal earlier this week from the National Association for the Advancement of Colored People, which asked the 6th U.S. Circuit Court of Appeals to override DeMasco's decision.

An NAACP spokesman called the Aug. 16 order "token desegregation" and said a January implementation of limited busing would be "insignificant."

Woman Guilty In Mate's Slaying

GLADWIN, Mich. (AP) — After more than 18 hours of deliberations, a Gladwin County Circuit Court jury has convicted a 28-year-old woman in the

bizarre 1973 slaying of her husband. Karroli Nash was convicted of second-degree murder late Tuesday.

NEW IN STEVENSVILLE: United Sports Apparel has opened for business at 9722 St. Joseph avenue in downtown Stevensville under management of Jeanne Lenz, holding Lakeshore jacket. She said store stocks name brands of athletic footwear, school jackets, bowling shirts, other sports gear and provides custom lettering. Store is affiliated with Bargain Center, 1813 M-130, Benton township. (Staff photo)

Community Colleges Given Authority To Set Tuitions

LANSING, Mich. (AP) — Community colleges will be able to set their own tuition rates under legislation signed by Gov. William Milliken.

Another bill, Milliken signed Wednesday will make Vietnam veterans eligible for representation on the state Veterans Trust Fund Board.

The community college bill removes the state requirement that community college rates be \$10 per credit hour for in-district students, \$20 for out-of-district students and \$30 for out-of-state students.

The Veterans Trust Fund bill, one of several Milliken signed Wednesday, will assure "the needs and ideas of our young veterans are conveyed to their state government and that they have a hand making the decisions affecting the state's veterans' programs," Milliken said.

Milliken also signed a bill to revise distribution of income tax revenues to cities and counties in conjunction with the state takeover of welfare, excluding Aid to Dependent Children.

The bill changes the current formula, which sends 50 per cent to counties on a straight per capita basis and 50 per cent to cities, villages and townships. Instead, municipalities will

get 55 per cent and counties 45 per cent in 1976-77, with the ratio changing to 57 per cent and 43 per cent in 1977-78, 61 per cent and 39 per cent in 1978-79, and 65 per cent and 35 per cent in 1979-80.

Another bill creates the Michigan Higher Education Student Loan Authority to lend money to state students at eligible institutions, borrow money, issue bonds, invest funds and solicit grants and contributions.

Other bills Milliken signed

will:

—Require specific educational standards for persons applying for state real estate licenses and replace "male-oriented" terms such as "salesman" with "salesperson" or "broker."

—Restore the original pay differential between the state Tax Appeals Board chairperson and members, correcting an earlier legislative oversight.

—Authorize a person not now employed in social work to become a certified "social work technician" or "social worker" if the person has an associate, bachelor or masters degree in social work.

—Allow fees for certain services such as an inspection now provided at state expense under the weights and measures program.

—Eliminate a requirement that newspaper clippings of annual fiscal reports of fairs or exhibitions be filed with county clerks.

—Allow a school board election held in conjunction with a city election to have a filing date conforming to the city filing date.

—Exempt special school millage elections from scheduling restrictions in this year only.

Memorial Planned To Ford

OMAHA, Neb. (AP) — When President Gerald Ford was a congressman from Michigan two years ago, the vacant lot in Omaha on which his first home once stood was overgrown by weeds, full of old beer cans and other garbage.

But plans now call for a \$200,000 memorial to the man who became the nation's first non-elected chief executive.

Rates Will Be Hiked For Sewer

NEW BUFFALO — New Buffalo city and Chikaming township officials meeting here last night said they have decided not to raise tax rates to finance the projected \$17 million Galien river sanitary sewer system.

Instead, they said, they propose to extend the bonding schedule for a longer period of time and pay off local shares of construction costs through higher sewer use rates.

Members of the New Buffalo township board, the other municipality involved in the system, have scheduled a meeting for 9 o'clock tonight to discuss setting rates for sewer usage under the new system.

Representatives from all three municipalities indicated last night they will hold separate public hearings within the next few months to inform area

residents what the new sewer rates will be.

As planned, 75 per cent of the project would be federally funded, five per cent from the state, and the remainder from local revenues.

Instead of increasing local millages, officials said they would extend the length of time bonds to finance the project would be paid off, with the New Buffalo City debt expected to be paid by 1994, New Buffalo township by 2,001, and Chikaming township by 2,006.

New Buffalo City Manager William Marx said the city will continue its present method of billing every other month for residents who already have sewer service. He announced that the new minimum monthly rates would be: \$5.46 for the first 3,000 gallons or \$1.82 a 1,000 gallons for the first 7,500 gallons; \$1.45 per 1,000 gallons for the next 17,500 gallons, and \$1.24 per 1,000

gallons for over 25,000 gallons.

The current minimum monthly rate is \$3.46.

Marx also said that new customers not presently hooked-up to the city sewer system will be charged a \$1,170 tap-in fee.

Chikaming township officials said they would announce sewer rates at a future public hearing.

Raymond Stauder, an engineer, estimated that construction and hook-up of the Galien River sewer system will take about 2 1/2 years.

Joseph Svehia, New Buffalo township supervisor, said he planned to contact state health department officials to discuss how sludge from the system will be removed from drying beds.

The sewer board is scheduled to meet with bonding attorneys at 8 p.m., Sept. 10.

TRUCK DRIVER INJURED: Kirk L. Kingsley, 18, 152 Cook street, Allegan, suffered cuts and bruises when flatbed truck he was driving on I-94, four miles east of Lawrence, went off road into ditch about 5 a.m. this morning, according to state police at Paw Paw. Truck, loaded with wooden ties, was westbound at time, troopers said. Kingsley was listed in fair condition at Lake View Community hospital, Paw Paw, according to hospital officials. Police said truck's front was heavily damaged when it rammed ditch embankment. (Staff photo)

TWENTY-SEVEN SCRATCHED

Vandals Mar New Cars On Sales Lot

Twenty-seven cars were scratched and gas caps stolen from three others by vandals at Ned Gates Chevrolet, 300 West Britain avenue, Benton Harbor. The 30 cars all 1975 models.

The destruction was reported Wednesday to Benton Harbor police.

According to police reports, all 30 autos were parked in a lot across the street from the main offices. Police reported trunk lids and rear quarter panels were scratched. Officers suspect a nail was used.

Man Hurt As Car Runs Over Foot

A 61-year-old Niles man was injured Wednesday when an auto he was getting into ran over his foot in Royallon township, according to Berrien sheriff's deputies.

Treated for a dislocated foot and released from Memorial Hospital was Fred H. Geideman, 61, of 521 South Third street, Niles.

Deputy Robert Zink reported Geideman along with two other men were getting into an auto driven by James Kilarski, 31, Plymouth, Mich., when the accident occurred. According to Zink, Kilarski thought everyone was seated in the car when he started to drive off.

The accident occurred about 1:40 p.m. at the parking lot of the Wyndwicks country club, 3711 Niles avenue, Royallon township. No ticket was issued.

Court Bailiff In Hospital

PAW PAW — Veteran Van Buren Circuit Court Bailiff Hendrik J. (Heine) Baytendorp, 78, was listed in satisfactory condition at Lake View Community hospital here where he is undergoing testing and observation, according to a hospital spokesman.

Baytendorp suffered several broken ribs when he fell while visiting a son in Illinois last week, according to Sheriff Richard Stump. He was admitted to Lake View Monday for further testing.

Baytendorp has been circuit court bailiff since 1964.

O'Brien's Attorney Snubs Scent Story

(Continued From Page One)

the front seat. It turned out to be fish blood, as O'Brien had maintained.

FBI investigators then brought in three dogs and their handlers to determine if there was any trace of Hoffa's scent in the car. Federal officials told the Free Press.

Officials said the dogs indicated in all the tests that Hoffa had been in both the back seat and in the trunk of the car.

The Free Press said investigators close to the case indicated the testimony about the dogs' reactions might be admissible in court.

A State Police trooper said Wednesday it was "definitely possible" the scent in the car could have been left by some belongings of Hoffa's, such as a piece of clothing, rather than by Hoffa himself.

Charles Art, a dog trainer in suburban Plymouth, said it was "not unusual" for dogs to be used in situations similar to the one involving Hoffa. However, he said there are very few dogs in the country which are trained to do that type of work.

The Free Press also said the FBI is attempting other evidence taken from the Chevrolet car.

Hoffa, 62, was last seen outside the Madison Hotel Pub restaurant in suburban Westfield Hills about 1:30 p.m. July 30.

Hoffa's family said someone could be used at the restaurant to

meet Anthony Giacalone, and two other men. Giacalone has denied that such a meeting was planned.

Sources close to the grand jury investigation said the elder Giacalone is among those subpoenaed.

O'Brien has said he knows nothing about Hoffa's disappearance. He told investigators he used the car that day to deliver a fresh salmon to the home of a local caterer's official, Robert Holmes, in Farmington Hills, a northern Detroit suburb.

Mrs. Holmes confirmed that O'Brien delivered the fish and left her house about 2:30 p.m. on July 30.

O'Brien said he was worried blood from the fish might stain the borrowed car, and took it to a car wash to have the blood removed.

The manager of the car wash told the Free Press there was no record of O'Brien's visit and no one at the car wash could remember anyone asking about removing blood stains.

O'Brien said he left the car wash and drove back to the younger Giacalone's apartment.

"He came back with the car around 3:30 or 4 in the afternoon," the younger Giacalone is quoted as saying in the Free Press.

"We took a few minutes and I took him back to his office around 4:30," Joseph Giacalone said.

BH FIREMEN

Boy, 8, Rescued From Elevator

An 8-year-old Benton Harbor boy was rescued by Benton Harbor firemen after he was trapped in an elevator for about 30 minutes in the Kay building, 145 West Main street.

Fire Chief Harold Gaddie along with firefighters Dave Lincoln and Leonard Guess, responded about 4:30 p.m. Wednesday and released Demetrius Spann, 8, of 1294 Superior street.

Demetrius was trapped between the first and second floors. He was freed after second floor safety doors were opened with screwdrivers. He was not injured. He is the son of Alphonse and Anna Spann.

City firemen also extinguished a fire at the Harbor Towers, 256 Wall street, yesterday about 8 p.m. The fire was in the apartment of Mary Dixon. Cause of the fire was a pan of food being left on a heated stove. There was minor damage.

Returned To Illinois For Trial

A Harvey, Ill., man was returned to Cook county, Ill., Wednesday to face a murder charge after recovering from wounds in a Benton Harbor shooting July 17.

Benton Harbor police said Wilbur Johnson, 32, had been on \$50,000 bond from Cook county, but the bond had been revoked after he was shot here.

Johnson was discharged Tuesday from Mercy hospital where he had been since being wounded by a shotgun blast as he sat in a car on Territorial road. Police arrested Vincent J. Robinson, 36, of 627 North Shore drive, Benton township, on a charge of assault with intent to commit murder.

Police said they did not know details of the Illinois charge.

PLAN BOGS DOWN

LIMA, Peru (AP) — Arab attempts to get the nonaligned conference to call for the suspension or expulsion of Israel from the United Nations appeared bogged down today.

VW Plant Is Council Goal

industry to "maximize efforts at increasing fuel economy."

The panel also proposed elimination of the 10 per cent federal excise tax on trucks exceeding 10,000 pounds, saying the tax is "anachronistic and most inappropriate" during a time of such high unemployment.

In addition, the council wants the state to boost the number of vehicles it purchases each year and convince the federal government to do likewise.

"An increase in government purchases would ultimately have a positive impact on auto industry employment," the panel's report said.

Gov. William Milliken said Wednesday he hoped the council "can move Michigan further down the road toward economic recovery."

House Speaker Bobby Crim, D-Detroit, called the report "a fine first step toward economic relief for the people of Michigan." Crim added he was confident the long-term recommendations due next year "will be of great significance in reshaping and stabilizing the economy of this state."

Blumenthal said he didn't know how many jobs would be created if all his panel's recommendations were adopted.

"We did not want to get involved in a numbers game," he said. But he noted that the figure would go into the thousands.

The latest unemployment figures released by the Michigan Employment Security Commission showed 585,300 persons, or 14.2 per cent of the state work force, were off their jobs in July.

In its report, the council said the post of Public Works Commissioner should be created to pursue available federal funds, help Michigan communities secure such funds and push to get the money to communities quickly.

With regard to tourism, the council is calling on Michigan based industries and organizations to hold their conventions and meetings in Michigan. It also is urging Michigan indus-

Jail Inmate Gets Quick Transfer

DELHI, N.Y. (AP) — Mary Laux's stay in the Delaware County Jail was cut short when she complained of abdominal pains. The 28-year-old Stanford, N.Y., woman was taken to nearby Community Hospital, where doctors examined her and admitted her to the maternity ward. She was nine months pregnant, doctors told surprised cops Wednesday. "At no time did she complain of pregnancy, or indicate to anyone that she was pregnant," said Police Chief Thomas Tyrrell. Officers said the woman had been arrested Tuesday night on forged charges stemming from the casting of a bad check.

CITY HAS SURPLUS

LONG BEACH, N.Y. (AP) — As New York City grapples with a massive debt, this Long Island suburb has completed a special seven-month fiscal year with an \$878,529 surplus and halved its own \$1.7 million municipal debt.

Due Home

LAWTON — Van Buren county Commissioner Lloyd Martin of Lawton, who has been under treatment at Bronson hospital in Kalamazoo since Aug. 5 for what his wife, Opal, described as treatment of an infection, may be released by the end of the week.

"He's coming along real well and feeling much better," Mrs. Martin said yesterday. "He should be home by the end of the week."

Martin, 67, represents a district which includes Port Huron and surrounding areas and part of Paw Paw village.

DEATHS AND FUNERALS

Harm Wesseling

BLOOMINGDALE — Harm Wesseling, 76, Route 1, Gobles, died Wednesday afternoon in the Allegan General hospital.

Mr. Wesseling was born July 24, 1899, in Overhill township and was a retired farmer. He had resided in the Glendale, Bloomingdale and Gobles area 50 years. Mr. Wesseling was a member of the Townline Methodist church.

Surviving are his widow Helen; three daughters, Mrs. John (Gertrude) Dickerson, Bloomingdale, Mrs. Douglas (Frances) Champion Gobles and Mrs. Austin (Suzanne) Hall, Levittown, Pa.; four sons, Herbert Wesseling, Paw Paw, James Wesseling, Gobles, and Donald Wesseling, Bloomingdale and Clyde Pruitt, Gobles; and a sister, Mrs. Fanny Schuler, Dor, Mich. His first wife, Janetta, preceded him in death in 1960.

Funeral services will be held at 3 p.m. Saturday in Bloomingdale Chapel Robbins funeral home, where friends may call after 7 this evening. Burial will be in Evergreen cemetery.

grandmother, Mrs. Evan Collier, Boaz, Ky.

His father preceded him in death in 1973. Funeral services will be held at 1 p.m. Saturday in the Stafford-Robbins funeral home, Bangor, where friends may call after 7 this evening. Burial will be in Arlington Hill cemetery.

Clarence R. Shaw

CASSOPOLIS — Clarence R. Shaw, 74, Route 1, Vandana, died at 3:15 p.m. Wednesday in South Bend Memorial hospital, following an illness of several months.

Funeral arrangements were uncomplete today at the Connelly funeral home, Cassopolis.

Emil F. Gerardo

DECATUR — Emil F. Gerardo, 75, 514 West Delaware drive, Decatur, died Wednesday in Lakeview Community hospital, Paw Paw.

Mr. Gerardo was born Feb. 18, 1900, in Toluca, Ill. Before retiring he had operated a grocery store in Sturgis, Mich.

Surviving besides his widow, the former Anna Danner, are a sister, Mrs. Irene Holstrom, Winona, Ill., and five brothers, Alphonse, Raymond, and Jack, all of Toluca; Frank, Dayton, Beach, Fla.; and Albert of Sturgis.

A funeral mass will be celebrated at 11 a.m. Friday in Holy Family Catholic church, of which he was a member. Burial will be in Lakeview cemetery.

Crawford Rues Held

The body of Mrs. Lillian Crawford, 80, of 2770 South Lakeshore drive, St. Joseph, who died Tuesday in Shoreham Nursing home, has been cremated.

Arrangements were in charge of Day-Florn funeral home.

CAMP STRAFED

Prenatal Classes Planned In Paw Paw

PAW PAW — Lake View Community hospital has announced that it will begin a seven-week series of prenatal classes for expectant mothers starting Wednesday, Sept. 1, at 10:30 a.m.

The classes, which will be held in the hospital's multi-purpose room, are open free of charge to all expectant mothers under a physician's care and will cover topics relating to the care of both mother and baby before and after delivery. Fathers may also attend the classes.

The courses will be conducted by Mrs. Eulalia Farrington, hospital obstetrics supervisor, and Mrs. Phyllis Curtis, instructor director, with Mrs. Sue Weekender of the LaLeche League, conducting a discussion on breast feeding, a hospital spokesman said.

Hospital officials also announced that diabetic education classes have been changed to the first and second Wednesday of each month at 7:30 p.m. in the multi-purpose room.

Further information can be obtained from the hospital.

Oregon Hepatitis Cases Rise

(Continued From Page One)

may have been exposed to the contagious liver disease.

Health officials said they have sent bulletins across the country urging people who may have patronized the restaurants in the past six weeks to get treatment.

Thirty-two cases of suspected cases were reported Wednesday among employees and patrons of the two restaurants, which share storage facilities in the Georgia-Pacific building. Some of the victims have been hospitalized.

In an attempt head off an epidemic of the ailment, about 2,700 more persons were given gamma globulin shots at a free clinic Wednesday. The clinic will operate at least until Friday.

Health officials said the shots can lessen the symptoms of the disease, but do not cure it. Symptoms include a flu-like weakness, loss of appetite, drowsiness, fever, and headache. Jaundice may develop.

Dr. Hugh Tilson, the county health officer, said incubation periods for the disease range from two to seven weeks and it will be nearly two months before officials will know if an epidemic has been prevented.

The cover-up charges were made by two employees of the Hungry Horse restaurant, Carol Loughran, assistant manager of the restaurant's coffee shop and Debbie Johnson, a cashier at the restaurant.

They claimed employees had blood tests up to four weeks ago after a case of hepatitis was confirmed, but that they were told to keep the tests secret.

Miles Schleisenger, co-owner of Sisco Corp., which owns both restaurants, said the first case was confirmed about July 20, and that health officials were notified immediately.

Blood samples were taken a few days later, Tilson said.

Tilson said an employee who had been in personal contact with the first case became ill, as did a waitress and a food quality inspector.

Tilson and other health authorities decided that if someone else not in close personal contact with the first victim became ill, it would indicate a link in the food preparation.

That happened Aug. 22, the same day the restaurant closed, and the same day the symptoms of the waitress and the food inspector were confirmed as hepatitis, Tilson said.

He said a lone case of hepatitis in a food handling situation is not unusual and does not, in itself, indicate an outbreak.

"Not only did we not cover anything up," he said, "but we moved to immediate action. The opposite of cover-up."

In Appreciation

In memory of our beloved Linda, the family would like to extend their deepest gratitude and thankfulness for the support and assistance of our friends and relatives. Our special thanks to the doctors and nurses at Mercy Hospital, to Pastor George Wright, and Gary Glyn of the Northern Funeral Home.

Sincerely,
The Pace Family

Otterbacher Admits He's Facing Pros

By MIKE WYNGARDEN
Staff Writer

State Sen. John Otterbacher (D-Grand Rapids) admits that he doesn't meet the usual political standards to run for the U.S. Senate seat from which Democrat Philip Hart is retiring.

The only announced candidate for Hart's seat in the Aug. 1976 Democratic primary, Otterbacher said he is not "a household name, a member of a political family, the average Senate age of 58, nor from the Democratic stronghold of southeastern Michigan."

But Otterbacher, 32, told Berrien County Democrats last night at the Ramada Inn, south of Benton Harbor, that he considers the lack of those qualifications an asset.

"Those traditional qualifications are self-defeating," he said. "They end up being those glib, smooth-talking polished political pros who have a lack of energy and creativity in dealing with the nation's problems. I want to get to Washington before the rough edges are worn off."

At a press conference before the meeting, Otterbacher said he foresees a "tough" race for the seat with such probable primary opponents as Attorney General Frank Kelly, Secretary of State Richard Austin, and Congressmen James O'Hare (D-Detroit) and Donald Reigle (D-Flint).

Otterbacher says he hopes to come out on top by conducting a "personal" campaign, meeting the people at shopping centers

and door-to-door campaigns. "I don't like the TV politics of campaigning from a studio," he said, "and I couldn't afford it if I did."

It's a steep, uphill battle, as Otterbacher admits, but he also says he likes it that way. "If you are expected to win, you have more pressure on you. I wouldn't learn anything if I didn't have to fight every step of the way."

Otterbacher has a bachelor's degree from Aquinas college, a master's in psychological research from St. Louis university, and a Ph.D. in clinical psychology from St. Louis.

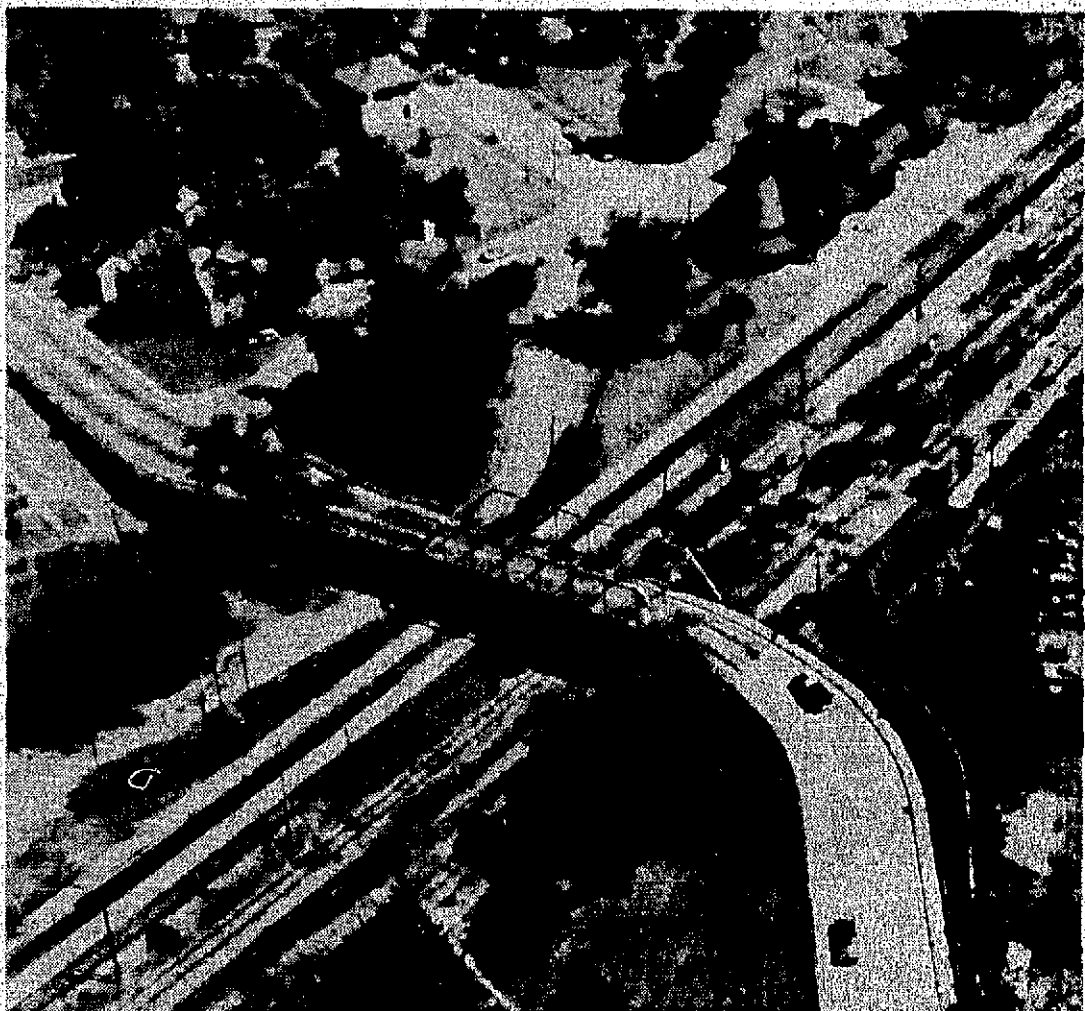

He maintained a private clinical psychology practice in Grand Rapids until he entered politics in 1972. In the state senate, he is currently chairman of the Special Senate Committee to Investigate Nursing Homes and the Health, Social Services and Retirement committee.

Decatur Teachers Undecided

DECATUR — Teachers in the Decatur public school system voted last night to continue efforts to meet with school officials to bring about an agreement in the stalled contract talks between the Decatur Education Association and the Decatur school board.

Pat Houseman, DEA chief negotiator, said teachers will decide at a meeting at 7:15 Tuesday morning, whether they will return to school without a contract. Decatur schools begin classes Tuesday.

"The board has refused to meet with us before school starts," Mrs. Houseman said. "They have not moved from their original offer made on June 26." The Decatur public school system employs approximately 60 teachers.

TO BE REMOVED: Eighty-four-year-old North Fifth street viaduct over Penn Central railroad tracks, Niles, was recently ordered removed by Michigan Public Service Commission. Viaduct is to be replaced by grade crossing. City and Michigan Department of State Highways are in favor of grade crossing while

railroad officials are opposed. Removal is to be completed by Nov. 1, 1976. Viaduct is reported to be oldest in both age and design of any bridge in Michigan. At upper right is train depot. (Adolph Hann aerial photo)

Skinny-Dipping Girls Have Their Suits Stolen

By STEVE SAGER
Staff Writer

Three nude girl bathers were left in a somewhat embarrassing position at Warren Dunes state park when a bearded thief scooped up their discarded bathing suits from the shore and took off. John Harner, Baroda-Lake police chief, said there was a group of seven girls, between the ages of 14-18, all from Glen Ellyn, Ill., bathing in Lake Michigan off Warren Dunes. Four of them were skinny dipping, with their suits on shore. A man came running by, grabbed three suits and fled down the beach. The girls, wrapped in towels, chased the man about 1 1/2 miles before giving up. The man was described as white, with a heavy beard and wearing cut-offs. The girls reported they had been camping near the park. The incident occurred Tuesday about noon.

River Valley Plans Full-Day Opening

THREE OAKS — River Valley school district's 1975-76 school year begins with a full day of classes for students on Tuesday, Sept. 2, according to Supt. Dr. Charles O. Williams.

Teachers and administrators met Wednesday and Thursday of this week for orientation sessions, Dr. Williams said.

School bus runs will be es-

entially the same as last year, the superintendent said. The cafeteria will be open for hot lunches on Sept. 2, he added.

The school calendar calls for Oct. 22 as an in-service day for teachers and no classes for students. Other first semester dates include, Nov. 28, dismissal at noon for Thanksgiving vacation, classes resume Dec. 1, Dec. 19, dismissal at regular

time for Christmas vacation, classes resume Jan. 5, and Jan. 22-23, semester exams.

The second semester begins on Jan. 26. Other second semester dates are, April 5-9, Spring vacation, April 16, no school; Easter holiday; May 31, no school; Memorial holiday; June 7-8, semester exams, and June 8, last day of school for students.

Township Board Stresses Need For 'Yes' Fire Vote

By TOM KENNER
South Haven Correspondent

SOUTH HAVEN — The necessity of obtaining voter approval of a proposal for financing fire protection of South Haven township was stressed by the township board during a special meeting last night.

Township voters will go to the polls next Tuesday to consider establishing the entire township as a fire protection district.

If approved, the township board would be granted

authority to levy a tax necessary to pay for a contract for fire protection services with the city of South Haven.

Previously, township voters were asked to approve specific millage for financing the service. Approval of the district would vest authority for setting the millage with the township board. An annual public hearing would be required.

The urgency of the matter rests with the fact that the township's current contract with the city began July 1 and

that the budget was created assuming voter approval of the proposal.

"If we get a 'no' vote our budget will really get knocked crazy," noted Clerk Franklin Torp.

The contract with the city requires the township to pay the equivalent of three mills of assessed valuation of the township. This will be \$23,496 for the current year, according to Torp.

Rejection at the polls next Tuesday would require the township to either revise its budget or dip into its reserves because Sept. 12 is the deadline for placing levies on the 1975 winter tax roll.

Torp reported the township has \$28,000 in a reserve fund, but stressed that the township's ambulance service is also faced with a potential deficit that could require a transfer from the general fund.

Most of the questions by the audience of 30 centered around the township board's authority after the fire district is established.

"Our intent at this time is to levy the same amount of money as the contract with the city calls for," Torp said, discounting rumors that there was some thought about the township establishing its own fire department. The contract with the city runs through June 30, 1977.

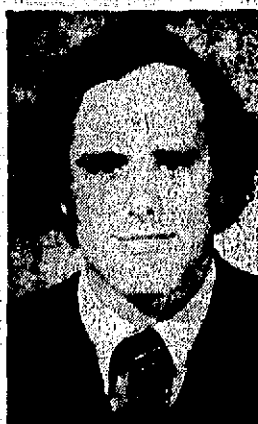

Torp said state law governing fire protection districts grant a township board authority to create its own fire department.

"We have to protect ourselves, but if we can get service through the city for three mills I would stay with them," said Torp. "It would be foolish to act in any other way."

The clerk indicated he would lean toward the township providing more services for its

people. "We have been stepping in our tracks by the city's influence on our people. If we don't provide services to our people it is going to be easier for the city to annex our property. Right now, however, we are not talking about establishing our own fire department," he said.

The township board at the special meeting consisted of three members, two less than normal because of the recall of Supervisor Clifford Klapp and Trustee Donald Getman. The vacancies will be filled during the same election next Tuesday.

TEACHING AT SEA: Steven W. Bannow, son of Mrs. Elizabeth Bannow, 375 West Napier avenue, Fairplain, and the late George Bannow, received a master's degree in English from University of South Carolina Aug. 16. He is now teaching as a South Carolina faculty member aboard the USS Vaktre, a destroyer in the Mediterranean. Classes are called PACE (Program Afloat for College Education). Bannow will start work on a doctorate at South Carolina in January.

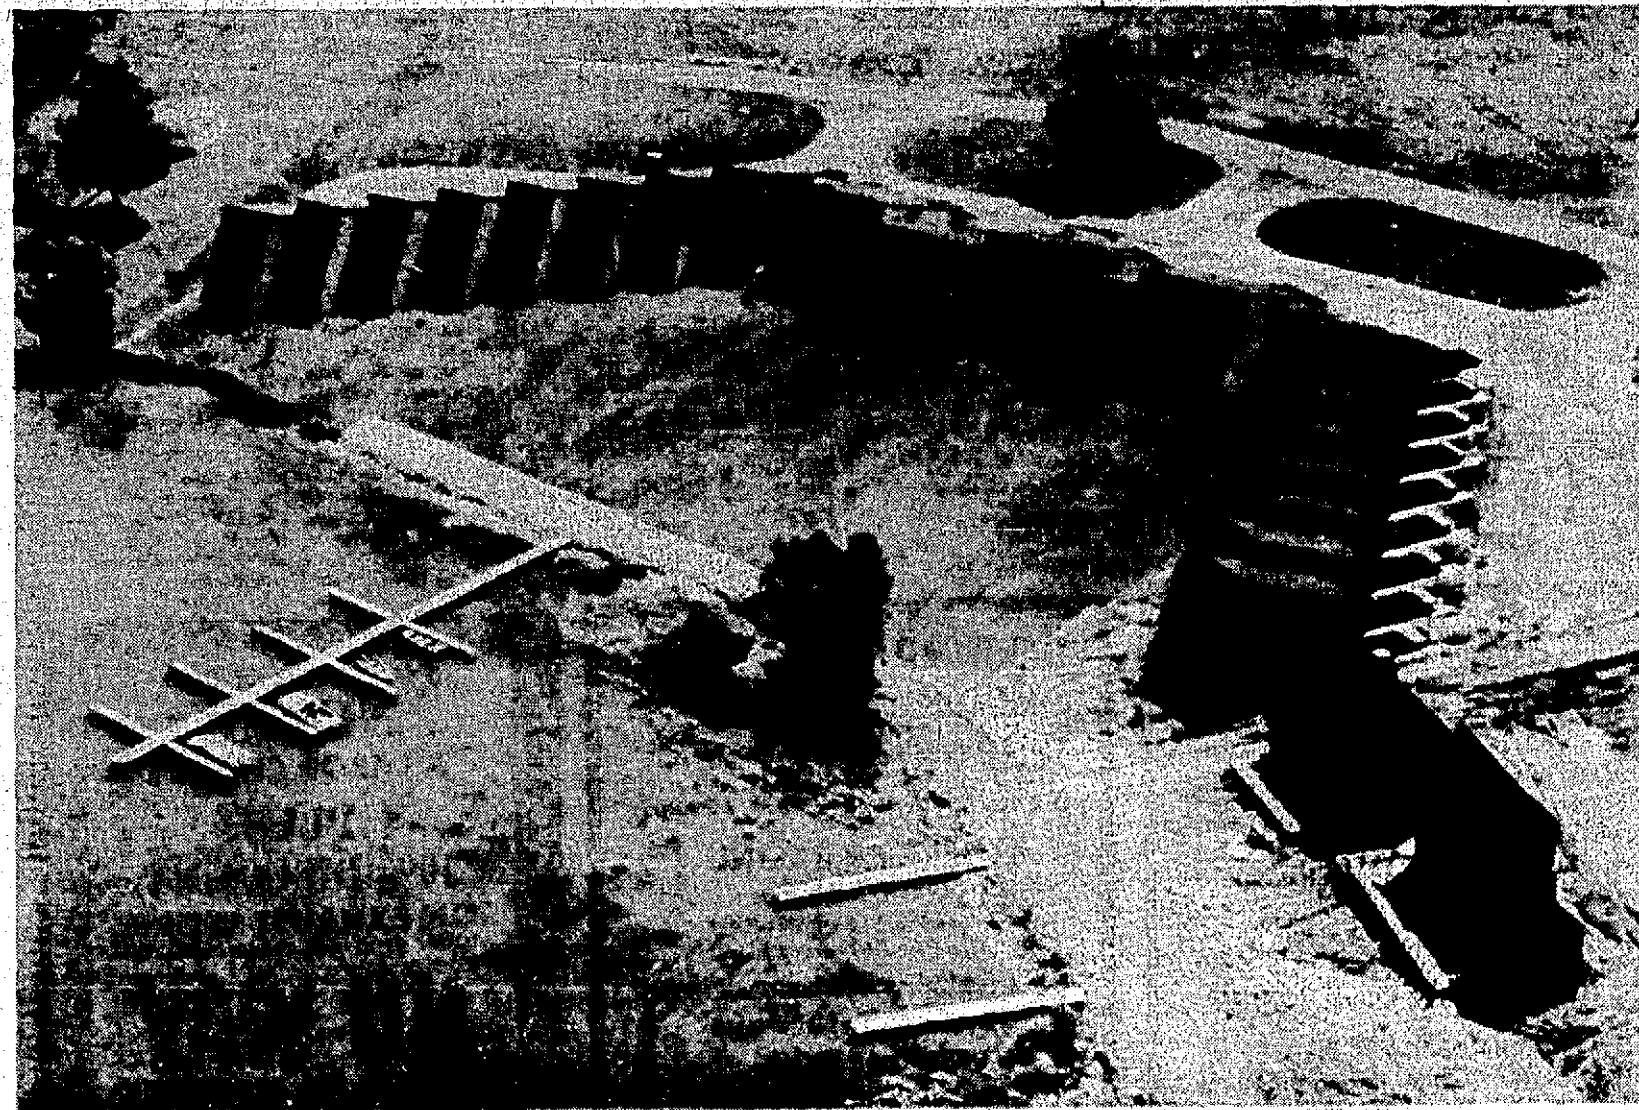

Head Start Registration

Pre-registration day for the Tri-County Head Start program's pre-school classes beginning in October in the Twin Cities, will be held Friday, Aug. 29, according to Miss Vicki Sitar, Head Start secretary.

Pre-registration hours will be held from 10 to 11:30 a.m. at Seeley McCord school, Benton Harbor, and from 1 to 3 p.m. at Washington elementary school,

St. Joseph. The pre-school program is federally funded for children of low income families, according to Miss Sitar.

Families in Van Buren and Cass counties wishing to learn about similar programs in their counties, can contact the Tri-County Head Start office in Decatur, Miss Sitar said.

Dave Bing Going To Washington?

Pistons Expected To Get Porter

DETROIT (AP) — Dave Bing, veteran captain of the Detroit Pistons and the team's top scorer, has been traded to the Washington Bullets for Kevin Porter, sources in Detroit said Wednesday.

The National Basketball Association also gave the Pistons their No. 1 draft choice in 1977, the sources said. Official announcement of the deal was expected today in Detroit.

A Pistons spokesman would not say that the trade involved

a club in the eastern portion of the country and refused to elaborate.

Bing holds all team scoring and assist records for the Pistons, was NBA rookie of the year in 1967-68 and won the NBA scoring championship the following season. He was named to the NBA all-star team six times.

There has been little doubt that Bing, 31, would be traded. He fell into disfavor last season when he publicly criticized Detroit coach Ray Scott for cutting veteran forward and close friend Don Adams.

Bing has scored more than 15,000 points for Detroit and handed out more than 4,300 assists. His scoring average as a pro tops the 23-point mark and he holds a total of nine career club records.

The high-scoring pro had the power to approve any trade. He indicated earlier he wanted to go to a championship team, and Washington played Golden State for the NBA crown last season.

Despite his performance in the past, the Pistons apparently were concerned with his age and the large number of turnovers he committed last season when Detroit went to a controlled offense.

Porter, 23, led the league in assists last season and had more steals than any single player on the Detroit club. He would fit in nicely as a floor leader, but his scoring average is just 11.6 per game, less than half Bing's total.

The 5-11 Porter is regarded as one of the toughest small men in pro basketball, and is aggressive both on defense and offense.

Tireless Blyleven 'Eases' To Shutout

From ASSOCIATED PRESS

Bert Blyleven took his 11-inning, 13-strikeout performance in stride. "I felt pretty good," said the Minnesota Twins ace. "I thought if I kept them from scoring, we'd win eventually."

He did, and he did.

The 6-foot-3 right-hander walked only one batter Wednesday night, got all the support he needed from Tony Oliva's pinch-single in the 11th, and could have pitched a few more innings if he'd needed to.

"I wasn't getting tired," he said after the six-hit masterpiece. "I just kept mixing fastballs and curves in order to stay in there until we got around to scoring a run."

It took awhile, but Oliva's single delivered pinch-runner Steve Brye, with the run that gave the Twins a 1-0 triumph and left the Brewers in awe.

"Blyleven is one of the premier pitchers in the game," marveled Milwaukee Manager Del Crandall.

"The guy is so tough he makes everything look simple," added losing pitcher Bill Travers, who pitched four-hit ball for 10-1 innings — his longest stint since his

high school days.

Elsewhere in the American League, Boston topped California 6-2; Baltimore trimmed Kansas City 4-2; Oakland nipped New York 3-2; Texas trounced Detroit 8-2; and in a two-night doubleheader, Chicago beat Cleveland 2-0, then lost the nightcap 5-0.

Roger Moret allowed eight hits and walked seven but raised his record to 11-2 as Boston whipped California before 34,230 at Fenway Park.

The Red Sox got three first-inning runs, on doubles by Denny Doyle and Fred Lynn and Jim Rice's 21st homer into the center-field bleachers.

The Angels came back with two runs in the second — on one single and four walks — with a sacrifice fly thrown in. Then Boston added a run in their half and two more in the third.

Six extra-base hits, including a key two-run double by Ken Singleton in the fourth inning, lifted Baltimore past Kansas City.

Thurman Munson's ninth-inning error, his 10th of the year, allowed pinch-runner Matt Alexander to reach third and score on Gene Tenace's sacrifice fly for Oakland's winning run in the ninth inning.

Ferguson Jenkins and Steve Foucault combined on a nine-hitter and Jim Spencer paced a 12-hit Texas attack to lift the Rangers over the Tigers.

Spencer had three singles and a double and Jeff Burroughs, Tom Grube and Roy Howell each drove in two runs as the Rangers ran their winning streak to five games.

Fritz Peterson pitched a four-hitter, and John Lowenstein triggered a three-run first

inning with a home run to lead Cleveland to a 5-0 victory over the Chicago White Sox and give the Indians a split of Wednesday's two-night doubleheader.

Jorge Orta and Bill Melton smashed homers to give the White Sox a 2-0 victory in the first game.

In the second game, Lowenstein crashed his sixth homer of the season over the right-center field fence to open the bottom of the first off. Jesse Jefferson, 5-7, Two out later, Jefferson issued four straight walks to force in the second run. The third came in when catcher Pete Varney threw into the dirt in front of the mound for an error.

The Indians added a pair of runs in the fifth on three hits, including run-scoring singles by Duane Kuiper and Rick Manning. Peterson, 10-7, is unbeaten in six decisions since coming off the disabled list July 17.

In the opener, Orta hit his sixth homer, in the third inning off Jim Bibby, 4-14, and Melton belted his 12th of the year, in the seventh. Bibby finished with a three-hitter. Winner Claude Oster, 7-12, checked the Indians on four hits before Rich Gossage replaced him in the ninth.

In the opener, Orta hit his sixth homer, in the third inning off Jim Bibby, 4-14, and Melton belted his 12th of the year, in the seventh. Bibby finished with a three-hitter. Winner Claude Oster, 7-12, checked the Indians on four hits before Rich Gossage replaced him in the ninth.

First Pads For U-M

ANN ARBOR, Mich. (AP) — The University of Michigan football team put on pads Wednesday for the first time this year in preparation for the 1976 season.

Couch Bo Schembechler said the 106-member Wolverine squad will have its first scrimmage Friday and will continue two-a-day workouts through next Wednesday.

Schembechler indicated most of practice is being devoted to preparations for the team's season opener at Wisconsin Sept. 13.

"This is the toughest opener and most important opener we've had since I've been here," he said.

Three members of the team's defensive backfield have suffered minor injuries, although they have continued to play.

Derek Howard and Jim Boldin had thigh injuries, and Ray Johnson was plagued with a slight knee injury. Tight end George Przygodski has suffered an ankle injury.

Taylor Funeral

ATLANTA (AP) — Funeral services will be held next week for Chicago Air Force Base Lt. Col. James Earl Ray, a Marine Corps football player who died Tuesday following the assassination of Dr. Martin Luther King Jr.

Funeral officials said the 39-year-old Taylor collapsed and was taken to Grady Memorial Hospital where he was pronounced dead after unsuccessful attempts to revive him.

AMAYA ATTACKS: Victor Amaya of Holland, Mich., a senior at the University of Michigan, strokes a return to Arthur Ashe during Wednesday's play at the US Open Tennis Championships at Forest Hills stadium. Amaya, a last-minute substitute, came within two points of winning the second match but was eventually subdued by Ashe 6-3, 7-6. (AP Wirephoto)

Montefusco Follows With Own Hit Act

From ASSOCIATED PRESS

John Montefusco is coming up in the world. He may be taking the elevator to the penthouse pretty soon.

The San Francisco Giants' rookie right-hander had a pretty tough act to follow when he took the mound Wednesday. "Ed Halicki got his no-hitter Sunday and then Pete Falcone struck out 12 Tuesday night, so I had to do something," he grinned.

What he did was get 14 strikeouts, tops in the National League this year, and breeze to a 5-1 rout of the Expos.

In the rest of the NL, New York beat San Diego 7-0, Atlanta upended Pittsburgh 6-1, Los Angeles pummeled Philadelphia 10-0, Houston defeated St. Louis 5-1 and Cincinnati edged Chicago 6-5.

"I finally did it, something better than anyone in the National League!" Montefusco crowed after finally achieving a month-long goal — getting his 11th victory of the year.

With his 14 strikeouts, Montefusco boosted his season total to 188, one shy of John

D'Aquisto's year-old club record for a rookie.

Bruce Miller was particularly tough on the Expos, driving in four runs with a two-run single in the sixth and a triple in the eighth. Bobby Murcer kicked in with a two-run single in the third inning.

Tom Seaver became the NL's first 19-game winner and edged within five strikeouts of a major league mark while riding homers by Dave Kingman and Rusty Staub to his victory over the Padres.

Seaver, who hurled a six-hitter for his fifth straight victory, struck out 10 batters and needs just five more to become the first major leaguer ever to fan 200 or more batters eight seasons in a row.

The Braves, held hitless by John Candelaria for 6-2/3 innings, broke through for a pair of unearned runs in the seventh inning before Ralph Garr's debreaking single in a four-run ninth beat the Pirates.

Shortstop Craig Reynolds' wild throw on Vic Cornell's leadoff grounder in the ninth — his second error of the game

and the Pirates' fourth — started the Braves' decisive burst, which was capped by Darrell Evans' two-run single.

Despite the loss, Pittsburgh remained three games ahead of St. Louis and four in front of third-place Philadelphia.

Burt Hooton chalked up his seventh straight victory with a three-hitter and highlighted a seven-run sixth inning with a two-run single to lead the Dodgers past Philadelphia. Ron Cey chipped in with his 18th homer to hand the Phils their fourth loss in the last five games.

St. Louis' four-game winning streak tumbled to an end as the Cards committed five errors — two of them by rookie third baseman Hector Cruz — to give Houston three of its runs. Jim York and Jose Sosa made them stand up with ease, scattering nine hits.

Ken Griffey led Cincinnati's 15-hit attack with four singles and Pedro Borbon checked Chicago on three hits in a long relief role as the Reds beat the Cubs.

The offensive barrage, in which every Cincinnati starter except Darrell Chaney contributed, saddled Bill Bonham with his 12th loss in 23 decisions.

Borbon, 2-4, who replaced starter Pat Darcy at the beginning of the fourth, surrendered one run before leaving for a pinch hitter in the ninth.

The Reds snapped a 4-4 tie and took the lead for good in the fourth. After Tony Perez' sacrifice fly scored Pete Rose, George Foster knocked in the go-ahead run with a single.

The Cubs had gone ahead 4-3 in the third on pinch-hitter Pete LeCock's double.

The Reds scored in the first on Perez' single, then added two more runs in the second on RBI singles by Bill Plummer and Joe Morgan.

No-Hit Halicki Honored

SAN FRANCISCO (AP) — San Francisco Giants right-hander Ed Halicki has been named National League player of the week after his 6-0 no-hitter against the New York Mets Sunday, league President Club Feeney announced today.

The 6-foot-7 hurler faced only 30 batters and fanned 10. It was the first National League no-hitter in over two years. The last one was on Aug. 5, 1973, when Phil Niekro blanked the San Diego Padres.

'King' Smith Now In Exile

Loses In First Round At Forest Hills

FOREST HILLS, N.Y. (AP) — Three years ago Stan Smith was the king of tennis. Today he is in exile.

"The game isn't as much fun, not when you're losing," said Smith. "The excitement of playing is there. I know I can play well. It's a combination of things."

He mentioned a lack of aggressiveness, not hitting, not moving, impatience, the mind. Then, almost as an afterthought, he mentioned a painful tennis elbow.

Only Pat Renshaw of New Zealand shed more light on Smith's plight after beating him in the first round of the U.S. Open Tennis Championships Wednesday, 6-4, 6-2.

"I see him with his arm in ice after matches," Renshaw said of the former U.S. Open and Wimbledon champion. "Before he plays I see him having it rubbed down. He does it in a corner so no one sees him."

He's a pretty good sport and never says much to the players. But when you walk out on court with a sore arm, you change your strokes. You lose confidence, lose matches. You have to play 100 per cent and he's playing only 80 per cent.

"I'd say he needs a good long rest."

Smith, 28, won the Open in 1971 and Wimbledon in 1972. He was rated the No. 1 player in the United States and the world in 1973. Last year he shared the No. 1 billing in the United States with Jimmy Connors and this year is ranked No. 2.

But he has been at such an ebb that he couldn't get past the first round of Wimbledon this

year, losing to Byron Bertram of South Africa in straight sets.

He hasn't won a tournament in 15 months and for the first time since he can remember he wasn't seeded for this year's Open, even though he reached the quarter-finals last year.

Although Smith failed to get past the first round, his compatriot, No. 4 Arthur Ashe, and four other seeded players advanced.

Ashe, the Wimbledon champion, beat Victor Amaya, a 6-foot-8 University of Michigan senior, 6-3, 7-6. Amaya, a substitute for Harald Elsenhede of West Germany, who failed to show, had only 15 minutes notice for his center court match, the first of the 1976 Open on the new "clay-like" surface, which replaces grass.

Roscoe Tanner, the No. 30 seed, ousted Dave Schneider of South Africa 7-5, 4-3, 6-1. Harold Solomon, seeded 13th, eliminated Victor Pecci of Paraguay 5-7, 6-2, 6-2 and Vilas Gerulaitis, the No. 14 seed, advanced with a 6-7, 6-3, 6-2 triumph over Joaquim Rasgado of Brazil.

Jan Kodes, the No. 15 seed from Czechoslovakia, blitzed Graham Stilwell of Great Britain 6-4, 6-1 and Tom Okker, the No. 6 seed from the Netherlands, closed out the day with a 6-4, 6-2 triumph over Jurgen Fassbender of West Germany.

With perfect tennis weather, a record first-day crowd of 12,722 turned up at the remodeled West Side Tennis Club.

Another 4,949 watched the night action, the first of eight nights under the lights.

Boryla Starting For Philadelphia

PHILADELPHIA (AP) — The Philadelphia Eagles, still trying to find an offense that has been missing since 1973, meet the Cincinnati Bengals tonight in a National Football League exhibition game.

Coach Mike McCormack announced that young Mike Boryla, who turned last season from disaster into a 500 yard, will start at quarterback for the Eagles.

Philadelphia had lost six straight last year, when McCormack in desperation benched veteran Roman Gabriel and turned the offense over to rookie Boryla. The former Stanford star led the team to three straight victories.

Despite Boryla's work in those final three games of 1974, McCormack has insisted Gabriel still is his No. 1 quarterback. He prefaced Boryla's starting assignment for this game against the Bengals by reasserting confidence in Gabriel.

Tonight's game starts off another spate of weekend exhibitions in the NFL.

Friday night it will be Detroit at Washington. On Saturday it's Pittsburgh vs. the New York Giants at Princeton, N.J.; the New York Jets at Atlanta; San Diego at St. Louis; Denver at Chicago; New England vs. Green Bay at Milwaukee; Dallas at Houston; Los Angeles at Kansas City; Baltimore at New Orleans; and San Francisco at Oakland.

There are no games Sunday

but on Labor Day Buffalo is at Cleveland in an afternoon game and Miami is at Minnesota at night.

The Eagles have won two of three exhibitions, but the offense has been less than spectacular. Gabriel has completed 24 of 61 passes for 195 yards and one touchdown. The 14-year veteran had been unable to generate an offense. The defense intercepted seven passes, three returned for TDs, to key last week's 24-0 success against New England.

Boryla in exhibition action has completed 20 of 43 passes for 203 yards and two TDs. He has, however, demonstrated more mobility and more imagination than the 14-year veteran Roman Gabriel. Boryla is expected to play at least the first half against the Bengals, with Gabriel directing the offense in the final two quarters.

Veteran quarterback Ken Anderson is expected to lead the Bengals on offense, complemented by running backs Ed Williams, Stan Fritts, Boobie Clark and Lenny Elliott. Anderson has completed 40 of 71 for 472 yards and six TDs.

Taylor Funeral

ATLANTA (AP) — Funeral services will be held next week for Chicago Air Force Base Lt. Col. James Earl Ray, a Marine Corps football player who died Tuesday following the assassination of Dr. Martin Luther King Jr.

Funeral officials said the 39-year-old Taylor collapsed and was taken to Grady Memorial Hospital where he was pronounced dead after unsuccessful attempts to revive him.

Upsets Highlight U.S. Am

Two State Golfers Remain In Running

RICHMOND, Va. (AP) — A shake-up may not win the title, but the Class of '76 is making its presence felt in the 76th U.S. Amateur Golf Championship.

Another wave of upsets literally dotted Wednesday's second-round results as the field was reduced to 64. Chad among the performers were first-time starters in this prestigious event.

The biggest shocker was a 19-hole victory scored by 15-year-old Billy Horschel of St. Louis, Mo., who defeated the 1975 U.S. Amateur champion and current British Amateur titleholder, who was playing on his home course, the Virginia's James River course. It was the 15th time that the 22-year-old Horschel had played in the tournament.

The result was the same for three other competitors with considerable experience and success in previous events:

—Former British Amateur champ Dick Siderow of Westport, Conn., 37, playing in his 18th U.S. Amateur, was ousted 1 up by Bruce Ziemski of Dudley, Mass.

—Dale Morley, 34, of High Point, N.C., went to the clubhouse a 1-up victim of Barton Goodwin of Houston.

—Jay Hahn, the NCAA champion playing in his fourth tournament, was eliminated by Tim Evans of Northbrook, Ill., 1 up on the 18th hole.

The victors include Price, 25, Ziemski, 26, Goodwin, 19, and Evans, 21. And they accounted for only a portion of the upsets.

Other noteworthy entrants bounced out included 1974 quarter-finalists Jerry Courville and Jeff Pomeroy; Porter Cup winner Jay Sigel, and 53-year-old Roger McManus, who was in his 17th Amateur.

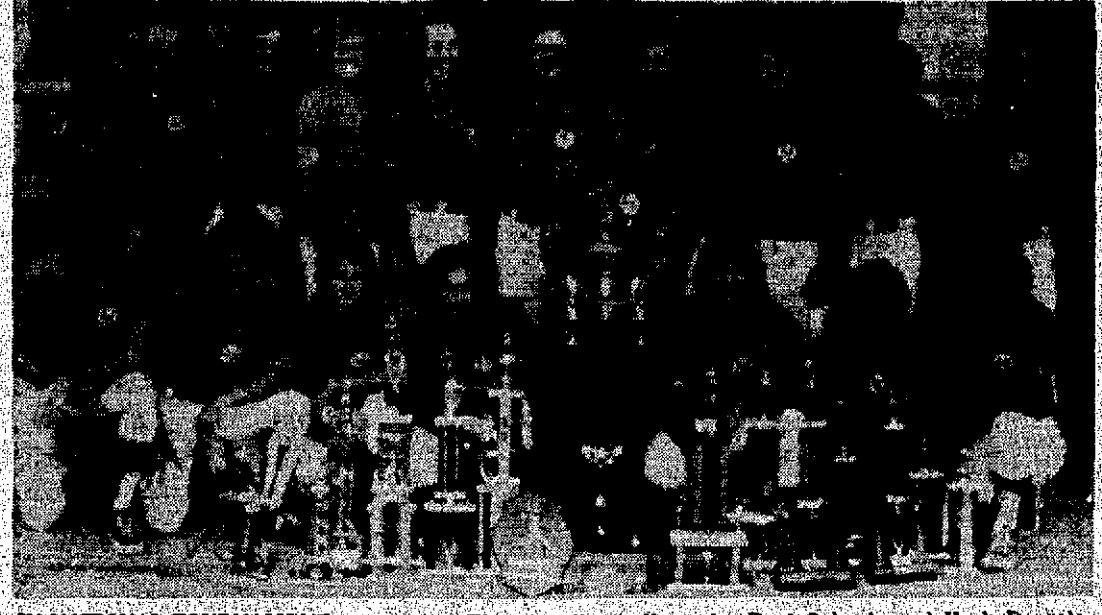

Tom Kelley of Fort Wayne, Ind., who whipped 1964 champion Bill Campbell on Tuesday, found his home away from home when he, too, was defeated. So was John Kirtner, 16, who had won his first-round match.

It was left for 50-year-old Bill Ryndman, III, of Huntingdon Valley, Pa., John Grace of Fort Worth and Downing Gray of Pensacola, Fla., all former runners-up, to uphold the rule of the establishment against the attack by the young turks.

Colleagues Andy Bean, Curtis Strange and Lance Ten Broeck, also young but better known than the first-timers, advanced to today's third round which was to get underway at 10:30 a.m.

Two Michigan golfers, Rick Vershure of Pontiac and Jeff Resurre of Ypsilanti, remain in contention in the U.S. Amateur Golf Tourney after victories Wednesday.

Vershure topped Shooter Heath on HYPOTON Varn 1 up, and Resurre beat Jeff Flax of Richmond, Va., 4 and 2.

IN NATIONAL TOURNAMENT: Automotive Electric of Benton Harbor will represent Michigan this year in the National American Softball association's 16-inch slow-pitch tournament at Marshalltown, Ia. Team members, front row, from left, are Marty Scherr, Zeke Zebell, Mike Sears, Phil Driver, Jim Riccioni, Wayne Kennedy, Paul Orlando and Herk Dorgelo. Back row, from left, are Dan L. Flaugh, manager, Roy Armes, Rick Bloodworth, Ron Lange, Jim Kesterke, Jim Duschka, Harry Lausman, George Dreitzler, and Greg Shushman. (Staff photo)

Auto Electric In Nationals

By ALAN ARKIN Staff Writer

Automotive Electric of Benton Harbor will represent Michigan in the National American Softball association's 16-inch slow-pitch tournament at Marshalltown, Ia., according to Matt Urban of Holland, state commissioner of the American Softball Association.

Michigan Automotive Electric was selected on the basis of its performance throughout the year both in local competition and various state-wide tournaments, Urban said.

This season the team, comprised entirely of Twin City area talent, posted a record of 81 wins and 9 losses. In all competition both local and state-wide, according to Manager Dan L. Flaugh.

The tournament, recognized as the only national tournament held for 16-inch softball in the nation, this year features 32 teams from throughout the United States. Teams are selected for the tournament by their performance in state tournaments or by invitation only.

The tournament is a double-elimination affair which starts Friday evening and ends Sunday afternoon.

Automotive Electric, sponsored by Jim Riccioni and Paul Orlando, co-owners of the firm located at 288 Colfax avenue, Benton Harbor, will face the test of the best early, as they drew the Chicago Strikers, defending national 16-inch slow pitch champions in the tournament's opening game at 6 p.m. Friday.

Being selected for the tournament is no easy accomplishment, as the South Dakota representative, won by winning a three-day tournament on eight diamonds which included 118 teams.

During the year, Automotive Electric placed first in the 48-team Bay City Invitational tournament; placed first in the local Lakeshore league; placed second in the 52-team Portage, Ind., Invitational; and placed second in the 34-team South Bend, Ind., Early Bird tournament. In 1975, the team placed first in the local Lakeshore league; first in the Bay City tournament; and first in the 32-team Hudsonville Invitational.

Since their was no state 16-inch slow-pitch tournament held in Michigan this year, Automotive Electric was selected on the basis of its performance over the past two years, according to Urban.

Automotive Electric was placed this year by the hitting of Rick Bloodworth (.338), Ron Lange (.474) most valuable in Bay City's tournament, Marty Scherr (.452), Harry Lausman (.437), and Greg Shushman (.385) and the pitching of Herk Dorgelo. Jim Duschka leads the team in home runs with 25, followed by Lange's 25.

Other team members, leaving Thursday night for 7 1/2-hour train to Marshalltown, include: Zeke Zebell, Phil Driver, Wayne Kennedy, Jim Kesterke, George Dreitzler, Roy Armes, Mike Sears, Jim Riccioni and Paul Orlando.

Other nationally recognized teams participating in the tournament include: Chicago Bobcats of Chicago; Chicago Flamingos; Danon's Inn of Pull Lake, Wis.; Saxon Lodge of Merrillville, Ind.; and Cecil's Cafe of Marshalltown, Ia.

We don't sock it to you with a hidden service charge.

When some muffler people advertise their guarantee, they slip in the fine print "Installation extra." Tuffy, on the other hand, guarantees both the muffler and the cost of installing it. So if you own a competitive muffler, be sure to take in some hard-earned cash with your guarantee. If you own a Tuffy muffler just bring in your guarantee.

Period.

Money-saving advice: Tuffy mufflers cost less to start with, and once you pay you never pay again! At America's fastest growing muffler chain.

We sell the right muffler for your car, not a replacement muffler that fits all cars.

GAEL HOPEFUL: Gallen's Red Arrow title hopes are largely banked on these eight returning starters. They are (front row from left to right) Craig Schau, Randy Chase, Dale Luther, Mark Kozel. In the back row are coach Jerry Hess, Bob Smith, Mike Kuntz, Matt Kozel, and Rick Kuntz. (Staff photo)

New Galien Coach Sets High Goals

GALLEN — Jerry Hess is thinking big as far as the Galien football fortunes are concerned.

"We are of the philosophy that we can win the Red Arrow Conference, go undefeated and hopefully by doing so gain a berth in the class D playoff," Hess said.

And the first-year Gael mentor has good reason to be optimistic. Galien finished 6-3 last year, its best finish in seven years. Unfortunately all three losses came in the league. The Gael lost two of the three by one touchdown or less.

"We're not rebuilding," Hess said. "We're very ambitious. We set goals high and are pushing everyone to attain those goals."

The Gael offensive thrust will be headed by quarterback Dale Luther and fullback Craig Schau, both seniors. Luther, a 5-8, 190-pounder, was the Gael's signal caller last year.

"Luther really takes charge of the offense," Hess said. "He's just an all-around athlete and can run real well."

Schau, at 5-9, 170 pounds, is a former offensive guard. After switching to fullback last year Schau gained pushed for more than 600 yards and was named to the all-Red Arrow backfield.

Schau started out as our short yardage man," Hess said. "He soon began to run more and more. Now he's an all-around back as both a short yardage runner and a power back."

Senior Randy Chase, who is moving over from wingback to tailback, and junior Lonnie Miller round out the backfield. Another youngster to look for is Dennis Williams, though he is only a freshman. Williams ran the 100-yard dash in 16.6 seconds last year while in eighth grade.

The Gael's return their entire offensive line. Seniors Mike Kuntz (6-1, 185) and Mark Kozel (5-9, 180) will play the end slots. The guards are expected to be Bob Smith (5-11, 170) and Randy Hess (5-10, 170) with Rick Kuntz (6-3, 180) at one tackle and Charlie James (5-9, 175) acting as the center.

Junior Rick Cuffman (5-11, 185) is back at the other tackle. But Cuffman dislocated his shoulder last season and is still having trouble with it. If Cuffman is unable to play sophomore Matt Kozel (5-11, 180) will take his place.

"We're very thin," Hess says. "But we feel we can put 11 quality football players on the field. If we get injuries we're going to have a heck of a drop in both age and maturity, though."

Rutter First In Big Race

Bob Rutter of Benton Harbor won first place Sunday in the U.S. National Championships of motocross racing at the Ohio International Raceway in Ravenna, Ohio.

Rutter, driving in the 250 cc support class, beat out 80 top riders from all over the country. He pocketed \$300 for the win.

Chiefs Open Season As Question Mark

Wiggin Begins New KC Era

KANSAS CITY (AP) — The Kansas City Chiefs are definitely a question mark starting the new National Football League season.

Only one thing is really certain: Hank Stram, the dapper coach who guided the Chiefs through all of their previous years, won't be pacing the sidelines with a program rolled up in his hand.

The Stram era is over. Stram was fired last winter after a dismal 5-8 season, the worst in the Chiefs' history. Paul Wiggin, plucked from the coaching staff of the San Francisco 49ers, is the new boss.

The Chiefs hired the energetic, personable, 40-year-old Wiggin to try to return the team to respectability on the field and to restore the club's public image which sagged to rock-bottom in the waning years of Stram's regime.

Wiggin says the new coaching staff and the players are "trying to adapt to one another. There's still a lot of apprehension. We need some success now. Our big area of concern is our offensive line."

The Chiefs' fullback outlook has been bolstered by the acquisition of MacArthur Lane from the Green Bay Packers. Wiggin has a trio of fine running backs in Woody Green, Ed Podolak and Cleophus Miller. Green's status isn't certain. He is facing a rape charge in Portland, Ore.

About the running backs, Wiggin says, "I think we are the have-nots. Not the have-haves. And our fullback situation has turned around completely with the addition of Lane and there's Jeff Kinney and Morris LaGrand."

The Chiefs figure they are pretty well set defensively. Wiggin lured premier linebacker Willie Lohier out of retirement. Lohier is joined by two old standbys, Jim Lynch and Bobby Bell.

The rest of the defense is loaded with veterans, Wilbur Young and John Matuszak at end, Buck Buchanan and Marvin Upshaw at the tackle, Earnest Thomas and Jim Marshall at the cornerback and Mike Sensibaugh and Jim Keeney at safety.

"I won't say we'll finish 6-6," Wiggin said. "I won't say we'll have it in three years. We're going to struggle and fight to be a winner."

Wiggin doesn't relish the thought of building his team around 40-year-old Len Dawson, who quarterbacked the Chiefs to a Super Bowl victory as the climax to the 1969 season and since has watched the team gradually decline.

If anybody beats Dawson out, and that isn't likely, it will have to be Mike Livingston, his understudy. Greg Cook, a rookie star with Cincinnati in 1969 but since plagued by shoulder problems, or Tony Adams, who led the World Football League in passing last season with the Southern California Sun.

No matter who plays quarterback, he's certain to have problems. The offensive line of the Chiefs simply isn't adequate despite the presence of veterans Jack Rudny at center and guard Ed Budde and the likes of tackles Charlie Getty and Jim Nicholson and guard Tom Condon.

DECATUR LINEMEN: These veteran linemen buoy the hopes of Decatur for another Southwestern Athletic conference title. They are (left-right) Bob Moore, Brent Robinson, Steve Groendyk and Jeff Vitek. (Staff photo)

Decatur Hopes Ride On New Quarterback

DECATUR — Don Raterink is an enigma, yet undeniable. He is the new quarterback at Decatur this season.

The Raider head coach has not about his entire line and backfield returning but he hasn't got a quarterback to run the show.

Last season's split senior Kevin Hain (5-7, 165), has been switched to the field general's spot in the early drills. He will take charge of a potent Raider offense that scored 236 points last season while winning the Southwestern Athletic conference crown and achieving their sixth straight winning season.

Even if he does have an inexperienced player to take the reins, Raterink has plenty of experience in the other three spots. Last year's leading

runner and all-conference tailback, senior Jim Overley (175) is back. Also returning are senior fullback Terry Perning (170) and junior wingback Dave Mroczek.

Two All-SAC selections on the line, junior center Steve Groendyk (185) and senior guard Bob Moore (170) anchor the up-front people. Also back are senior tight end Jeff Vitek and senior tackle Brent Robinson (175).

Raterink commented that Decatur's strong suite is usually defense. Some of the linemen will go both ways but he still has to replace an end, tackle, linebacker and safety. Last season the defense allowed just 91 points in nine games.

"We'll be looking for help from the juniors and possibly sophomores to fill the holes,"

Raterink says. "But for now, we're just working on drills."

In looking at the upcoming SAC race, Raterink feels that there are four strong teams in the league this season. "Marcellus is always strong and Lawrence and Bloomingdale were young teams last year."

The fourth team is, of course, his own.

DECATUR SCHEDULE

Sounds Back To Baltimore?

MEMPHIS (AP) — The American Basketball Association's Memphis franchise has asked another bounce, this time back to Baltimore, a Memphis newspaper reported today.

The Commercial Appeal said the league will announce the

sale of the bankrupt Sounds at a news conference today in Baltimore.

ABA Commissioner Dave DeBusschere stopped short Monday of saying the franchise would remain in Memphis when he announced the league had withdrawn Baltimore from consideration.

"I've think they've made a deal," said Avron Fogelman, a principal in a group which

sought to keep the team in Memphis. "Based on my conversation with DeBusschere Tuesday night, if we didn't hear back from them by noon Wednesday then they had made a deal with Baltimore."

Fogelman's conversation with DeBusschere came after the Memphis group announced Tuesday night it was breaking off negotiations with the league for the purchase of the team.

Grid Tickets At Lakeshore

Lakeshore season football tickets will go on sale Tuesday at the high school and junior high offices. Adults who had purchased season tickets last year may claim their 1975 season seat while others who purchase reserve season tickets starting Sept. 8.

Ticket prices for the five team games are \$6 for a reserved seat, \$3 for adults and \$1.50 for youth. All game admissions will be \$1.50 per game on an emergency basis who are accompanied by an adult. The admission for 19 cents. The Lakeshore football game is on Pleasant Mountain.

Golden Dazy Wins

DETROIT (AP) — The yacht Golden Dazy was the right Wednesday to face Canadian challenger Marauder in this year's version of the Canada's Cup yacht race.

Golden Dazy topped Marauder easily in a best-of-five series on Lake St. Clair, winning by wide margins.

The Canada's Cup series will begin Sept. 7. Golden Dazy will represent the Bayview Yacht Club, while Marauder is sponsored by the Royal Canadian Yacht Club of Toronto.

Earlier Wednesday, the reported sale of the yacht Aggressive II for \$130,000 to a Canadian syndicate was labeled a "joke" by the co-owner of the yacht.

"We were a little misinformed and things got out of hand," Frank Pika said. "It was a joke."

The reports of the sale Tuesday came hours after Aggressive was ousted by Golden Dazy from the American semifinals of the Canada's Cup race.

Putts & Pars

Pipestone Creek
MONDAY COUPLES
Peg Brooks posted the low women's score with a 36. Linda Schaefer and Joyce Toman each had 40. Lou Negrillo carded a 36 for the low men's score. Don Posiwillo had a 40 and Eugene Brooks and Bill Pagel each posted 41.

TUESDAY MEN'S
Jim Dean had the low score with a even-par 34. Paul Schippers carded a 36, while Rusty Benson came in with a 37 and Tim Smith posted a 38.

Wyndwicks
WEDNESDAY MORNING
Esther Millike had the low gross of 42 and the low net of 34 in the A Flight. Virginia Travis had the low gross of 38 and low net of 36 in the B Flight. Millike and Travis were also special event winners.

BH To Host Softball Finals

Bargain Center of Boston Harbor will be the host team in the women's class B fast pitch softball state finals which begin Friday night at Plangger's Park.

A 3-1 record in the Plangger's Girls League qualified Bargain Center to host the state tourney and automatically seeded the team.

Bargain Center will battle Kalamazoo B-nets in the double elimination tourney's first game at 7:30 p.m. Friday. Coldwater Wreckers take on Flint Fish King at 9 p.m.

Saturday Livonia Cushman Cue faces Port Huron Blue Water Skippers at 10 a.m. and Buchanan C & S battles Saginaw Bandits at 11:30 a.m.

Play will continue in the tournament Saturday and Sunday nights with the championship contest set for 1:30 p.m. Monday.

There is no admission charge.

PLAZA RIVERVIEW DRIVE

Alabama Again Leading Grid Power In South

ATLANTA (AP) — Coach Bear Bryant of Alabama is still diagnosed with some of the financial cutback measures recently adopted by the National Collegiate Athletic Association.

One that especially rankles the game's winningest active coach is the reduction in dress-out squads — 88 for home games and 48 on the road.

"When we recruited a kid we didn't tell him that when we went to Knoxville they (Tennes-

see) were going to have not only the home field advantage, but 12 more players," Bryant said. The crusty old coach picked the wrong team to make his point. Alabama, driving for a fifth straight Southeastern Conference championship and a national crown that has slipped from its grasp in bowl defeats, will have the 12-man advantage against the Vols this fall when the two perennial powers collide in Birmingham Oct. 18.

And, even though Bryant has been losing up to 70 players in games while compiling a 41-3 regular season standard in the last four campaigns, Alabama stands alone as the preseason football power in the South.

The Tide's major challenge from within the SEC should come from Auburn, entering the final year of the Shug Jordan era. Jordan has announced he will retire as coach after this, his 25th year.

Florida and Tennessee are the darkhorses in the SEC race.

North Carolina State and Clemson, led by All-American tight end Bennie Cunningham, are the teams to beat in the Atlantic Coast Conference, still banking over producing a trio of bowl legions in 1974. Duke is the ACC darkhorse.

The Southern Conference expects a stemwinder that could go down to the final week. VMI is the defending champion and a slight favorite, although East Carolina and Appalachian appear capable of making a title run.

Pepper Rodgers, the flamboyant Georgia Tech coach, has the Yellow Jackets back on the path of power. Tech is the

strongest independent and should make a pretty good pitch for a bowl bid this fall.

Miami of Florida also has a capable club but has a vicious schedule that includes Notre Dame, Nebraska and Oklahoma, last year's national champion.

The South normally produces outstanding college division teams and this year should be no exception. Among the potential powers are Elon, Alcorn, Grambling, Eastern Kentucky, Jacksonville, Alabama State, Delta State and Western Carolina.

Bryant, who sends his Tide against Missouri in a Sept. 8 battle nationally televised from Birmingham, says he probably has 15-20 players who felt they had a chance to play on specialty teams, but probably won't play at all because of the squad reduction ruling.

"That has to be demoraliz-

ing," says Bryant. "The biggest thing is that never once did I read where they considered the athlete. They are making hars out of us (recruiters)."

Alabama has tremendous depth, especially in the offensive backfield where Bryant has used numerous runners in the wishbone offense.

Standouts at Alabama include All-American defensive end Leroy Cook, linebacker Woodrow Lowe, quarterback Richard Todd, and running backs Willie Shelby and Calvin Culiver.

Auburn offers a new look this fall, fielding an experienced offense geared to junior quarterback Phil Gargis and running back Sedrick McIntyre. The War Eagles normally are stronger defensively, but must rebuild that unit this time.

Running backs are dominant at several other SEC schools, with last year's All-SEC runners

returning — Sonny Collins of Kentucky, Walter Packer of Mississippi State and Glynn Harrison of Georgia. They may have trouble repeating, however, because Tennessee counters with versatile Stan Morgan and Florida has Tony Green, who as a freshman ramblled for 550 yards in 1974.

Among the standout linemen in the SEC besides Alabama's Cook are defensive tackles Steve Cassidy and A.J. Duhe of Louisiana State and Ben Williams of Mississippi, offensive guard Andy Johnson of Georgia, offensive tackles Warren Bryant of Kentucky and tight end Barry Burton of Vanderbilt.

Quarterback Dave Buckley is one of the reasons North Carolina State is favored in the ACC and Cunningham helps make Clemson a strong contender.

North Carolina has a pair of

1,000-yard runners at tailback — starter James Betterson (1,082) and his reserve, Mike Voight (1,033).

The ACC also features quarterback Scott Gardner and offensive guard Tom Glasco, both of Virginia.

The player of the year is returning in the Southern Conference — running back Andrew Johnson, who rushed for 1,372 yards a year ago. VMI is keying its repeat hopes to wide receiver Ronnie Moore.

Area independents also feature such standouts as halfback Davis Sims and linebacker Lucius Sanford of Georgia Tech, wide receiver Keith Wright of Memphis State, running back Walter Peacock of Louisville, quarterbacks Jeff Bower of Southern Mississippi and Jeff Grantz of South Carolina, guard Bert Gamut of Miami and linebacker Ron Chatham of Southern Mississippi.

Owens Finds Camp Boring

Fullback Still Recovering From Knee Injury

ROCHESTER, Mich. (AP) — Training camp has been less than exciting for Detroit Lions fullback Steve Owens.

Because he's been sidelined with a knee injury, Owens hasn't been able to get his hands on the ball very much so far.

"It's really been a boring camp," Owens said, "because I can't do what I'd like to do. It's been boring to stand around practice for three hours and

not be able to contribute."

Owens injured his knee in last year's Thanksgiving Day game, had surgery to get it back in shape, and has been rigorously exercising to put the joint back in shape.

"It's coming along at a good pace now," he said Wednesday. "It's starting to feel like a leg again."

The tough part now is not to jump back into things too soon. "I'm not a very patient person," Owens said.

"I'm the type that always wanted to open his birthday presents early, too. That's one thing I've got to watch myself on, to keep from going all out too soon."

"There's both mental and physical pain in the rehabilitation program," Owens continued. "There is always the question — will I have the same quickness, the same strength I had before?"

But there is no doubt in Owens' mind that he'll be back in the lineup. "I'm getting more confident every day. I see no reason I can't play again," he said.

"If I felt I couldn't play this year, that I couldn't contribute and help the Lions, I would retire."

STEVE OWENS

SPORTS CAPSULES

SWIMMING

DOVER, England — Stella Taylor, a 30-year-old swimming pool manager from Fort Lauderdale, Fla., who hoped to become the first woman to swim from England to France and back again, returned to England in a motorboat after completing only the first leg. She was forced to turn back because of rough seas.

BASKETBALL

TOKYO — A team of American Basketball Association players defeated a National Basketball Association squad 140-136 to make their record against the NBA 2-1 on the Japanese tour.

HOCKEY

NEW YORK — Veteran forward Bobby Rousseau of the New York Rangers called it quits after 15 years in the National Hockey League.

ROWING

HOLME PIERREPONT, England — The United States' eight shattered a course record in reaching the finals at the World Rowing Championships.

TENNIS

NEW YORK — The champion Pittsburgh Triangles of World Team Tennis traded the rights to Jimmy Connors and Wendy Overton along with Kim Warwick and Raynie Fox to the Cleveland Nets for Sue Stap and cash.

FOREST HILLS, N.Y. — Stan Smith's career continued its downward slide with a 6-4, 6-2, 6-3 loss to New Zealand's Onny Parun in the first round of the U.S. Open Championships.

KIAMESHA LAKE, N.Y. — The United States scored a 2-1 victory over Australia to capture the Stevens Cup senior tennis title for the 12th consecutive time.

GENERAL

CHARLOTTE, N.C. — Bloys Britt, 82, auto racing editor of The Associated Press and one of the world's most respected motor sports writers, died following a long illness.

DELRAY BEACH, Fla. — Robert A. "Bobby" Cruickshank, one of the leading golfers in the early days of the professional tour, died at the age of 80 after a brief illness.

Flint Cyclist Top American In Meet

METTEL, Belgium (AP) — Sue Novarra of Flint, Mich., was the top United States rider Wednesday in the World Cycling Championships, placing sixth in the women's amateur championship.

Miss Novarra has won the only U.S. gold medal so far in the meet.

Capturing gold medals Wednesday were Holland and Poland, whose teams easily negotiated the switchback roads in the Belgian Ardennes.

Dutch rider Trijntje Popma beat defending champion Genevieve Cambillon of France in the women's amateur championship in a finish that looked as effortless as a Sunday stroll.

"I thought there was another lap to go," the surprised 23-year-old five-time national, after looking up. Holland's fourth gold medal in the 10-day pro-am world series.

Cornelia Van Oosterhout-Rijdt of

Holland took third place and won a bronze medal to add to the gold she snatched earlier in the women's track pursuit championship.

A four-man Polish team took their country's second gold in the men's 100 kilometer.

Popma's winning time over the 54 kilometers was one hour 22.36 minutes, at an average speed of about 22 miles per hour. Almost all the 44 riders from 12 countries were in the pack which finished only yards behind the Dutch girl.

The Poles took the men's title over a two-lap circuit with a time of two hours 9.7 minutes, at an average speed of about 28 m.p.h.

Teams from 28 countries, starting at two-minute intervals, took part in the race.

The men's road race will be run Saturday as a prelude to the climax of the series Sunday.

ATTY. JOSEPH KEINER
Promotes an appeal

GOV. JAMES RHODES
Smiling after verdict

Kent Survivors Likely To Appeal Jury's Verdict

By CLINT SWIFT
Associated Press Writer
CLEVELAND (AP) — A swift appeal is expected of a federal jury's decision denying \$46 million in damages to the wounded and the survivors of the dead in the Kent State University shootings of 1970. "The last day of the Kent trial

has not occurred," plaintiffs attorney Joseph Keiner said Wednesday after the jury absolved Gov. James A. Rhodes and 28 other present or former state officials and Ohio National Guardsmen of liability in the shootings.

Keiner predicted that the jury's verdict, announced on the fifth day of deliberations of the 15-week trial, would be reversed by a higher court.

U.S. District Judge Don J. Young and attorneys for the 29 defendants, as well as some of the defendants themselves, acknowledged that the case probably had not been finally resolved.

Four Kent State students were killed and nine were wounded on May 4, 1970, in a 13-second volley of gunfire which erupted on the campus when National Guard troops tried to disperse antiwar demonstrators.

The troops were ordered to Kent State by Gov. James A. Rhodes to put a stop to antiwar violence in which windows were smashed in downtown Kent and the Reserve Officers Training Corps building on campus was burned.

The plaintiffs contended the shootings were unprovoked and unwarranted. They claimed victims were denied their constitutional rights to free speech, peaceful assembly and due process of law.

The defendants, who included Rhodes and former Kent State President Robert I. White, claimed they were carrying out their legal duties and that guardsmen fired in fear of their lives as a violent mob closed in on them.

Also among the defendants were former Ohio Adj. Gen. Sylvester T. Del Corso and ex-Big Gen. Robert H. Canterbury, the National Guard commanders at Kent State.

The jury's decision brought sobbing from some of the plaintiffs and cries of outrage from others.

Thomas R. Grace, one of the wounded students, shouted, "He's still a murderer." It was not clear to whom he referred.

"This is an outrage. There's no justice," cried out Alan Canfora, another of the wounded. And Sarah Scheuer of Youngstown, Ohio, whose daughter, Sandra Lee, died of a bullet in the neck, broke into deep sobs.

Dean Kahler, whose wounds left him paralyzed from the waist down, listened silently from his wheelchair. His mother, Elaine, sobbed.

A male voice broke the silence of the courtroom, "My God!"

Ice Boom Wins Approval

By MULLUS, Mich. (AP) — The Great Lakes-St. Lawrence Seaway Winter Navigation Board agreed Wednesday to construct an ice boom on the St. Mary's River, which links lakes Superior and Huron, important links in the vital navigation chain. The boom was requested because ice blocks torn up by ships using the river channel in winter damaged dock facilities on Sugar Island and the adjacent mainland, and disrupted ferry service between the two points.

It also was urged as a feasibility test prior to the end of a Great Lakes winter navigation experiment next year. A typical boom consists of 500-foot sections of steel cable, which holds in fast sections of lumber. The boom is attached to the channel floor and to a concrete column on shore, and contains the ice via a cable loop. The boom, which was to have been delayed due to a lack of funds in the U.S. Army Corps of Engineers, is part of a realignment of priorities adopted by the board.

This transfer of activity will complement previous winter navigation efforts in other areas, said Brig. Gen. Robert Moore, board chairman.

OMEGA BROUGHAM COUPE: The 1976 Omega Brougham by Oldsmobile features new interior fabrics and trim, a choice of standard bench or optional front bucket seats in cloth or vinyl and a special stand-up hood emblem. The standard engine on all Omegas is the 250-cubic inch six cylinder.

Gallen's Firemen To Kick Off Berrien MD Campaign Tuesday

By GALLEN — Gallen fire department will kick off Berrien county's chapter of the Muscular Dystrophy Association's America fund drive with a door-to-door campaign in Gallen and Galesburg Tuesday, Sept. 2, according to Robert L. Hickman, local chapter president of the M.D.A.

Gallen Fire Chief Robert Klingerman has announced that Dennis Geik, fireman, will head the Gallen fire raising drive. Geik said the department decided on the early date to take advantage of the publicity provided by the Labor Day, Jerry Lewis television telethon, and the warmer weather in September.

The Gallen fire department has raised a total of \$3,897 since its first drive in 1954.

M-A-S-H Smashing The Ratings

By NEW YORK (AP) — For the third consecutive week, a rerun of "M-A-S-H" has been rated the nation's most popular evening television show by A.C. Nielsen Co. audience estimates.

Last week's Nielsen ratings showed a decided audience preference for reruns. Only two new shows — "Almost Anything Goes," an ABC summer series, and CBS' new "Big Eddie," a situation comedy series — were ranked as among the nation's 20 most-watched evening programs last week.

According to the Nielsen estimates, made public Wednesday, the 20 highest-rated shows for the week ending Aug. 24 were "M-A-S-H," "Rhoda," "Medical Center," "Hawaii Five-O," "All in the Family," "Barnaby Jones," "Good Times," and "Cannon" (all CBS); "Rockford Files," "Sanford and Son," "Police Woman" and "Chico and the Man" (all NBC); "Mary Tyler Moore," "Big Eddie" and "Maude" (all CBS); "The Rookies" (ABC); "Kojak" (CBS); "Streets of San Francisco" (ABC); "Sunday Mystery Movie" (NBC) and "Almost Anything Goes" (ABC).

Silent Film Star Dies At Age 79

By CLOOMFIELD HILLS, Mich. (AP) — Cullen Landis, a leading star in silent movies, died Tuesday in a nursing home here. He was 79.

Landis starred in more than 100 films, including the first all-talking movie, "Lights of New York" which was made in 1929.

Landis had lived at the family summer home on Mullet Lake since his retirement. His wife, the former Jane Greiner, died last year.

Landis was born in Nashville, Tenn., and went to Hollywood when he was 18. He began starring in movies, but became an actor when the leading man broke his leg.

He came to Detroit in 1930 as a producer for companies that made industrial films for the auto companies.

Landis served as a captain in the 6888 Central Postal Directory in World War II. Enlisted by the U.S. Army, he was promoted to major and was decorated twice for his services.

He continued with the State Department after the war, advising governments around the world.

Landis' last film was in 1954, "The Last Days of Pompeii."

Center

A lot is happening at the Cook Nuclear Plant. The plant is now generating electricity, and we are sure you would like to know more about it.

Cook Nuclear Center, with its three world's-fair-type theatres, is a fascinating source of information and enjoyment for the whole family. A place where you have an opportunity to see what we are doing to provide dependable electric power and ask us questions concerning energy and the environment. We hope you will visit us soon. Tours are free.

Cook Nuclear Center, located on the east shore of Lake Michigan, is just south of Benton Harbor. Simply take the Bridgman or Stevensville exit off I-94 and follow the signs.

Marital Mix-Ups Are Not Really Too 'Un-British'

Q: I've seen that charming Englishwoman, Lady Amanda Fraser, on some imported TV shows and I can't believe she's mixed up in a messy divorce scandal. It's so un-British. — L.S., Saginaw, Mich.

A: Actually the English seem to produce far more than their share of marital mix-ups among those in high places. In this case everyone involved was trying to act with genteel propriety until they encountered the wronged woman, Mrs. Harold Pinter — wife of the famous playwright. Mr. Pinter had consorted with decent capons and Mr. Hugh Fraser, Tory MP, had visited Mrs. Pinter with the gentlemanly intention of keeping the news out of the papers. But Mrs. Pinter, better known as actress Vivien Merchant, decided to fight it out with no holds barred.

Q: Does Arthur Ashe, the tennis player, have a girl friend? — B.C., Afton, Minn.

A: Ashe is reportedly seeing a lot of Nikki Giovanni, the black poet. However, some cynics say that this news is mainly designed to discourage the young white Southern girls who

Robin Adams Sloan welcomes questions from readers. While Sloan cannot provide individual answers, questions of general interest will be used in the column. Write to Robin Adams Sloan, care of this newspaper.

BURNS: Signed for another one.

LADY FRASER: It did make the papers.

ASHE: Girl friend or a diversion?

PEOPLE
By Robin Adams Sloan

flock around Ashe when he plays matches in the South. They get much more with their telephone numbers in the waistband of his tennis shorts. Ashe has had plenty of interracial romances but usually in the North, where that sort of thing doesn't upset so many people.

Q: I saw George Burns just finished making a film, at 78. How long is it since he was last in a movie? — A.L.G., Phoenix, Ariz.

A: "The Sunshine Boys" marks the first time before the movie camera in 36 years for sprightly George. His last film was "Honeydew" in 1939 — also, coincidentally for MGM. George says: "They liked me so much, they signed me for another picture."

Q: I've watched all the girls who have done "A.M. America" — Lynn Redgrave, Jessica Walters, Rose Corbette, Candy Bergen, Barbara Horner and the rest — which one is going to get the steady job? — D.C., Trenton, N.J.

A: Probably none of those women would appreciate being called "girls." However, ABC-TV is still in a quandary over its choice. The outspoken Barbara Horner has so far proved most popular, but she is also the most controversial. ABC knows it can't censor Barbara, who will speak right out on her political and personal views. But even if they ask, ABC may be disappointed since Barbara finds it impossible having to get up so early in the morning.

Q: Won't Owen Gordon's B-movie make "Chicago" fold on Broadway? I saw this show when it opened and it can't go on without her. — G.W., Brooklyn, N.Y.

A: We agree Owen is terrific but are you kidding? "Chicago" is such a hit they didn't get a single ticket cancellation during the days Owen was out ill. Now that she is having a throat operation and Liza Minnelli will substitute for five weeks, "Chicago" tickets are twice as hard to get. Too many talents in this broth for it to be thin.

Q: What's with James Cagney and his girl friend, Connie Kroczko? Is that a permanent relationship? — M.B., Houston, Tex.

A: Cagney is your real locker room type preferring the company of his macho friends to girls and the person closest to him is his brother, Ronnie. Connie has turned into a glorified housekeeper. Those who have her best interests at heart hope the relationship doesn't become permanent.

It's NEWS TODAY In MICHIGAN

Gov. Damman Chosen

LANSING, Mich. (AP) — Lt. Gov. James Damman has been elected to the 14-member executive committee of the National Conference of Lieutenant Governors. Damman was the only first-term Republican lieutenant governor named to the conference, his Lansing office said. The election came at the closing session of the conference's annual meeting at Point Clear, Ala.

Bilingual Courses Due

LANSING, Mich. (AP) — Some 40 per cent of Michigan's 330 school districts are expected to offer bilingual education programs this spring, state Supt. of Public Instruction John Porter said Wednesday. A new state law requires districts to offer bilingual courses if they have 20 or more students with limited English-speaking ability who share a common foreign tongue. An estimated 37,000 students may qualify for the programs in Michigan, Porter said. The largest group is Spanish-speaking with about 20,000 students. Other major languages spoken in Michigan are Arabic, Italian, Yugoslav, German, Polish and Greek, Porter said. Bilingual programs are designed to teach students in their native language while giving them intensive courses in English so they do not fall behind in their studies.

Clerk Pay Hike Returned

JACKSON, Mich. (AP) — Jackson County Clerk Richard Hill says he's given \$700 to Jackson County, a sum which equals his 1971 pay increase. Hill was criticized by the Jackson County Board of Commissioners in January when he asked the pay increase be rescinded. Hill, who has had the job for three years, said he was concerned because salaries were being raised for elected officials when unemployment in the state was at near-record highs. In a letter to the commissioners, the 47-year-old Hill said he was gratified "to see both Gov. (William) Milliken and Congressman Bob Carr decline their pay increases in this time of economic crunch. I request that this money be spent at your discretion for whatever service appears reasonable to protect the animals in the Jackson County animal shelter," which was destroyed by fire Aug. 22.

Quick Settlement Requested

LANSING, Mich. (AP) — Gov. William Milliken has called for a quick settlement of insurance claims filed by Michigan farmers whose cattle were poisoned by contaminated feed. The governor discussed unsettled insurance claims with officials from the Michigan Farm Bureau and Michigan Chemical Co., the firm which makes the fire-retardant substance which contaminated the feed. The contaminant is known as PBB. Milliken urged the Michigan Chemical Co. and the Farm Bureau to "resolve their differences as quickly as possible so these Michigan farmers get out from under their present economic burden and begin to rebuild their herds."

Environment Report Planned

LANSING, Mich. (AP) — The director of the state Department of Natural Resources has ordered an environmental impact statement on proposals for oil and gas drilling in the Pigeon River Country State Forest. Howard A. Tanner said Wednesday his order came at the urging of Gov. William Milliken. Tanner said he expected his order to win approval today from the Natural Resources Commission. Tanner promised the environmental statement on the recently released plan to control exploration, drilling and petroleum product transportation in the 145-square-mile tract north of Gaylord will include at least one public hearing. The statement also will respond to a state Environmental Review Board demand for discussion of the overall decision to allow any type of drilling in the undeveloped area. Tanner said the DNR will write the impact statement "as quickly as we can while doing a thorough job." "It should take a month to six weeks — less if possible," he said.

They Can Ignore Advice

LANSING, Mich. (AP) — County commissioners can disregard the advice of county zoning commissions to amend zoning ordinances, Atty. Gen. Frank Kelley said Wednesday. In an opinion, Kelley said commissioners can enact amendments and supplements to county zoning ordinances but "need not follow the advice or suggestions of the county zoning commission." He said however, the zoning advice must be sought, even if it is ignored. Kelley issued his opinion at the request of Gerald D. Lostracco, Shiawassee County prosecutor, who asked if county commissioners have authority to grant a rezoning request after a zoning commission denied the move.

City Employees Striking

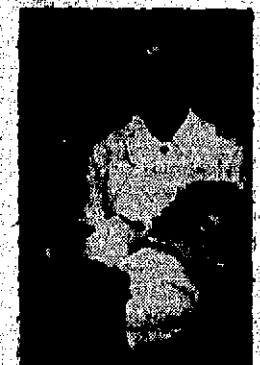

HIGHLAND PARK, Mich. (AP) — Despite a tentative agreement and a recommendation to accept a new contract, about 200 city employees are on strike today, citing salary differences with other city workers. Included in the strike are sanitation workers and members of the city public works, water, parks, community services and community development departments, and city hall workers. Mayor Robert Blackwell said contingency plans to collect garbage were being made if the strike, which began Wednesday, is not settled within a week. Godfrey Franklin, a city negotiator, said the average hourly wage would have risen from \$4.00 to \$5.55 by the final year of the proposed three-year contract. However, some strikers complained their wage hikes were not comparable to a 37.5 per cent raise given to Blackwell and an 80 per cent raise given to the Detroit suburb's part-time councilmen.

Detroit Cyclists Mourning Member

NORTH BUXTON, Ont. (AP) — More than 200 Detroit motorcyclists zoomed into this Canadian village Tuesday to pay tribute to one of their members. The cyclists, from 51 gangs, made the trip for the funeral of Roger Newby, 38, of Detroit, who died last weekend from injuries suffered in a motorcycle accident. He was the son of a

former resident of North Buxton. Newby was road captain of a gang known as the Mandingos. Six members of the gang served as pallbearers. "Everyone who knew Roger respected him," said a member of the God's Sons motorcycle gang. "It's the most excitement we've seen in these parts in 20 years," said a North Buxton resident who watched the services from his front porch.

Ask Your Dentist

By ALFRED E. SEYLER, D.D.S.

Q: I am a dental hygienist. As part of our public relations effort in behalf of dentistry, I will be speaking to the Mothers' Club of our local school district next month. Can you help me get something together on the subject of teeth that are knocked out? M.M.

A: I think you should emphasize to the mothers that prompt action in having the tooth replaced is very important. The child's mother can herself replant the tooth — at once.

The tooth should be handled gently — especially the root surface. It should be washed off — not scrubbed — in plain tap water or a mild salt solution.

If the mother replants the tooth in a poor position, the dentist can remove it and replant it properly when he sees the child.

The best chance for successful replantation is within an hour or so after it is knocked out. At the end of six hours, the chances of success are down to 20 per cent. Most likely, the dentist who sees the child will immobilize the tooth in some manner. He may make an immediate plastic splint, or use fine wire wrapped around the replanted tooth and a few sound teeth next to it.

One can expect that the tooth will be somewhat loose or mobile for 3-4 weeks. Obviously, this child should favor it while eating.

It is difficult to determine how long a replanted tooth will last. An educated guess would be somewhere between 3 and 5 years, but I have seen several in my practice, which are still firm after 8-10 years.

Any replanted tooth should be x-rayed every six months, both to check on whether the root is being resorbed and whether an abscess forms. If an abscess does form, the tooth nerve should be removed and the root canal filled.

NEWS OF MARKETS

Tomatoes Stronger On Mart

Trading was active at the Benton Harbor Fruit Market Wednesday for cantaloups, peaches and tomatoes. For other commodities trading was poor, according to Mike Pfeuffer, USDA Market News reporter. Supplies were heavy. Prices paid growers were:

TOMATOES: 8-qt., Mich. 1, medium to large \$1.25 to \$1.75, mostly \$1.50, few higher; 8-2-qt., Mich. 1, medium \$1.50, few lower; 12-qt., unclassified, \$1.50 to \$2, mostly \$2; 8-qt., plums \$2.50; 12-pt., cherries \$2; 14-lb., Mich. 2 \$1 to \$1.25, mostly \$1.25. Receipts: 2,866 packages.

PEACHES: Half-bu., unclassified, Loring \$5.50 to \$5.75, few \$5.25; Redhaven \$4.75 to \$5, small \$3.50 to \$4, Glohaven and Red Queen few \$4.50, Richhaven \$5.19 to \$6.20, small \$3.50 to \$4, Cresthaven few \$5.50, Amber Gem and Baby Gold \$3.50 to \$4, Kalhaven, fair color \$3.75. Receipts: 2,866 packages.

CANTALOUPS: Bu., Burpee Hybrid, US 1 \$6, few \$6.50, occasional \$7, one lot \$8; unclassified \$4.50 to \$5, mostly \$5, ripe \$3.50. Receipts: 710.

CORN: Doz., yellow 50 to 65 cents, mostly 65 cents; white few 60 cents. Receipts: 752.

CUCUMBERS: Bu., US 1 few \$5, small \$4, large \$3.25; US 2 \$2.75, unclassified \$3 to \$3.50, few \$2.50. Receipts: 321.

SQUASH: 8-qt., small to medium: Zucchini and Yellow \$1.25 to \$1.75, mostly \$1.50; bu., Acorn and Turbin \$4, Butterburt \$4 to \$4.50. Receipts: 884 8-qt., 291 bu.

APPLES: 3/4-bu., US 1, 2 1/2-inch-up, Wealthy, few \$3, unclassified, bu., Wealthy \$2.75 to \$3.25, mostly \$2.75 to \$3; 1/2-bu., Chango \$3.50 to \$3.75, McDerman and Early Blaz \$2.25, Cindy Red \$2.50 to \$2.75, Fenton few \$2.50, Wolf River \$2.50. Receipts: 2,440 bu.

BEANS: Bu., 12-qt. Lima \$4.50 to \$5, best mostly \$5; 1/2-bu., 26 1/2-qt., \$2.12.

BLUEBERRIES: 12-pt., small to medium \$4.75. Receipts: 296.

EGGPLANT: Bu., large \$5. Receipts: 140.

GRAPES: 8-2-qt., Mich. Fancy, Fredonia, 7-qt., Niagara few \$6, Champion and Niagara \$6, Concord few \$2.75, Fredonia \$2.50 to \$3, mostly \$3, small and ripe \$1.50. Receipts: 188 8-2-qt., 1,816 12-qt.

NECTARINES: 1/2-bu., large \$6 to \$6.50, few \$7.25, small to medium and ripe \$5.25. Receipts: 167.

PEARS: Bartlett, 3/4-bu., US 1, 2 1/2-inch-up, \$3.50, 1/2-bu., unclassified, \$3 to \$3.50, few higher and lower. Receipts: 813 bu.

PEPPERS: Bu., green \$4.50 to \$5, mostly \$4.50, mixed, reds, large \$4, medium \$3; 1/2-bu., reds, medium \$4. Receipts: 372 packages.

PLUMS: 1/2-bu., Stanley few \$5.50, some higher and lower, some, unsold, Damson \$4 to \$4.50, few higher; 8-qt., Ozark and Grand Prize \$4. Receipts: 1,067.

GOURDS: 1/2-bu., small few \$2.75, receipts: 8.

DILL: Bunch of 12 \$3 to \$4. Receipts: 105.

GLADIOLUS: Can \$5.50. Receipts: 36.

WATERMELON: Bu., Sugar Babies, 10's \$4, 6's \$3.50.

Volume over the market was 29,251 packages. There were 36 day buyers on hand.

MARK I REALTY CO. 983-6339

TOTZKE REALTOR

THREE QUESTIONS

No. 708. What has 11 spacious rooms, a beamed ceiling in the living room with fireplace, up to the minute kitchen, no-wax floors, sliding glass doors to a 12x30 patio overlooking Lake Chapin. What has a walkout playground for everyone with large brick fireplace, wall to wall carpeting, five bedrooms, four baths, first floor laundry room. Give up? Answer: Our five bedroom ranch set under towering trees on approximately twelve acres of lawn. Can be seen by appointment, call us today.

No. 288. Three bedroom brick ranch with family room, full basement and two car garage. Located on quiet dead end street. Cook breezes off Lake Michigan make this the nicest spot around. Almost 3/4 acre of land gives a lot of freedom for the active family. Priced low at \$29,900.

ST. JOSEPH TOWNSHIP

No. 375. This beautiful corner property is located on Napier Avenue close to Memorial Hospital and is approximately 200x200. Permit for doctor's offices or civic building may be applied for. Lot includes very large older home with a newer addition. Numerous possibilities for conversion into office use. Call today for an appointment to see this reasonably priced property.

FISTER AND COMPANY

3 BEDROOM COUNTRY RANCHER — \$25,000!

No. 1473. Follow the winding brick path to the front door of this extremely sharp home boasting a full 3-car garage; full basement; ideal for rec-room; and warmly fireplace living room with wall to wall carpeting. Both formal and informal dining, first floor laundry room and one full acre of ground. Pleasing pastels flow throughout in professionally color-coordinated decor.

NEAR MEMORIAL HOSPITAL

No. 1915. If a convenient location is important to you, then this 2 bedroom bungalow near St. Joseph's Memorial Hospital should be No. 1 on your list to see. Includes paneled basement recreation room, carpeting in both bedrooms and living room, garage, and extremely sharp landscaping—all for \$21,900.

HEY! LOOK ME OVER!

No. 1214. I am a 4 bedroom, 2 bath brick and aluminum split level with a full basement on a beautiful ravine setting in Hickory Creek Manor, close in to St. Joseph. I also have a formal dining room, central air conditioning, low-cost gas hot water heating system, a big family room with fireplace, with an adjacent screened patio overlooking the ravine. My owner has just moved and I can give you immediate occupancy. I am offered at only \$44,900! Come see me.

EXTRAVAGANT FAMILY LIVING WITH TERMS AVAILABLE

No. 1517. Cathedral ceilings dramatically accentuate the huge rooms including a 25' carpeted living room and mammoth formal dining, 22' country kitchen provides wall to wall cabinet space and brick trimmed patio is the highlight for summer barbecues. Shag carpeted family room spreads over 24 feet long and is complimented with authentic wood-burning fireplace. The 4 full-size bedrooms can accommodate any big family and the full basement provides excellent campus room area. Central air conditioning, shady private lot and owner will consider a land contract. Just listed at only \$37,900.

3 BEDROOM WITH EXOTIC REC ROOM

No. 1208. If you entertain or just enjoy good family fun, you must see this home. Dine in a formal dining room or sip a drink in a large 28 x 25 lower level rec. room. Outside—many lush trees on precious lot in best Fairplains location. Two car port supplemented by garage. Back in the house. We have many goodies. Dishwasher; fireplace; full divided basement, just to name a few. See this! You'll like it, for only \$25,900.

"SHOREHAM ESTATE"

No. 1908. Nestled among the towering pines is the home for the larger family with 4 bedrooms, 2 1/2 baths and formal dining. Priced in the mid-sixties the home owner will find a relaxing atmosphere with large rooms and high ceilings and 1 1/2 acres for your family to enjoy. Shown by appl. only.

PUT SOME ROMANCE IN YOUR LIFE

No. 1985. Retire from a candlelight dinner in the formal dining room to the master bedroom where you can enjoy the warm glow of the wood-burning fireplace. Enjoy the beautiful view of a secluded wooded setting from the balcony or from the redwood deck. All this plus the many extras for \$46,900! Come see me.

WANT A LARGE YARD?

No. 1486. This has one—a full acre—that can be used for gardening, entertaining, or running dogs. Plus a super sharp home, with 3 large bedrooms, big kitchen, full basement, and attached garage. Located in a convenient area in St. Joe, it should be seen if you're interested in a smart.

No. 1422. Check your boat here at this wooded riverside paradise with this 3 year old 3 bedroom bi-level. Low-maintenance brick and aluminum exterior and completely fenced in backyard; huge sliding glass doors off the second floor living room open to redwood balcony with a view through the trees in the serene peaceful waters of the St. Joe River. Wall to wall carpeting, 1/2 acre lot, walk-out lower level to backyard, practically all appliances in kitchen stay. Owners say SELL for only \$31,900.

SELECT MOBILE HOMES

is now having the biggest sale of Mobile and Modular homes ever!

MOST OF THESE HOMES QUALIFY FOR 5% TAX CREDIT

That's big money right in your pocket!

SELECT MOBILE HOMES BUYS OUT MOBILIFE!

Select Mobile Home bought out Mobilife "hot, stock and barrel" for pennies on the dollar - and that's the way Select will sell to you! This means that you can own a new mobile or modular home for less than ever before. Most of them qualify for the 5% income tax credit. This together with the low, low prices, make this sale one you can't afford to miss! So hurry to the folks at Select now!

NEW MARKETING IDEA

Bill Shakespeare Rides A Honda

By DAN BALL
Associated Press Writer
STRAITFORD, Conn. (AP) — Some purists may scoff at William Shakespeare astride a

motorcycle, but the American Shakespeare Theatre management insists all's well that ends well at the box office. Since the financially ailing

theater regrouped its business staff and put more zip into its advertising this year, attendance has increased about 13 per cent, the management estimates.

Konrad Matthaei, a business-man-actor-producer who became AST's first full-time salaried president this year, says the light-hearted advertising campaign stirred some sound and fury.

"They may turn up their noses at Will Shakespeare on a Honda, but the proof is in the pudding," the on-leave business executive said.

An actor in the theater's company, Wyman Pendleton, portrays the Bard in radio and newspaper ads and most

recently in television spots. He urges the public to try the "Stratford experience" at the Riverside theater, where madrigal singers are back strolling the picnic grounds after a several-year hiatus, and Cornish pastries and English sausage rolls are on the snack menu.

If Matthaei has his way, swans will swim in a pond next to the theater and drama inside will tell the Shakespeare tale to tourists in and out of season.

Through it all, the AST staff says it doesn't intend to allow the new tourist-oriented trappings to distract from the dramatic tone inside the 1,534-seat theater.

"The hucksterism stops at the door," said AST development director Gerakl Lemick. But he said the upbeat advertising is necessary to a financially flourishing business that gives the actors and directors the luxury of staging Shakespeare as it should be done.

"The arts and entertainment have been behind the times about 20 years in marketing methods," he said. By showing Shakespeare on a motorcycle or picnicking on the grounds of the 21-year-old theater's lawn, he added, the staff hopes to convince more people that "the Stratford experience" is fun, thereby demonstrating to would-be "an-

gels" that AST is a viable cause. Reviews of this season's "King Lear," "The Winter's Tale" and Thornton Wilder's "Our Town" suggest artistic director Michael Kahn is surviving the ad man's devices outside.

Matthaei said the box-office success will enable AST to meet its commitment to the Ford Foundation for the first year of a five-year Ford Foundation grant totaling \$974,927. That will erase its \$750,000 debt and permit a fall tour that financial problems precluded last year.

THE BARD (WYMAN PENDLETON) ASTRIDE HIS CYCLE

Today In History

By Associated Press
Today is Thursday, August 23, the 240th day of 1975. There are 125 days left in the year.

Today's highlight in history: On this date in 1609, the English navigator, Henry Hudson, discovered Delaware Bay.

On this date: In 1828, the Russian writer, Leo Tolstoy, was born in the province of Tula.

In 1833, the British Parliament banned slavery throughout the British Empire. In 1913, the Palace of Peace — a gift of the American Industrialist, Andrew Carnegie — was dedicated at the Hague in Holland.

In 1916, Germany declared war on Romania.

In 1917, 10 suffragettes were arrested as they picketed the White House in Washington.

In 1963, about 200,000 people — blacks and whites — joined in a peaceful civil rights rally in Washington.

Ten years ago, President Gamal Abdel Nasser of the United Arab Republic was in Moscow, on a state visit.

Five years ago, The U.S. Command in South Vietnam reported the smallest toll of American combat dead in four years — 52 men killed during the week.

One year ago, two orbiting Soviet spacemen cut short their mission and returned to earth.

without making a planned linkup with a space station.

Bicentennial footnote: Two hundred years ago today, early in the American Revolution, Rev. Peter Shewkirk of New York wrote in his diary: "The moving out of the town continues, and the city looks in some streets as if the plague had been in it, so many houses being shut up."

"I'LL BE GLAD WHEN HE HAS TO GO BACK TO COLLEGE. ROGER IS DRIVING ME CRAZY."

BAKERY FEATURES For The Holiday Weekend

GERMAN CHOCOLATE CAKE

A very popular cake, made with German Chocolate, butter, milk, and coconut.

By Bert Bacharach

FADED PHRASES: "I gave him a square shake." "This weather takes the starch out of you." and "Love me, love my dog." In Chicago, there's a "Joyce Brothers" moving company. Sandwich Favorite of Swedish actress Linda Rowland. Ham, Swiss cheese and mashed liverwurst on rye toast. Seasonal Note: The third shaker on every table at the Pen & Pencil, along with salt and pepper, is paprika. Girl-Watchers: Get a look at cute Kathryn Ritter in "Candide." (She will make your heart go Rutter-patter!) Husband and wife lyricists Alan and Marilyn Bergman do their composing with Alan at the piano and Marilyn on the couch. (She claims she can't write sitting or standing!) No doubt Hal Prince's new musical, "Pacific Overtures," will be a play for

all sea-sons. Tiffany's the New York jewellers, are selling a gold bra. The cost is \$4,000! August is Sandwich Month. (Sounds like a lot of bakery!) SMATTERING OF SIGNS: The CANCER housewife dearly loves her bottle, and would rather be there than in any other place. AQUARIANS seldom have very close friends or so-called buddies — they prefer to be friends with everyone. The health of the TAURUS native is generally above average, and any ailments can be traced to overindulgence in eating and drinking.
